## MYSTERIOUS SHOOTING ON SOUTH CAYUGA FARM

**Nine Year Old Boy Found Dead With Bullet Thru Breast—Will Hold Inquest.**

DUNNVILLE, Feb. 17.—A mysterious shooting affair occurred in South Cayuga Township about six miles from here about noon to-day, resulting in the death of Richard McBay, aged 9 years.

The farm where the tragedy occurred is owned by George McBay, a carpenter, who lives with his wife in Buffalo, leaving his three sons, aged about 17, 14 and 9, to take care of the stock and shift for themselves.

The story told by the eldest boy is that Richard was the cook and was left at the house to get dinner, while he and his brother went out to work. He says he gave the little fellow a shake by the shoulder, telling him to get to his work better and left him. When the two boys returned at nine, they found dinner partly ready, but Richard was nowhere to be seen. In searching they found his body still warm in the bedroom where all three boys slept, the two eldest boys on the floor. A small revolver, which was kept under the pillow, lay on the bed some six feet away.

Dr. Door, coroner of Dunville, was called by telephone and visited the home. He said there was no trace of blood anywhere, but a small bullet hole in the centre of the breast, thru the breast bone, showed the cause of the boy's death. The clothing was burnt and the flesh about the wound showing the fatal shot had been fired at close range. How it all happened no one can tell.

The boys say they had not quarreled and think he was handling the revolver and shot himself by accident. It is probable an inquest will be held.

## UPPER HEALEY FALLS LEASE

Deputation From Central Ontario Going to Ottawa.

PETERBORO, Feb. 17.—(Special.)—A deputation composed of the municipal officers of 18 municipalities in central Ontario and many business men and manufacturers from eight ridings, will, on Friday, Feb. 21, wait on the Dominion Government on behalf of the Northumberland, Durham Power Co., to request that a lease be given the company of Upper Healey Falls, which is necessary to the development of water power at that place.

The English firm of W. P. Nott & Co., who were given the contract for section No. 1 of the Trent Canal have given notice that they cannot go ahead with the work and the contract has therefore been cancelled. It has been given to Messrs. Larkin and Longster of St. Catharines, who had the next lowest tender.

## Entire Canadian Race Will Suffer Unless the Disease is Stamped Out

A recent congress of our ablest physicians has brought to light a terrible national curse. Statistics prove that ninety-seven per cent. of Canada's population is infected with the germs of Catarrh. This disease is most dangerous owing to its tendency to extend to the bronchial tubes and lungs, where it causes consumption. Unfortunately, the people have had faith in ointments and snuffs, which can't possibly cure, and in consequence Catarrh disease has become a national curse. Science is advancing every day, and fortunately a remedy has been discovered that not only cures, but prevents Catarrh. This new treatment, Catarrhzone, has sufficient power to kill the germs of bronchitis, catarrh and asthma. It contains pure pine essences and healing balsams that go to the remotest parts of the throat, nose and lungs—carrying health-giving medication to every spot that is tainted or weak. You don't take Catarrhzone like a cough mixture—you inhale its healing vapor at the mouth and it spreads all through the breathing organs, soothing and curing wherever disease exists. This is nature's way of supplying the richest balsams, the purest antiseptics known to science. A sneezing fit is cured in ten minutes, a harsh cough is eased in an hour, the most offensive catarrh is thoroughly drawn from the system. In case of Asthma and bronchial irritation nothing can equal Catarrhzone—every physician and druggist says so, and we advise our readers to try this treatment if suffering with any winter ill.

## York County and Suburbs

World subscribers in Toronto Junction are requested to register complaints of carelessness or late delivery at The World Branch Office, 22 Dundas Street East, Toronto Junction, or The World Office, 43 Yonge Street, Toronto. Intending advertisers may also transact business at the Junction Office.

## JUNCTION COUNCILS ANXIOUS FOR FLAGMAN

Say Weston Road Bridge is Dangerous Crossing—York Township Council Meets.

TORONTO JUNCTION, Feb. 17.—There were two fires in town to-day, at neither of which the firemen were able to render any assistance, there being no water hydrants in the vicinity. One of the fire hall teams was drawing gravelly when the alarm came in at 10:30 this morning. It was 16 minutes before the horses could be got back to the fire hall and hitched up to the hose wagon. This is a state of affairs which deserves to be remedied at once, as the horses should not be allowed to go further than a block from the fire.

An alarm was sent in from box 45 this morning at 10:30, and the firemen had to stand by and watch the little cottage of Miss Bateman on St. Clair Avenue burn to the ground, as no hydrant was near and they were helpless. The cottage is owned by Enoch Ward, and is valued at about \$500.

Mayor Baird introduced a recommendation that the Corporation should be refunded \$7 for payment on part of a sewer in front of his house. The discussion that this recommendation occasioned was one of the warmest and most lengthy that has been seen in the local council for some time. The fact, even after the meeting was adjourned, the council members were still discussing the refund of the \$7 pro and con, and no decision was reached. Solicitor Anderson, however, advised the council against establishing the precedent of refunding municipal accounts, and the majority of the councillors agreed with him.

The home of Benjamin Proctor of Prospect Avenue was burned to the ground last night. The fire was caused by a defective stove pipe which did the fire. The house was insured for \$500. The fire is believed to have been caused by a defective stove pipe which did the fire. The house was insured for \$500.

The handicap shoot of the Balm Beach Gun Club was held on Saturday afternoon. Two valuable prizes were competed for, F. Lyonde winning the suit of clothes, donated by J. H. Eakin, and C. Smith the 28 boxes of kindling wood, given by the Killdine Wood Co. of Toronto. The results at 25 birds were: F. Lyonde 22, C. Smith 22, Booth 20, Lyon 20, Davis 19, Joly 19, Draper 19, Hunter 18, Craig 18, Ross 18, McGaw 18, Jones 18, Morse 18, Rawlinson 8.

Conditions around the G.T.R. yards are becoming normal, the sending out of many heavy freights within the past three days tending to remove the congestion.

It is reported that Rev. Mr. Ferguson, pastor of Hope Methodist Church, will remove from town at the end of the connexional year, July 1, and assume the pastorate of a church in Kinrossville, exchanging with Rev. Mr. Locke of that town.

A big line is expected in the Y.M.C.A. Hall on Thursday night, when the lay Foresters of Court Elaine No. 409, I.O.F., will hold their concert. No trouble or expense is being spared to ensure a delightful evening.

NORTH TORONTO, Feb. 17.—York Lodge, A. F. & A. M., will pay a fraternal visit to the Toronto Saturday evening.

The senior North Toronto Hockey Club will play the semi-final match of the tournament at Markham on Wednesday evening, Feb. 19. A special Metropolitan car will leave the Eglinton Park at 7:15 p.m. to the crossing, and a special train will take the players and their friends from the Union Station to Markham at reduced rates; also a special car will convey the players home again. The friends and supporters of the club are cordially invited to accompany the players.

Mrs. (Rev.) W. G. Back will enter the Grace Hospital to-morrow (Tuesday), where she will undergo an operation for appendicitis.

The recent organized Ladies' Aid of the Eglinton Presbyterian Church are for the first time this afternoon for practical work in the relief of the needy ones in town.

## VERY SIMPLE HOME COUGH MIXTURE

Directions How to Make a Reliable and Inexpensive Cough Cure.

To make up enough of the old-fashioned Toleme mixture, which has for years been a reliable and simple cure for all forms of coughs, whooping cough, colds and bronchitis. Procure from your druggist: Fluid extract Licorice ..... 1/2 oz. Elixir Toleme ..... 1 oz. Best rye whiskey ..... 6 oz.

Take a dessertspoonful every two or three hours. Children in proportion.

These well-known ingredients will not cost you much, and you can make eight ounces of a splendid cough mixture in your own home.

represented as having given instructions to the chief of police not to be too strict in the enforcement of the local option by-law, but that the writer of the article believes that the mayor had made such a statement. He may deny the truth of such an accusation.

Councillor Sheppard gave notice of two motions to-night. One was for the removal of snow from the sidewalks. The other was with reference to the smoke nuisance, both from manufacturing concerns and private buildings burning soft coal.

Councillor Sheppard introduced notice of a motion to prevent spitting on sidewalks.

A grand masquerade and fancy dress arrival will be held at the Ravina Park Rink on Tuesday and Wednesday, Feb. 18 and 19. Many prizes will be awarded.

## YORK TOWNSHIP COUNCIL Members Put Thru a Whole Lot of Business—Township Health Good.

COUNCIL CHAMBER, Feb. 17.—A large number of communications were waiting for the York Township Council to deal with at this afternoon's council meeting.

W. A. Martin, secretary of the Toronto Electric Light Company, applied for permission to erect two poles on Dunvegan-road, Deer Park, in order to install a service of incandescent lighting in the house of W. W. Milcham.

H. E. Ewin, on behalf of D. Caghill, asked for a system of surface drainage on Oak-avenue, Balm Beach, which would raise the surface water from the road running into Mr. Caghill's cellar and well.

Silas Maguire of Waldeck, Sask., protested against being charged \$3 statute labor tax on his three lots, claiming that he only owned two.

A complaint from residents on Woodbine-avenue was received, stating that the sidewalk on the south side of King-street was so impassable by children to and from school.

Council Flooded With Claims. George Swanton, chairman of the public school board of S.S. No. 12, Dovercourt, also complained about flooding in the vicinity of Dundas and Eglinton-avenues. Suspicion fell upon a number of children cannot attend school. He claimed that the ditches should be opened.

Mr. G. G. Gledhill-avenue also registered a complaint due to the same cause.

J. P. Segaworth, on behalf of his client, J. K. Mishaw, on Alcona-avenue, Wychwood, also had a story to tell, namely, that the water running down the gutter-road and west on Helen-avenue runs across Mr. Mishaw's lot. In order to avoid litigation, the township council should be taken to prevent this nuisance.

All these complaints were referred to the township council, which was held on Saturday at his residence and green-house.

Joseph Johnston, chief license inspector for Toronto, acknowledged the receipt of a resolution by the township council relating to stabling accommodation in the vicinity of St. Lawrence Market, and the council's consent to the matter by the license commissioners.

John Macdonald in a letter stated that it was his idea to have a \$20,000 steel viaduct erected on Bathurst-street, but only something similar to that on St. Clair-avenue, in front of R. Fleming's property.

Wart Electric Light. A largely-signed petition was received favorable to the installation of a protective lighting system at the corner of Birmontown-avenue and Weston-road, as the district is getting thickly populated.

The Sanitary Canning Factory, the Toronto Free Hospital and the King Edward Sanitarium are in the neighborhood. This petition will be taken up at a later meeting.

Mr. Davidson of the Mount Pleasant Cemetery Trust applied before the council with a profile drawn by P. E. Gibson, C.E., suggesting a parallel road to Yonge-street, thru Mount Pleasant Cemetery, which would connect with Lyre-street to the south of the cemetery.

Mr. Davidson desired to know if the York Townships were also interested in North Toronto's plan of this parallel road. In place of the street outlined by Engineer Gibson, Mr. Davidson suggested a road east of and parallel with the ravine, then down either Alcona-avenue or west along Clarence-avenue, their south on Grace-terrace, with Moore-avenue closed up. He thought the question of this parallel road thru the cemetery should be a matter of conference instead of legislation.

Reeve Henry stated that the township council is not interested in this matter, but thought that the road as outlined by Engineer Gibson would be the most feasible and acceptable, and would provide the cemetery authorities with a better entrance to Mount Pleasant Cemetery than the present one. Negotiations will be entered into later.

A vigorous kick came from the north against the Metropolitan Railway re the snow cleaning off the track, which caused Yonge-street to become impassable for farmers' traffic.

Solicitor Kyles presented an exhaustive report as to the right of the Toronto General Burying Grounds trustees to the Township of York for the purpose of enlarging or extending their cemetery. J. W. Reeves of Deer Park's fishing net matter at the present in the Legislature, and the reeve and solicitor were instructed to lend him a helping hand.

## Joe. Grainger & Sons, owing to a fire in which they lost their year's harvest, were permitted the township statute labor and dog taxes, amounting to \$38.

The reeve and the clerk were instructed to execute an agreement between the Wychwood Corporation, Limited, and the township, providing for the laying of a watermain on Davenport-road, a distance of about 250 feet. They were also authorized to execute an agreement between the township and the Wychwood Corporation, Limited, for the construction of a sewer on Spadina-road from the northern limit of the city to the northern side of Davenport-road.

Board of Health. The medical health officer, Dr. Warren, reported the health of the township as remarkably improved, as at the present time there are only fourteen cases of scarlet fever and two cases of diphtheria in the township.

MIMICO. Only One Name Was Suggested for Minister—Many Social Gatherings.

MIMICO, Feb. 17.—A meeting was held this evening in the Presbyterian Church to take steps to have a settled pastor in this field. Rev. P. M. Macdonald of Toronto presided and opened the meeting with the usual devotional exercises, with a goodly number of members and friends present.

The purpose of the meeting was then taken up, and the mind of those interested was to proceed with the calling of a minister at once. Nominations were brought forth only one name, Rev. Alexander MacMillan, which was most heartily received and unanimously supported and inserted in the call to be presented to Toronto Presbytery at the meeting on March 3. In the meantime the session will obtain the signatures of members and adherents to the call, and the managers will arrange the special business part in connection therewith. Mr. MacMillan was formerly minister in this congregation, and while he has not definitely as yet expressed his opinion in the matter, his return to Mimico will be gladly welcomed by his many friends here.

Among the meetings of this week, the ladies will contribute at least two. On Wednesday afternoon the Women's Institute will hold their February meeting at the home of Mrs. Finch, Church-street. Demonstration work will be given by visiting members from the city.

On Thursday the ladies of the Methodist Church will hold a meeting at the home of Mrs. Heather, Station-road, for work, to be followed with a social tea.

HOLT. Officers Make Arrest and Fire Inquest Will Be Held.

HOLT, Feb. 17.—(Special.)—The arrest of Miss Babel Allen, formerly a domestic in the employ of Jacob Hopkins, on the charge of arson, following the visit of Detective William Greer, has caused not a little excitement thru-out East Gwillimbury, where all the parties are well known.

Hopkins' outbuildings were burned to the ground at an early hour on Friday morning, entailing a loss approximately of \$400.

Footprints in the snow near the barn led to an investigation. They were followed and led a long course of five miles to a wooded field. Suspicion fell upon Miss Allen, who is said to have left the Hopkins' farm after a quarrel with the proprietor.

County Constable Steeper of Mount Albert was called in consultation and later Magistrate Moore of the same place. High Constable Ramsden was communicated with and the visit of Detective Greer resulted.

Inspector Greer has ordered a fire inquest, which will take place on Friday and will be conducted by Inspector Rogers of the provincial staff.

Inspector Greer continued his investigations yesterday, but High Constable Ramsden stated to-night that he had heard nothing further with relation to the matter.

Damage Suit Over Prosecution. Several witnesses were examined and much evidence taken in a former trial read in the action brought before Chief Justice Falconbridge in the jury as sizes yesterday, by Joseph Harrison, a former of Gwillimbury Township, to recover \$2000 from Henry Jones, mill owner of Exbridge, for maliciously bringing criminal proceedings against him last March. The action will be continued to-day.

Harrison was tried for obtaining money under false pretences and discharged. Jones claims that he had reasonable cause for laying the information, because the grand jury brought in a true bill at the preliminary trial. The case arises out of a horse deal.

## SIMPSON COMPANY, LIMITED

H. H. Fudger, Pres.; J. Wood, Manager Tuesday, Feb. 18.

## 1000 Pairs of Under-priced Trousers

Suit-Assisters at Helpful Little Prices.
