

# Tea Time Talks

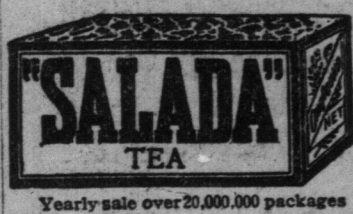

*It's always tea time when you are tired or thirsty.*

### Tea, the Student's Beverage

Dr. Samuel Johnson found stimulus for his marvelous mind in a "dish of tea." Tea has always been the favored drink of scholar and student. It gently stimulates and does not "get on the nerves" as does coffee.

"Salada" is tea in its highest perfection; pure and clean with the natural fragrance of the finest hill-grown Ceylon Tea.

Bulk tea loses strength and deteriorates in quality. "Salada" is sold in sealed lead packages to retain its garden freshness. It is never sold in bulk.

Ask your grocer for "Salada" Tea or send for free trial package which makes 25 cups of delicious tea. We will mail it to you without charge. Say whether you use Black, Mixed or Green Tea and the price you pay per pound.

### EXPOSURE KILLED BABE MOTHER IS NOT BLAMED

Coroner's Jury's Verdict at Dundas—Crown Likely to Order a Prosecution—Prize Orators.

HAMILTON, April 12.—(Special.)—The jury which enquired into the cause of the death of the infant found by Miss Twiss on April 1, in an outbuilding at Bullock's Corners, decided as follows: "That the child was born in the outhouse of Harry Robbins' house, and elonged to Lizzie Corcoran, and died from shock and exposure, no blame being attachable to the mother." Witnesses called at the inquest in Dundas to-night were: Earl, Moxley, who wore that the Corcoran girl after confinement, and Chief Twiss, who gave details of the finding of the body under revolting conditions. Crown Attorney Washington said that perhaps the girl might be considered as amenable to prosecution under the section in the code dealing with negligence of nursing mothers to procure proper medical assistance, and collusion to get rid of a child. He described the conduct of Mrs. Robbins, as whose house the child was born, as "brutal and unfeeling," but pointed out that she had not been criminally prosecuted, but that she had been fined for allowing the child to be born in the outhouse. It is understood that the crown has no intention of dropping the case at this point.

Oratorical Winners. The Canadian Club's third oratorical contest was held in Association Hall last evening. Herbert Moxley, Newton Smith, Christ Church Cathedral, carried off the first honors. Russell McMillan, collegiate institute, second prize, and J. D. Bridgman, Victoria, third. There were eight contestants. The judges were Allan McDougall, M.L.A., R. Steele, Rev. E. M. Brady, Rev. Canon Abbott, Rev. F. E. Howitt and Rev. J. H. Henderson. The prizes were presented by Lieutenant-Governor Gibson.

This afternoon the lieutenant-governor formally opened the \$35,000 addition to the Y. W. C. A. Mrs. W. C. Moxley, president of the association, presided, and addresses were given by Rev. Canon Abbott, J. Orr Callaghan, Herif Middleton, Cyrus A. Blige, Miss Siddell, Toronto; Mrs. J. W. Morden, owner of the building committee, gave a life membership and a rosette.

Classes for Feeble Minded. The special committee of the board of education met this afternoon and decided to open classes for some 25 feeble-minded children that are attending the public schools.

The governor-general will be given the reception when he visits the city on April 22, to attend the banquet at St. George's society. He will be entertained at the golf club in the afternoon.

street, C. Robinson, 211 East King-street, and A. Copeman, 365 East Barton-street, were summoned for selling tobacco on Sunday last. Constable Boyd was the complainant, and the magistrate refused to continue hearing the case because the officer himself went into the defendants' stores and asked to be served. He objected strongly to such a method being used to secure evidence.

Thomas Burrows, 70 Napier-street, was remanded by the magistrate for the charge of arson in connection with the fire which broke out this morning at the rear of the house in which he boarded. The fire was discovered, it is said, by a woman who alleges she saw Burrows carrying fire from one room to another at 4.44 a.m. When the fireman arrived Burrows was assisting in getting the furniture out of the house.

Because she saw John Kranz take a revolver from his trunk and put it in his pocket, Mrs. Tony Antonia, 11 Mulberry-street, told her husband to lay a charge of attempting to kill against Kranz. He was bound over to keep the peace.

His experiences were most interesting, and in a vote of thanks appreciation was shown in the proposal that Col. Milligan should repeat the lecture in the near future in a larger room.

## Hands Crack in Winter

WATER AND COLD CAUSE SUFFERING—SPLENDID RESULTS FROM USING

### DR. CHASE'S OINTMENT

Most women know what it is to have sore, cracked hands during the cold weather, and oftentimes eczema and salt rheum has its beginning under these circumstances.

There is nothing so bad for eczema as cold water or going into the cold water, having the hands wet. By avoiding these conditions as much as possible and applying Dr. Chase's Ointment frequently you can keep the skin soft, smooth and velvety and prevent the serious forms of skin trouble.

Mr. J. H. Anderson, Chapman, Westmoreland Co., N.B., writes: "For ten years I was troubled in the winters with my hands. The skin used to dry up and break open in cracks round the ends of the fingers, the joints and lines of the hands. These cracks would break into the flesh and bleed and were very painful. No treatment seemed to be of any benefit. At last I heard of Dr. Chase's Ointment and obtained relief almost immediately. It took out the soreness, softened the skin and with persistent use made a complete cure. It is six years since I used the Ointment and there is no recurrence of the trouble. There is no treatment obtainable that is so delightfully soothing and healing to inflamed, itching skin as Dr. Chase's Ointment and no preparation which heals so quickly and leaves the skin so soft and velvety. 60 cents a box, all dealers; or Edmondson, Bates & Co., Toronto. Write for free copy of Dr. Chase's Recipes."

## ALDERMEN OFF TO JAIL CHOICE IS VOLUNTARY

Special Committee Will Investigate at Close Range—Infirmaries Abominable, Says Harris.

With a criminal indictment hanging over their heads in common with their fellow members of the city council, the special civic committee appointed some weeks ago to deal with the Toronto jail question met yesterday afternoon, with Ald. O'Neill at the helm.

Everybody agreed that something should be done, and with a view to getting local council to a proper understanding of the situation, it was decided to visit Chateau Chambers this afternoon.

Getting at the Facts. At Controller Spence's suggestion Property Commissioner Harris will prepare a report covering the history of the jail. It will show how the infirmaries have developed and what responsibility rests upon the government, city and county respectively. The accommodation and causes of congestion will be dealt with.

Makes Men Worse. "Our present system only tends to make the men worse," declared Mr. Harris. "Many of them become school-crime at Toronto jail. I would recommend strongly that immediate steps be taken to provide proper jail infirmaries. In so far as the rest of the jail is concerned, we are complying with the government regulations, but the infirmaries are abominable."

The question of a jail farm will be taken up later.

Royce Avenue Crossing. George G. Howell, chief engineer of the Dominion Railway Commission, and E. L. Cousins, resident engineer of the Grand Trunk, accompanied City Engineer Hunt in inspection of the Royce-avenue crossing of the G. T. R. yesterday afternoon. The city wants the level crossing protected, and the officials seemed to agree that there was need.

To Confer on Harbor Policy. With the object of effecting co-operation, not only on the reclamation of Ashbridge's marsh, but also the development of Toronto harbor, the board of the boards of trade to a conference in the mayor's office to-morrow morning.

An Involving Witness. Because Property Commissioner Harris declines to do more than answer questions of fact in the case of Ewart & Co., the legal firm of Thurston & Boyd are stated to be considering applying to the courts for an order to commit Mr. Harris for contempt of court. The case is one involving waterfront rights.

Mr. Scott's Successor. G. G. Howell, at present roadways engineer in the works department, will be recommended by Mr. Rust for the position of deputy city engineer, made vacant by the resignation of T. S. Scott, at an initial salary of \$2500 a year. Mr. Scott received \$2500.

If the proposition is made, Murray Stewart, Mr. Powell's chief assistant, will step into his position.

While disappointed over the granting of charters to the radial railways at Ottawa, the board of control sees some gleams of sunshine. Controller Spence points out that the companies cannot, if they observe the letter of the law, carry on a local transportation business in Toronto, and that the radials cannot go on highways or under any street without the consent of the city council.

There is, however, a strong feeling that the Dominion House has overstepped its rights in granting charters to enterprises essentially provincial in character.

Expensive Refreshments. One hundred and seventy dollars was collected in fines for the illegal sale of liquor by the clerks of the police court yesterday morning. Bella Wilson paid \$100 to cover two charges, and Fred Duck came with \$50, while Annie Matheson furnished the additional \$20.

Killed by Live Wire. OTTAWA, April 12.—Matthew F. Aird, of Ottawa, employed as foreman in wiring by the St. John's, Que., Electric Light Company, was instantly killed by touching a live wire.

## LOCAL TELEGRAPHS ADOPT NIGHT LETTERGRAM PLAN

C.P.R. and G.N.W., Beginning To-night, Will Send 50 Word Messages For 10 Word Day Rate.

It was announced yesterday by both the Canadian Pacific and the Great Northwestern Telegraph Companies that, beginning to-night, they will inaugurate what is known in the States as the "night lettergram service."

The C. P. R. announcement says: "The charge for a night lettergram of 50 words or less will be regular day rate for ten words, and one-fifth of this rate will be charged for each additional ten words or less. Messages must be written in plain English, code or cipher prohibited. Lettergrams may be accepted either prepared or collect under usual regulations, and will be taken at counter or by telephone or collected on any time up to midnight, but, as in the case of other night telegrams, will not be put on the wires until night, and when wires are clear of full-paid day business.

"Night lettergrams will be delivered free next morning, within one-half hour of company's office in towns of 5000 population or less, and within one mile of such offices in other cities or towns. Beyond these limits, the company will, without liability, at sender's request, and at his expense, endeavor to contract for him for such delivery at a reasonable price."

The G. N. W. rates are the same, being about one-half the cost of the former night service. The rate applies to messages to the two companies' concessions in the United States.

A Celestial Joy Ride. Charles Chung, a Chinese laundryman at 181 McCaul-street, was thrown from his wagon and slightly shaken up when his horse ran away in College, near Yonge-street, last night. The horse continued east and overturned a showcase in front of John Graham's tailor shop at 451 Yonge-street. From there it ran across the road and drove its head thru the glass door of John P. Mill, jeweler, at 449. There it was captured and taken to Stewart's veterinary stables in Wilton-avenue, where seven stitches were put in its head.

Two Reports on Connes Bill. OTTAWA, April 12.—The majority report of the sub-committee on the International Waterways Canal Construction Company was submitted to the railway committee this morning favoring the granting of the franchise to the company.

They have spent some time in redrafting the bill "so that every interest is, in our opinion, properly and safely guarded."

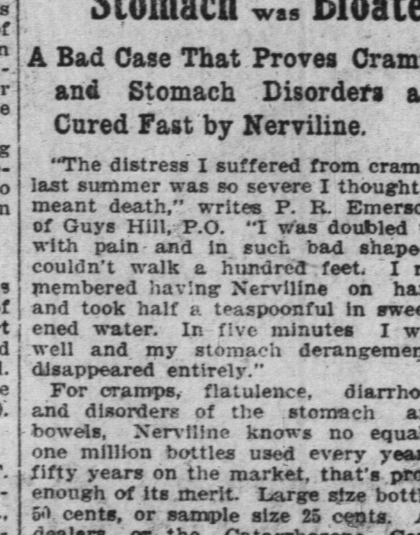

The minority report opposes the bill in toto.

## Deathly Cramps, Stomach was Bloating

A Bad Case That Proves Cramps and Stomach Disorders are Cured Fast by Nerviline.

"The distress I suffered from cramps last summer was so severe I thought I meant death," writes P. R. Emerson, of Guys Hill, P. I. "I was doubled up with pain and in such bad shape I couldn't walk a hundred feet. I remember having Nerviline on hand and took half a teaspoonful in sweetened water. In five minutes I was well and my stomach derangements disappeared entirely."

For cramps, flatulence, diarrhoea and disorders of the stomach and bowels, Nerviline knows no equal—one million bottles used every year—fifty years on the market, that is proof enough of its merit. Large size bottles 50 cents, or sample size 25 cents. All dealers or the Cathartone Company, Kingston, Ont.
