

A good deal has been done in the work of Evangelization, especially in the Ottawa Valley, by the Rev. Mr. McFaul and his associates

#### CHANGES.

There have been several changes among our laborers. Rev. Mr. Côté has left Sorel to return to New England, there to work with his accustomed zeal and fearlessness. He will be replaced at Sorel in November by one of our former students, Mr. Séné, now pastor at New Bedford, Mass. Mr. Jacques Cesan has also left the service of the Mission for the United States. The field of South Ely is already occupied by Rev. Mr. Brouillette; he will also have the charge of Waterloo where he resides. Rev. Mr. Grégoire has exchanged fields with Mr. Leonard A. Therrien, the latter having come to settle at St Pie, while Mr. Grégoire has gone to Maskinongé.

They have all helped us in our work, their womanly gracious kindness and help will always be needed by the laborers of this Mission.

After months of harrowing suffering, borne with wonderful courage and sweetness, he was at last relieved by the rest and calm of death. His sufferings and death
