

EXPLANATIONS.

In this Guide the names of streets are set down in alphabetical order giving the course in which they run. All streets which intersect the same are numbered in the order in which they occur. Those running north and south have the odd numbers on the east side of the street. Those running east and west have the odd numbers on the south side.

The abbreviation on the right hand of column indicate the Street Railway Service.

The number on the left hand of column indicates the number of street at intersecting street.

To find any location turn to street, find nearest number at intersecting street and the abbreviation will show the nearest line of railway.
