TROUT FOR FISHERMEN.
Through the orders of Hon. J. D. Hazen a stock of trout fry hatched here last night in charge of Paul Perrin of the Grand Falls hatchery. Henry W. and Arthur T. Thorne took charge of those for Lake Minet; J. R. Armstrong and H. N. Stetson, those for the Horticultural association, while those for Lake Leonard were looked after by Wilbur W. Gerow, secretary of the Fish and Game Protective Association. Though it was nearly midnight, the fry for Lake Leonard were taken out by motor and those for Lily Lake were taken out by the men of the park accompanied by Mr. Stetson and placed in its waters where it is hoped they will greatly multiply and in time afford sport to the disciples of Isaac Walton. That author did not always confine himself to fishing with the artificial fly for in referring to live bait, in "The Compleat Angler," he writes: "Use him as though you loved him—that is harm him as little as you may possibly that he may live the longer."

ROYAL PATIENT HAD FAIRLY GOOD NIGHT

Montreal, June 5.—Her Royal Highness, the Duchess of Connaught, passed a fairly good night, and is making an satisfactory progress towards recovery, as can be expected. Dr. W. B. Hamilton was called in consultation.

MORE JUNE WEDDINGS

Fulton-Belyea.
Miss Margaret E. Belyea, daughter of Charles Belyea, was married to Judson Fulton, eldest son of John Fulton, this morning at the residence of the officiating clergyman, Rev. Dr. W. E. McIntyre, 340 Main street. The bride was prettily gowned in white and wore a white hat with blue trimmings. Mr. and Mrs. Fulton left on the S.S. Champlain for New Jerusalem, where they will make their home.

Baker-Cathline.
A very pretty wedding took place on June 4 at the residence of the officiating clergyman, Rev. J. D. Wetmore, 139 Wright street, when James Frederick Baker of St. John West was married to Miss Maud Edith, daughter of the late John Cathline of Moss Glen, Kings county, immediately following the ceremony Mr. and Mrs. Baker drove to their new residence, corner of Guilford and Lancaster streets, followed by the good wishes of all their friends.

Tribute to J. E. B. McCready.
Moncton Transcript.—J. E. B. McCready, who was the first editor of The Moncton Transcript and afterwards editor of The St. John Telegraph, has for the last sixteen years, been editor of The Daily Guardian, at Charlottetown, P. E. I. This week, he leaves the field of journalism and is appointed publicity agent for Prince Edward Island. The province gains a useful public servant and one well qualified to discharge the important duties of the position to which he has been appointed, but it is with regret that his fellow journalists will learn that he leaves the field of endeavor in which he has shone with so much distinction. In the field of literature Mr. McCready has been no insignificant figure among the contributors whose names are widely known in the maritime provinces. His resignation is a distinct loss to Canadian journalism.

There will be a fight in every constituency on June 20. The Liberals are in earnest, and will deal with the men who deceived them in 1908.

A vote for the Liberal candidates in this campaign will be a vote for progressive government and for a real forward movement in New Brunswick.

NEW WALL FOR THE DEPOT; MAY MEAN AN ENLARGEMENT

That on Northern Side Declared Unsafe and Work on New One Will Soon Be Begun

The wall on the northern side of the Union Depot is to be torn down and replaced by one more substantial, as it has been declared unsafe. It has not yet been decided as to whether or not the new wall will be located on the site of the present one or farther north, so as to take in another track. Work is to be started almost immediately, but it is expected that it will be fully two months before the job has been finished.

There is a possibility that the wall may be removed to take in the track No. 4, making four tracks under the roof of the station. If this were done, iron columns would be placed where the wall now is. While the work is in progress, tracks No. 3 and 4 will be out of commission for the greater part of the time so far as passenger travel is concerned at least. In order to overcome this the Atlantic and Boston trains incoming and outgoing, will use the rails on the northern side of the depot, while the suburban travel will be attended on the rails on the southern side of the station. This may be inconvenient, but it is the best arrangements which can be made for the present.

C. P. R. MEN ARE IN CONEERENCE HERE

Luncheon at Noon and Addresses This Afternoon in Superintendent's Office

An interesting and profitable meeting is being held this afternoon in the office of Wm. Downie, superintendent of the Atlantic division of the C. P. R. in King street. There are assembled division superintendents, foremen, bridge builders, district engineers, roadmasters and other officials essential to the successful operation of a railroad. Numbering in all about twenty-five, they assembled at Bond's restaurant in King street at noon and had luncheon and gathered again at 2:30 in the C. P. R. offices for a general discussion on railway matters, and to hear addresses in this connection, according to the various departments, from C. Murphy, general superintendent of transportation, J. H. Callahan, general storekeeper, and J. Kyle, general master mechanic, all of Montreal.

These officials arrived in the city at noon today with Superintendent Downie, after a trip of inspection over the line from Megantic. They were well pleased with the inspection, as the road, buildings, stores and fixtures were declared all in satisfactory condition. They came here in the private car of New Brunswick, attached to the Atlantic express.

L. R. Ross, terminal agent for the I. C. E., was invited to attend the luncheon and conference, and others who arrived here at noon to attend were C. R. Ord, master mechanic for the Atlantic division, C. W. Burpee, superintendent at Brownville, V. A. Harshaw, superintendent at Woodville, W. B. Brown, assistant superintendent.

IN THE COURTS

The adjourned sitting of the circuit court was resumed before Mr. Justice Landry in chambers this morning, and the court was further adjourned until 10 o'clock tomorrow morning, when judgment will likely be given in the case of Richmond Rochester vs. Miles E. Agr.

Probate.

The will of Cassius McBeath, dyer, was proved. He gives all his estate to his wife for life, and the benefit of herel and their children, Donald, Thelma and Isalene. After her death it is to be divided equally among such of the children as shall then be alive, or their issue. Power is given to advance to his son, Donald, the sum of \$1,000 after reaching the age of twenty-one years, the same to be subsequently deducted from his share. He appoints his wife, Amelia, and his friends, John Ross, tax assessor, and his son, Donald, on attaining the age of twenty-one years, to be trustees. No executors being named, Amelia McBeath and John Ross were appointed administrators with the will annexed. Real estate is \$400; personally \$13,500. H. H. Pickett is proctor.

The will of Harry David Breen, commercial traveller, was proved. He left his mother, Mrs. Annie Breen, a sister, Mrs. Annie M. McGarity, and a brother, Irvine C. Breen. The executrix having renounced, the mother was appointed administratrix cum testamento annexo. There is no real estate; personal estate \$1,490. H. H. Pickett is proctor.

WHY NOT A REGATTA?

It is stated that various clubs in Halifax, including the Newfoundlanders in that city, are discussing the question of holding a regatta this season. A revival of aquatic sports in St. John, even to the extent of a series of boat and canoe races on Lily Lake, would be of great benefit, encouraging young men to share in this vigorous and health-giving form of exercise.

POLICE REPORTS.

Alexander McKenzie has been reported by the police for driving a motor cycle in the city without having a registered number, as prescribed by law.

Harry Craft has been reported for discharging a revolver in a yard near Warren's mill.
