cautious Roots. The last vestiges of the notion that root crops cannot be grown in this country ought to disappear as soon as it is shown that, in a year not unusually favorable, except that the growing season has been lengthened by the absence of frost, roots can be raised here in the open air far exceeding in weight those produced for competition in England, the home of root crops.

Insanity.

Diseases of the Liver are especially apt to produce certain forms of insanity. If a congested liver fails to draw off the bile from the blood, and if this bile gets into the brain it will produce a jumbled tone of mind, which brings about a sense of misery, completely unerving the unhappy sufferer, rendering him insane frequently to the point of suicide.

WILSON'S TONIC AND SARSAPARILLIAN ELIXIR is especially useful in all diseases of the liver. Its chologogue, or bile eliminating action is very marked. It induces a free flow of liquid bile, it unloads the liver, and induces a regular state of the bowels. At the same time its tonic proper ties soon bring about such a healthy state of the system, that the process of nature, which was previously out of joint, goes on with their accustomed regularity, or the patient is not subjected to "oral dosing" as so many unfortunate victims of the "pill box" are.
