The Question in a Mutshell (From the Chicago Farmers' Review.) trade in which the parties follow their own judgment in buying and selling, and are human crimes may be committed in the ander no dictation from Congress, or Par. terrible struggle for life. iar facilities for ministering to the com- survive. fort of man. Iowa gives its grain, Florida its oranges, Pennsylvania its iron, Brazil its coffee, China its tea. And it is com-merce that brings these gifts to the hand of every man. It is the glory of civiliza- writes as follows to the Herald. tion that the riches of every clime are open to the use of all. Now is all this a der? The greatest apostle of "protection" torily it will come; but, by the way, in accordance with the adage that charity begins at home, would it not be well to look after the condition of our New York can people be made independent. On this tenants? can people be made independent. On this plan, obviously, the ideal man is the "The Irish laudlord has no power or by applying to"

and Mortgage.

A plan of the first named property can be see and any gurther information or particulars given by applying to plan, obviously, the ideal man is the savage; he slays his own meat, with an arrow himself has fashioned from the

protectionist to assail them by square, statute books of New York." direct argument. The protectionist view is invariably advanced in a series of special pleas, vague in form, without forward in bare statement and pure that the project to flood the alleged sandy waste will have the approval of every one of the philosophy is this: that a country is most prosperous when it produces for itself all it consumes. This "principle" is invariably assumed as axiomatic. In protectionist speeches it serves as a sort of universal major premise. Yet there is not a grain of truth in it. A country is most prosperous when it has most at command to consume, when it has most at command to consume, when it people are well clothed, well housed, well fed, well supplied with the good things of earth; and it does not have to pay the cost of the great desert is as uncertain as its traditional sands are supposed to be; the area as a vast expanse of sand, with a semi-occasional oasis, and when the evolution of the text book brought pictures, the close were generally made barely large plied with the good things of earth; and it does not make a particle of difference to that country whether it supplies its wants by producing the commodities directly, or of the philosophy is this: that a country | who is curious about African geography

own silk?" As things stand, they can get been devised for protective purposes two ways: First, it doubles the cost of silk so that some of our countrymen cannot buy it at all. Second, the increased selling price induces some to give up tanning leather and engage in silk weaving. All this done, the protectionist calls upon his countrymen to admire the result. And his countrymen to admire the result. And his countrymen look—and what they see is that they have less of both leather and silk than they had before. Silk is double its former price, and shoes are dearer, since the leather men must pay with the rest to approach the state of the light of the light of the state of the light of the light of the state of the light of the state of the light of the light of the

the protective system has been faithfully a year both postpaid. Littell & Co., applied in this country. There are no Boston, are the publishers. arguments for the protection of the United States against England or France which can not be applied with double. This is the universal testimony and exforce for the protection of Pennsylvania pressed by everyone who has used Puragainst Illinois, or Indiana against New NAM'S CORN EXTRACTOR. Thousands in York. Suppose that each State had creat Canada have used it with gratifying reed its tariff wall to prevent the horrid sults, and if you will take the trouble to invasion of the goods of other States? ask any druggist he will give you the To be sold at PUBLIC AUCTION, on Monda The bare suggestion is enough. We know that the main cause of the wonderful progress of this country is free trade worst kind of corns. Sold everywhere.

Des Monts, several hundred miles below once. They are for sale everywhere. Quebec, dated March 22 and signed " L. F. Taffard," states that on account of the violent storms which prevailed from September 25 last to the end of autumn,

and one each of their children. Their Tonic Dinner Pills, speedily remove these families were found dying of inanition.

PREE TRADE VS. PROTECTION. The sufferings of the survivors were in Beware of imitations. See that you get reased by a descent of the Indians from had entirely given out. The poor settlers ers in Canada. What is free trade? The question is had nothing to offer them but some flesh easy to answer if the mind can be dis- and oil of seals, which they ravenously ged of the vague notions which a hundle devoured. If navigation does not open dred years of false economic policy have early—and there is every indication that been irresistibly teaching. Free trade is simply natural trade, unrestricted trade, starvation before aid can possibly reach Valuable Properties for Sale. them. There is already a fear that in-

under no dictation from Congress, er Par-liament, or emperor, as to whether they shall sell here or there. Free trade is

The same story comes from Isle aux Ocufe, where the people have nothing but Ocufe, where the people have nothing but shall sell here or there. Free trade is commercial liberty. We hear much eloquence of the blessings of commerce.

Oeufs, where the people have nothing out the fown of Chatham and now in comparison of the blessings of commerce.

Quantities to live upon. It will be almost property is one of the most valuable on Miramichi, and well adapted for any kin h quarter of the globe-every section a miracle if the whole coast be not depopulated before spring sets in. The Indians longitude—is endowed with its own pecu- are a source of terror to those who still

"Landlordism" in New York.

stone and wood; he makes his own cloth. New York landlord. He has the legal ing; he builds his own house; he is altogether self-centred, self-employed, selfpaid. Is civilization a mistake? If it is until after twelve o'clock noon, giving the not, it is wise that the peculiar adaptabili- tenant two hours' notice to leave the ty of each man to do some particular thing be made use of—that this nan be encour-aged to make bread, that man shoes, that man coats, and that by exchange each man enjoys the fruits of the labors of all. If this is wise then it is a wise principle all the way through. Obviously, the ideal conditions would be—every man doing that for which he is best equipped, every spot of earth producing that which it is spot of earth producing that which it is cannot be supposed to leave themselves with least labor, and finally the interliable for damages. Now, sir, I think change of commodities made as easy and you would be doing a very laudable deed as inexpensive as possible. The total pro-duct would then reach its highest, and feeling landlord and tenant law to the each man would obtain the fullest possible ment in order to its repeal, for verily such These propositions are, indeed, so a law as it now stands is a stigma and a axiomatic that we have never known a stain upon the city and the State and the

The Desert of Sahara.

There seems to be so little certainty as logical connection, and in the main put to the topography of the Desert of Sahara by producing the commodities directly, or by producing things which it can produce the books until some of them acquired a rewith less labor and then exchanging.

Nevertheless, the protectionists take this habitants, and then came stories of mountain "principle" for their corner-stone and ranges extending far southward through proceed to build.

"How," they ask, "shall we induce the people of this country to make their own silk?" As things stand, they can get worth the name, the old stories having silk easiest by making leather and trading for the silk of France. Clearly our first in to break up the monopoly of caravan step is to prevent the people from buying frade with the inierior. Some engineers have reported that the general surface of pied by him. The Premises are well adapted for

since the leather men must pay with the rest to support the silk factory.

"But," the protectionist pleads, "we have created a new demand for labor."
And we perceive that he has simply and the protection of the Silk factory.

"But," the protectionist pleads, "we have created a new demand for labor."
And we perceive that he has simply as it is, Fortnightly; Russia and the Chatham, 20th Feb., '82. And we perceive that he has simply Revolution, Queen Elizabeth at Hatfield, drawn labor from leather to put it into and Property versus Person—Inequality of Sentences, MacMillan; Iar-Connaught: a And again, the protectionist urges his Sketch, Cornhill; The "Burden of Sove-

AT AUCTION, WATER STREET.

Sheriff's Sale.

And again, the protectionist urges his cause; "We have diversified industry!" But we know that nature diversifies industry in every clime; and we know also that in a country of such an infinite variety of 1. sources as ours, to talk of artifically diversifying industry is pure buncombe.

And when all else fails the protectionist attempts sarcasm and remarks that this country seems to have staggered along pretty well under protection. And then any school ma'am can reply with equal sarcasm, that free trade between 40 States is not without its advantages, Suppose the protective system has been faithfully seems to the protective system has been faithfully seems to hove staggered along is not without its advantages, suppose the protective system has been faithfully seems to hove staggered and any one of the American \$4 month lies or weeklies with The Living Age for a year both postpaid. Littell & Co., Sheriff's Office, Newcastle, 9th Dec., A. D., 1881.

Sheriff's Office, Newcastle, 9th Dec., A. D., 1881 The above sele is postponed to FRIDAY, the 28th DAY OF APRIL next, then to take place at the same place and hour.

JOHN SHIRREFF, Sheriff of North'ld Co.

Dated this 31st March, A. D. 18s2.

Sheriff's Sale. the 10th day of July next, in front of the Regis try Office, Newcastle, between the hours of 19 noon and 5 o'clock, p. m.

work kind of corns. Sold everywhere.

Safe, sure, painless, and vegetable in comproducts of the products of each for the products of the others.

And free trade is everywhere the highest condition of prosperity. Commercial liberty goes naturally with all elements of material advancement. The locomotive the steamship, the telegraph—what do they do but make the exchange of commodities easy? And what does protection do but make trade difficult, costly and unprofitable.

Dreadful News from Labrador.

A Quebec despatch of 18th inst. says a startling story reached town late to-night from the barren and inhospitable shores of Labrador. A letter received from Pointe Des Monts, several hundred miles below Quebec, dated March 22 and size of the construction of sold control of the superince of the said Jame Lord of the States, the unhindered exchange of the products of the blood of patients (using Fellows; Compound Syrup of Hypophosphites) taken from time to time, positive proof the steady removal of diseased and dead blood particles, and the steady removal of diseased and dead blood particles, and the substitution of vitalised diseas, so necessary to the construction of healthy muscle.

Gentle Purgatives.

In the light of experience, gentle purgatives are the most effective means of purity of the products of the superior of the superior of the said Jame bloows of the products of the microscope, of the Blood of patients (using Fellows; Compound Syrup of Hypophosphites) taken from time to time, positive proof the state of the products of the said positive proof the substitution of vitalised disease, so necessary to the construction of vitalised disease, so necessary to the construction of vitalised disease, so necessary to the construction of vitalised disease, so necessa

Golden Ball, Shoe Store

----AND-FURNITURE EMPORIUM.

The Golden Ball Boot and Shoe Store is the oldest established in Mirawichi. It is now fitteen year since we commenced business exclusively in the above line, and we can now point with pleasur, to host of patrons, who have invariably, purchased from us, during that length of time. The reason is plain we buy entirely from the best manufacturers, consequently our goods give satisfaction. We might pur chase cheap, shoddy goods (that are only meant to sell and not to wear) but by pursuing that policy, I would be impossible to retain our customers. The best goods are the cheapest in the end.

We have full lines of Infant's, Children's Misses', Youth's, Boy's Women's and Men's

Boots Shoes, Slippers. etc., at the lowest possible price compatible with good quality.

Also a large assortment of

Trunks, Valises, and Hand Bags, Sole Leather and Shoe Findings.
