JOE PAGE TAKES OVER THE ST. JOHN BASEBALL TEAM

Montreal Sporting Men Interested in the Venture
—Team will be Strengthened to Become Important Factor in the N. B. and Maine League Race.

The management of the St. John's baseball team have transferred their interest in the team to Joseph Page, president of the Montreal professional league and he will take charge of the maroons on Monday. While Mr. Page will have full charge of the team, the men who will be interested with him in the venture are several well known Montreal sporting men who are interested in professional baseball in the Canadian metropolis, and who believe there is material in the St. John's for a winning aggregation providing that the team is properly strengthened.

Mr. Page has long experience in the baseball game and there is no better judge of a player in the game today. He has already started out to improve the team and has secured the services of Joseph Mulvey, a fast third baseman who also has a record as a hitter, to play that position. Mulvey was with the Columbia college team in New York and is a big league possibility. He is now in the city and turned out to practice with the St. John's last evening when he made a good impression.

Two other fast men who will join the team next week are A. Bruneau and D. Sabourin outfielders, who visited St. John with the Canadians, of Montreal, earlier in the season. They are among the best players in Montreal and will, no doubt, be a great strength to the local team. Dr. Hite, the new pitcher who was to have been on hand on Thursday afternoon was prevented from leaving Montreal on Wednesday night, but left last night, and is expected in the city at noon today. He will also get into the game with the St. John's next week and from his record this season with the Sherbrooke team and last year with his college team, he is expected to show much class.

Mr. Page will manage his team in person, he having secured a three months leave of absence from the Canadian Pacific Railway where he is employed. He was in the city yesterday but left last evening for Montreal. He will return at once and will bring a new catcher with him. It is the expectation that the team will be in the best of shape by next week.

With the Marathons largely improved and the transfer of the St. John team it looks like great baseball when these two teams meet in exhibition games on July 1st.

ex-Boston American twirler, who was on the roster of the Boston club the year won the championship of the world will be in the box for the Marathons and he will be opposed by either Ryan or Kyte. Tarbell, the Indian college player, who did such good work in the box on Coronation Day and who also won his game from the Woodstock team will be in the outfield ready to relieve Winter if such a course is deemed necessary. The opinion is however, that the big league will be quite able to take the measure of the Calais swimmers. The game will start at 3 o'clock sharp so as to give suburbanites an opportunity to see it in time to catch the afternoon trains to their country homes. The Marathons will line up as follows, the players being given in the order in which they will bat: Fraser, 2nd base; Winter, pitcher; Williams, 3rd base; Donnelly, 1st base; Riley, short stop; Dr. Malcolm, left field; Lynch, centre field; Tarbell, right field; Rootes or Nelson, catchers.

One of the best games of the season will be that on the Marathons grounds this afternoon between the Calais team and the strengthened Marathons. The work of the Greeks in the games in Woodstock and on Coronation Day in this city, has been the chief topic of conversation with the fans. There is no question but that the arrival of such players as Winter, Williams and Tarbell has made a vast difference in the prospects of the team, but whether they can win from the Calais players with such men as Hapley, Joe Neptune and Ryan in the line-up of the border team, is a puzzle the solution of which should furnish great sport this afternoon.

The Marathons' management are of the opinion that the team as now constituted, is strong enough to win the league and certainly it is the strongest and classiest aggregation of ball players which has represented this city for some time. The line-up for this afternoon's game will be the best and fastest the club is capable of. Winter, the

ONE ARMED WONDER.
Edward Carroll, a New York schoolboy, who despite the fact that he has but one arm, is one of the best athletes in the Public Schools. He has won several events at short distances and is also a clever broad jumper.

YACHT RACING AT MILLIDGEVILLE TODAY.
There promises to be some lively racing at Millidgeville this afternoon in the R. K. Y. C. motor boat meet. The race will have a large number of starters in it, and should be interesting throughout. Another class that is attracting interest is the sailing dingy or A class.

The committee in charge of these races have everything arranged for a big time this afternoon.

IS YOUR CHEST "WHEEZY?"
Tightness and wheezing means your trouble is deep seated. To delay is dangerous. Inflammation must be drawn out at once. Rub the chest and chest with Nervine and put on a Nervine Plaster. Relief comes in an hour. The counter-irritant effect of the plaster relieves the tightness and strain, draws out the soreness, eases the pain. The penetrating qualities of Nervine enable it to soak to the very core of the trouble and you experience a feeling of warmth and relief that proves the danger is past. For weak chest, sore throat and tendency to colds, the Nervine Treatment beats all others. Try it.

The management of the Hotel Victoria, New York, desire to announce that the transfer of the Hotel Victoria property will in no way interrupt the present policy of the house. The hotel will be conducted as heretofore, until the expiration of lease, several years hence.

WEDDINGS.
Smith-Fulton.
A pretty wedding took place on June 22nd at the home of John Fulton, Jerusalem, Queen's County, when his daughter Miss Esther Nellie Fulton was united in marriage to James Lowery Smith. The ceremony which was performed by Rev. Wellington Camp, took place in the presence of a large number of invited guests, and after the service a bountiful wedding supper was served. The bride who was given away by her father was dressed in white silk. Her travelling gown was of blue broad cloth with hat to match. The number and value of the presents which consisted for the most part of cut glass, silverware and checks, attested to the popularity of the young couple. After a brief honeymoon Mr. and Mrs. Smith will take up their residence at Hillendale, Kings County.

Miss Ada Armstrong of Silver Falls, who left St. John on June 10th, was married in Vancouver on June 21 to David Cottie. The ceremony took place at the home of the bride's sister, Mr. and Mrs. Cottie will reside in Vancouver.
