

"VOTES FOR WOMEN" PILGRIMAGE REACHES ALBANY

New York suffragets walking from New York city to Albany, to ask Gov. Elect Sultzer for his aid in obtaining the ballot.

Albany, N. Y., Dec. 28.—Tired and footsore, but still enthusiastic and glowing in the fact that they reached their destination two days ahead of the schedule, the little band of suffragette pilgrims, who walked 174 miles from New York to present a message to Governor Elect Sultzer, advocating votes for women, arrived in Albany shortly after 4 o'clock this afternoon.

At the Every Day Club last evening the speaker was John Irvin, K. C., of Bridgeport, N. S. In an interesting manner the speaker contrasted the city of today with the St. John of 20 years ago, paying high tribute to the foresight of the citizens of other days who, at personal expense, prepared the way for the citizens of the great and growing traffic of today, as yet small compared with what the future is to bring.

Mr. Irvin referred to the splendid provision made for the spiritual, moral and intellectual progress of the city as evidenced by the magnificent list of institutions which St. John has provided. He made an earnest plea for the addition of a children's aid society with the law to give it force, for properly rounding out the work which is being done along the moral, spiritual and intellectual lines.

He dealt at length with the child problem, and referred to the laws existing in Ontario and Nova Scotia for coping with problems which are concerning the child, and urged upon his hearers to give thought and sympathy, pointing out that united thought is the creator of that force which produces revolutions and accomplished reforms.

During the evening a musical programme was carried out, the soloists being George E. Knight and Elmer A. Belding.

WEST IS OPTIMISTIC OF ST. JOHN'S FUTURE

William R. Walsh, on Return from Coast, Reports all Local Men Making Good—Had Good Time.

William R. Walsh, who for the past three months has been travelling through Western Canada on business, arrived home last Saturday. During his stay in the different cities Mr. Walsh met several old St. John boys who are making good in the west. Although they are prospering the majority of them have a desire to return to their old homes.

In many places which he visited Mr. Walsh met merchants who have heard of the great progress St. John is making, and were anxious to know what possibilities there were of establishing here. Especially in the cities of British Columbia were the citizens very optimistic about the future of this port.

To show how they valued the land in this city Mr. Walsh cited one instance where while travelling from Vancouver he overheard a conversation in the car between two men. One gentleman happened to mention to a man sitting near him that he had bought a small piece of land in the vicinity of St. John. He did not know how large the lot was. His friend, who evidently had heard of the prospect, offered him two hundred and fifty dollars for it.

Mr. Walsh was in Vancouver when His Grace Archbishop Casey arrived and witnessed the great reception tendered him. He also had the pleasure of listening to Archbishop Casey's first sermon in this city.

Although he was a stranger to the city and to those few with whom he came in intimate contact through going to the General Public Hospital, sincere respect was expressed by the parish of St. John for the great work of the death of Rev. Gordon Edwards, which occurred Saturday morning in the hospital.

Accompanied by his wife and two children he came to the city Friday from Calgary on his way to his old home in England but was taken suddenly by a little while after his arrival. He was taken to the hospital but there little hope was expressed for his recovery and he passed away Saturday morning.

Mr. Fitzsimmons, for many years a member of the town council of Milltown, N. B., died at his home in that place on Christmas night. Mr. Fitzsimmons suffered a shock of paralysis some years ago, but his health was about up to the average on Christmas day, and on that occasion he was about his home as usual. During the evening he took an ill turn and passed away. Mr. Fitzsimmons was 75 years old.

Frederick R. Melanson. The death of Frederick R. Melanson occurred Saturday morning at his home, 323 Chesley street, after two months' illness. Deceased was very well known in the North End and the news of his death will cause general sorrow among his many friends. He was only twenty-six years of age and is survived by his wife and one child. He is also survived by his mother, three brothers and two sisters. His mother is Mrs. Ellen Melanson. John Melanson and Henry Melanson, of St. John, and William of Maine, are the brothers, while Mrs. Michael McKenna, of St. John, and Miss Catherine, at home, are the sisters. Mr. Melanson was a member of Branch 42 C. M. B. A. and for a time held the office of marshal in that organization. The funeral will take place at 4.30 this morning to St. Patrick's church, for high mass at 9 o'clock.

John Hickman. There entered into rest at the residence of his son-in-law, Thomas McCarim, Newcastle Bridge, Queens County, on Tuesday evening last, Dec. 24, John Hickman, one of the most prominent inhabitants of the parish of St. John, in the 70th year of his age. The deceased had been ill for several months. Mr. Hickman did not take a prominent part in public life, he was always a quiet and retiring disposition, a man of sterling qualities and highly respected in the community. His life was principally devoted to agricultural pursuits in which he was successful. He also held the position of postmaster for a number of years. He was a devoted member of the Church of England and a member of the L.O.L., in which he took a deep interest. His wife, who was formerly Miss Kincade, predeceased him about a year. He is survived by four daughters, Mrs. Thomas McCarim, Mrs. John Thorne, Mrs. C. H. Thorne and Miss Retta at home; also three sons, Robert, Herbert, conductors on the Central railway, and Harry at home. The funeral took place from his residence on Thursday, the 26th inst. Interment was made in Highfield Churchyard church yard. The services were conducted by the Rev. Mr. Warford.

Died in Providence. Mrs. W. B. Campbell, of Leinster street, received word yesterday morning that her father, Alexander Simpson, had passed away at Providence, R. I., on Saturday. Mr. Simpson, who formerly lived in Titusville, Kings county, was 84 years of age. He leaves three sons and three daughters, and a large circle of friends who will be grieved at his death. Two of his sons and two of his daughters live in Providence. It is expected that the remains will be brought to St. John for interment.

Today's Council. At the meeting of the city council this afternoon the matter of the injunction restraining the city from reducing the police force to one man will probably receive attention. One side of this is the only matter of importance likely to come up is that of making an agreement with the Street Railway regarding the extension of its tracks to Kane's Corner. As previously reported the commissioners have decided to allow the company to construct a turn-out from Brussels street running on the south side of Haymarket square.

DIED. STACKHOUSE.—At 163 Water street West End, on the 28th inst., James A. Stackhouse, in his 80th year. Funeral this (Monday) afternoon, at 2.30 o'clock from the residence of his son-in-law, Thomas Anderson, 163 Water street. Service at 2 o'clock.

HICKMAN.—On the 24th inst. at his residence, Newcastle Bridge, John Hickman, in the 70th year of his age, leaving four daughters and three sons to mourn.

Local Celestials will Follow Lead of Montreal Brethren and Keep January 1 as New Years Day.

From Montreal comes the word that the Chinese population there have decided to break away from the traditional Chinese observance of New Year's Day and will conform with the customs of their adopted country. Moreover, they will start their year on Wednesday next instead of with their own New Year, which falls later on.

While no formal agreement has been reached by the laundries of St. John in reference to following the lead of their fellow Celestials of Montreal, there is a possibility that similar action will be taken here, and that January 1 will henceforth be observed as the New Year of the Chinaman, as well as of his white brother. The Standard interviewed some of the local Chinese yesterday and all of them reported to said that they would observe Wednesday next as New Year's Day, and that their own New Year, which is some weeks later, will not be observed.

CANADIAN AUTOMOBILES FOR AUSTRALIA. Mr. W. B. Veira of Melbourne, Australia, recently spent some days in Orillia in connection with securing the agency for Australia and New Zealand for the Tudhope Motor Company of Orillia to represent them in Australia and New Zealand, whereby he has undertaken to purchase 175 cars, a number of which are for immediate delivery.

Mr. Veira is one of the foremost automobile distributors in his part of the world and states that Canadian made goods are looked on with great favor in the Antipodes. He also states that his main object in coming to Canada was to satisfy himself before finally making the arrangement he has just entered into.

THE POLLARDS

With Teddie McNamara and Other Favorites, at Opera House Tonight.

The Pollard's Juvenile Opera Company after an absence of over six years will return to St. John for one week commencing tonight, and open with Edmond Andran's famous comic opera, "The Toy Maker."

The following is what T. Herbert Chestnut, editor of the Regina Leader, wrote about this exceptionally talented company of youngsters, during their recent engagement in that city: "I admire the work of this clever company of boys and girls extremely and would much rather see and hear them than the finest company of all-star adults travelling today. I have always held, and have expressed the same in print more than once, that no adult can ever hope to reach the perfection of naturalness, the marvelous artlessness of art, attained by children and young artists generally."

WANT EASTERN GIRLS TO MARRY IN WEST

Having lured away many of the young men of eastern Canada the enterprising West is now making an effort to induce the young ladies of the Maritime Provinces to follow the young men and rescue them from the troubles of bachelorhood. Some of the country weeklies in the Maritime Provinces have been receiving copies of the following proclamation of the Bachelors Club of Alberta: "West Wingham, Alta., Can., December 16, 1912.

In Western Canada there are about seven men for every woman while in the East the conditions are quite the reverse, so it can be readily seen the kind of immigration the West is clamoring for.

There has been recently formed in Alberta a Bachelor's Club composed of prosperous business men and well to do farmers who wish to hear from ladies of marriageable age."

Why do Brewers of Germany and England use only Brown Bottles?

Sunlight grows the hops, but spoils the brew. Light starts decay even in pure beer. Dark glass gives best protection against light.

In England and Germany the brewers won't use light glass bottles.

"Beer should not be exposed to the light, especially direct sunlight, as it will thereby be detrimentally affected, the light having an influence upon the albuminoids in the beer, causing the latter to become hazy."

say no less a person than Philip Dreesbach, the eminent German expert and scientist in the Wahl-Henius Institute of Fermentology.

We have adopted every idea, every invention that could make for the purity of Schlitz beer.

Our beer was first brewed in a hut. Now our agencies dot the earth. Our output exceeds a million barrels a year.
