

N. B. INSTITUTE Y. M. C. A. WORKERS' ANNUAL MEETING

Two Sessions Held Yesterday in Association Building—Addresses by Capt. Campbell, Major Smith, A. S. McAllister and Others.

The annual conference of the New Brunswick Institute of Y. M. C. A. workers opened yesterday morning in the association building, Hazen street, with A. S. McAllister, Dominion territorial secretary, presiding and Arthur H. Greer, St. John boys' work secretary in the secretary's chair.

Capt. A. Campbell, maritime secretary, opened the conference with prayer and a reading from the "Sermon on the Mount," the message of which he adapted to the work of the Young Men's Christian Association at the present time.

He was followed by Major Fred J. Smith, chief physical training officer for the Dominion, whose subject "The Qualifications for Leadership" was one of the finest addresses the Y. M. C. A. workers have had the privilege of listening to.

He divided his essentials into six general classes—goodness, personal force, executive ability, humility and adequate preparation—covering each division in a most interesting, chatty, personal, man-to-man way, which showed he had full mastery of his subject.

A. S. McAllister spoke of the work of the National Council in Canada, its organization, methods and plans for the future. In this connection it was stated that the National Council now covers eight separate and distinct lines of activity—boys' work, physical department, student classes, industrial training, Red Triangle or military work, Bible classes, town and country work and general recruiting and training of officers and workers.

The great problem now before the council is that arising from the demobilization of the Canadian army at home and overseas.

Louis A. Buckley, maritime boys' work secretary, took up the work of the Canadian standard efficiency tests and their relation to the association's intellectual, physical, devotional and social activities, especially in reference to boys in their teens and older.

The closing address of the morning session was on the provincial town and country work, by E. A. Arnott, rural secretary for New Brunswick.

The afternoon session was opened with prayer by Herbert Macdonald, M. C., secretary of the Fredericton Red Triangle Club, and was featured by a most interesting and comprehensive address on "City Association Problems," by Capt. S. B. Stokes, general secretary of the local Y. M. C. A., who handled a big problem in a most masterly manner.

The delegates to supper with the Tuxedo boys congregate at 8:30, when 101 boys attended. The supper was served by the Young Women's Guild of Trinity church, with Miss Georgina Patton convener, and was thoroughly enjoyed. H. Fisher Miller, mentor of the St. Luke's Tuxedo Square president and soon called for a few words from Louis Buckley, who was greeted with prolonged cheers, being a prime favorite with the boys.

Major Smith followed with a splendid talk on physical education. He told the boys how proper physical training and development had helped the Canadians to go over the top in France, and measure up to the big task that was set before them across the ocean, and urged the boys to take full advantage of the physical side of the "Y" work, as it was the part that would fit them for the real work in later life.

The conference will be continued tomorrow.

THE VICTIMS OF LA GRIPE Every winter the grippe sweeps over Canada like a scourge, leaving behind hundreds of health-wrecked victims. Ask any of those who have been attacked by the grippe what their peculiar condition of health is and most of them will answer: "Since I had the grip I have never been well."

THE VICTIMS OF LA GRIPE Every winter the grippe sweeps over Canada like a scourge, leaving behind hundreds of health-wrecked victims. Ask any of those who have been attacked by the grippe what their peculiar condition of health is and most of them will answer: "Since I had the grip I have never been well."

MANUFACTURERS BELIEVE TARIFF TINKERING UNTIMELY NOW

Should Wait Until After the Period of Readjustment in Changing from War to Peace Basis—Tariff Revision Should Demand the Undivided Attention of the Country.

Toronto, Jan. 28.—"The manufacturers who transformed Canadian industry from peace to war are not afraid of transforming it back again from war to peace, but they ask for liberty to devote their entire energy to its accomplishment."

"Therefore the Canadian Manufacturers' Association believes that the country should concentrate on the one task of returning to peace conditions, with its attendant questions, and leave the highly controversial problem of tariff revision to a time when it can be given the undivided attention it demands."

The above is the attitude of the manufacturers of Canada, on the tariff question, according to a statement recently made by the general manager of the Canadian Manufacturers Association, in reply to the Western Grain Growers, and has been prepared according to instructions given by the executive council of the association at its last meeting.

The text of the declaration is in part as follows: "The Canadian Manufacturers' Association wishes to state clearly its position with regard to certain demands now being made, especially by the Western Grain Growers, for a radical change in the tariff of Canada."

"The chief of these demands are: (A) An immediate substantial round reduction in the customs tariff, including removal of all duties on farm and household machinery, lumber, cement, oil and a number of other articles which farmers buy."

"(B) Complete free trade between Great Britain and Canada in five years. The acceptance of reciprocity treaty with the United States which was rejected by Canada in 1911."

"That any further reduction of the tariff of the United States towards Canada be met by a similar reduction of the Canadian tariff towards the United States (Presumably free trade with the United States at any time the United States is ready for it)."

"It is fair to assume that the above reception. Mr. Campbell stated that he had very little to say, but in an impromptu speech he hoped that the returned men would have success in their new political platform, now being untried in several large sections of the country. Concluding he added as spokesman of the returned men of Canada, the returned man would give the hearty co-operation of himself and his fellow returned men to the cause of the returned men of Canada, and that he would be glad to do so in any way that would be of service to them."

Other speakers were: Herbert Mayes, Joseph McNamara, physical instructor of the Y. M. C. A.; Major Gordon Johnson and several others, each of whom had something of interest to say, and all were received in hearty manner.

The ball game commenced at 10, when Colonel James McAvity, former commander of the Fighting Twenty-Eighth, and later of the Depot Battalion, arrived in the hall. He was at once introduced to the platform and delighted the lads with humorous remarks in which he related his war experience, and his return to civil life, and handed out some sound advice for which there were no coins of court proceedings.

Immediately following him was Chief Justice Sir Douglas Hazen, who delivered a lengthy address on the War Saving and Thrift Stamp campaign, being inaugurated in Canada. In the course of his remarks he paid a glowing tribute to the returned men, whom he admonished yet had a task before them as to the reconstruction process which is to follow in the aftermath of the greatest war in all history.

Their duty was to aid their leaders, wherever they might be, in the return to civil life's problems, by loaning their monies to the government so as to enable it to meet the expenses of the future, and encourage home production, manufacturing and public works, without having the monies diverted to other countries, and in this manner would the soldier aid in giving his money; aside from the issue that he would encourage the government to meet the needs of the returned men, and at the close his address the boys arose with three lusty cheers and a tiger.

Then followed a monologue by Messrs. Carson and Panter which was thoroughly enjoyed by the boys. Both performers got off some good jokes and Mr. Carson had the boys laughing all the time, as he has the peculiar faculty of putting them over in the right place, and in the right time.

His Worship Mayor R. T. Hayes followed in a few well chosen words in which he informed the boys that the council considered no taxation on their pensions and incomes up to twenty-five hundred dollars annually. He ended in wishing the lads all success in the future. He was always at their disposal at the council board to render the returned man any service within his power. He was given three lusty cheers.

RED TRIANGLE HUT FORMALLY OPENED

Program on Barrack Square Enjoyed Last Evening—Addresses by Lieut.-Gov. Pugsley, Premier Foster, Mayor Hayes and Others.

With expressions of gratitude and with fine tributes paid to the work of the Y. M. C. A., the new Red Triangle at the Barrack Square was formally opened last evening. A large number of soldiers and citizens interested in the work of the Y. M. C. A. were present.

Lieut.-Col. James L. McAvity was chairman, and in opening the meeting he recognized that the chief duty of the Y. M. C. A. at the present time is to provide a steady market for their products in factory towns and cities.

"It is a general and familiar law, that in any country when fundamental tariff changes are anticipated, trades depression follows. During such periods of uncertainty, investment is curtailed, enterprise is limited, commerce lives from hand to mouth, consumers buy sparingly and business languishes."

"Timidity replaces confidence and resolution, and the general attitude may be described as 'wait and see'." "That is exactly opposite of what is required, that the chief duty of the Y. M. C. A. at the present time is to produce food, a duty which was performed by them with singular courage and success."

The possibility of the introduction of anything approaching free trade would create immediate and wide spread unemployment. Unemployment breeds social unrest, something which is not required at this time in Canada at the present time."

The Lieut. Governor, Hon. William Pugsley was the next speaker, and he paid a splendid tribute to the work of the Y. M. C. A. at the front, saying that the building of such a plant as this new hut shows that the enthusiasm and desire of the people to work for the soldiers is still continuing. He appealed to the returned men of Canada to stand up for the ideals of the Y. M. C. A. and to work in co-operation with them to end his suffering with some of the verses on a soldier's welcome home.

Major Walter Foster was the next speaker and he told the plan of the government for the settlement of soldiers on the land, the housing problem, and the difficulties of the Y. M. C. A. and said that the way people outside the government had taken to help the government was to appropriate to the Y. M. C. A. the work of the housing problem. Mr. Foster said that the Federal Government had taken to the credit of the Y. M. C. A. the work of the housing problem, and that it would be the duty of the government to crystallize some legislation so that housing companies and individual houses might be built both for soldiers and civilians.

In a few weeks, he hoped, a new labor bureau would be opened for the benefit of soldiers and civilians, and the problems of labor might be settled through the Y. M. C. A. A representative from Ottawa, Mr. J. F. Tilton, M. P., commented on the Y. M. C. A. work of the housing problem, and said that the Y. M. C. A. had done a great deal of work in the housing problem, and that it would be the duty of the government to crystallize some legislation so that housing companies and individual houses might be built both for soldiers and civilians.

Mr. Foster said that he was poorer every day he was in public life, and he felt that a man owed a duty to his country, and he was doing something for his country. He said that he was doing his duty on the duties of public life. He said that he was doing his duty on the duties of public life. He said that he was doing his duty on the duties of public life.

Major Hayes, in a very humorous speech told of his strenuous days as the "servant of all" in the many ways in which he was called upon to sympathize and assist. He complimented upon the men of the Garrison Regiment that much was due to the splendid co-operation of Lieut.-Col. McAvity. The Hut had cost \$3,000 less than it was expected, and the committee thanked Mr. Hayes for the satisfactory work.

Representing the Y. M. C. A., Major Fred J. Smith gave some experiences of the Y. M. C. A. at the front, and stated that he agreed with Captain Chubb that the soldiers had stood behind the good people at home, which had made such work possible. He felt that the soldiers had a different view of the Gospel through the moonlight services rendered them by the Salvation Army, the Red Cross, and other men would continue to serve at home for righteousness and for the good of the country.

Steve Matthew in an amusing way read a report of a trip he had taken to the West, and Central Canada, to the effect that they were wholeheartedly in the scheme for a political party of their own, to be known as the Independent Political Party of the returned men, and offering to forward men to this city from Central Canada to organize the Maritime Provinces and Eastern Canada on a working basis. This was received with tumult, and the boys were quite enthusiastic over the announcement.

F. A. Campbell, president of the Trades and Labor Council, who was in the audience, was called forward by the chairman, and was given a good

Y. M. C. A. WOMEN'S AUXILIARY HOLD ANNUAL SESSION

Meeting Well Attended Yesterday—Reports Received on Work Accomplished—Election of Officers for Ensuing Term.

The annual meeting of the Women's Auxiliary of the Y. M. C. A. held yesterday afternoon was well attended. The reports showed that a good year's work had been accomplished, and the year closed with a good credit balance on hand.

The secretary reported six regular and five special meetings held during the year. In February they had catered for the father and son banquet and in March for the reception of the mothers' day. Thirty-five socks had been contributed through the Local Council of Women, and \$150 had been paid on the piano. With the assistance of the Young Ladies League it had been decided to open a canteen for the Depot Battalion, at the Exhibition Building, and on April 23rd this had been opened. With the assistance of various churches and the King's Daughters, Circles entertainments had been provided every Friday night for the boys' assistance fund.

The election of officers resulted as follows: Mrs. H. Colby Smith—President. Mrs. R. A. Corbett—1st Vice-President. Mrs. E. L. Rising—2nd Vice-President. Mrs. E. S. Stephenson—3rd Vice-President. Miss Lewis—4th Vice-President. Mrs. Fred Z. Fowler—Secretary. Miss Esley—Treasurer. Mrs. T. H. Sommerville—Convener of House Committees. Delegates to Local Council of Women—Mrs. E. Barnes, Mrs. A. E. McGilley, Mrs. Frank White, Mrs. J. F. Tilton, Mrs. Fred Z. Fowler.

Kings County Valuation Assessed at Eight Millions (Continued from page 1) moved, seconded and resolved that a bureau of fire, of which two departments of Health, was proposed to address the council, he was not heard. Dr. G. G. Melvin, chief medical officer under the Public Health Act, 1918, was the first speaker, and after first explaining that he is here to represent the Minister of Health, Hon. Dr. Roberts, who is prevented from attending on account of illness, he went very fully into the different provisions of the act, and in speaking of the general scope of the act, he said that he considered it the most important legislation passed by the provincial legislature since the Public Health Act of 1917. After dealing with the general provisions of the act, Dr. Melvin explained the details with which it becomes the duty of the council to deal. The province is divided into sub-districts which coincide with the counties. Each sub-district is to have a bureau of fire, of which two departments of Health, was proposed to address the council, he was not heard.

Following Dr. Melvin the council was addressed by Dr. Brown, chief medical officer, after which it was moved by Coun. Shary, seconded by Coun. Gorman, that the council proceed to nominate members of the sub-district board. This motion was discussed by a number of councillors and carried on division by a narrow majority. There were five nominations as follows: Murray G. Harner, S. H. Flowering, Dr. Jack O. W. Wetmore and A. E. Pearson and on a ballot being taken, O. W. Wetmore of Calton, A. E. Pearson of Sussex and S. H. Flowering of Hampton were nominated. These were unanimously communicated with by telephone with a view to an immediate preliminary meeting, the members appointed by the government, Dr. Peters and Dr. Brown being present. A delegation from Roxbury, J. M. Robinson and J. H. A. Fairweather, addressed the council in behalf of an application for reduction of the assessment valuation of the Roxbury Collegiate School to a nominal valuation of \$10,000. This was granted. Many important matters are to come before the council tomorrow and it is quite possible that the business may not be completed without a third day's session.

Mrs. Henry Potter, The death occurred at Warren, Rhode Island, on Monday, of Mrs. Henry Potter, daughter of Archibald Dibble, of Broad Street, St. John. Mrs. Potter was married in 1874 to her husband, and her sister, Mrs. Henderson had gone from St. John to be with her. Mrs. Potter leaves one daughter, Mrs. Henderson, who is now in St. John, and Mrs. Breen, Mrs. H. Henderson, Mrs. George Alton, Mrs. Jennie Foster and Mrs. Hannah Dibble, of St. John, and Mrs. H. Belding of Hampton. There is one brother, Robert Dibble, of St. John, who with Mrs. Breen, had on last evening's train to attend the funeral.

The Meaning of "Boche." The origin of "boche" is obscure. There used to be a current in Paris and other large cities in France the phrase tete de boche, which signified obstinate or hard-headed. In France the Germans have the reputation of being tete dure (hard heads), hence tete de boche. To describe this quality they were called Allemand-boche, which became successively Alleboche, Albocho, Al-bocho and finally just Boche. Whatever its origin, it is used as a term of reproach. The Germans themselves take it very seriously.

THIEVES WORKING AT HALIFAX Halifax, Jan. 28.—That a number of crooks are in Halifax is manifested by robberies which have been committed within the past few days. A week ago a break was made in a Tower Road house and money was stolen. Two night on a house on Compton Ave. was entered and a quantity of goods stolen. Sunday evening on Charles street, a house was broken into, while the inmates were at church. The thieves must have been frightened away, while they were searching a desk, in which was a cash box with some \$30, which they must have overlooked in their hurry. Last night a shop in Blowers street was broken into and \$25 was obtained.

FOR SALE At once 100 tons No. 1 Oat Feed at \$1.50 per bag, some slightly damaged by water at \$1.25 per bag. Call, wire, or phone to A. Garson & Co., 103 Union street, West St. John. Phone W. 435.

MILITARY APPOINTMENTS. Now Brunswick Regiment, 1st Detachment—To be Lieutenant: Lieutenant Beverly Gordon Appleby, Hussars, 4th November, 1918. *Temporary appointment. No. 7 District Depot—The mentioned officers are struck off strength of the C. E. F. on account of illness.

SPORTING GOSSIP OTTAWA DEFEATED ARENAS LAST NIGHT

Toronto, Jan. 28.—Ottawa sprang the biggest surprise of the season when they defeated Arenas here last night by the score of 2 to 1. The teams were tied 1 to 1 at the full time, and it required sixteen minutes extra play before Cameron made a dash, slanted around the local defense and beat Lindsay for the winning goal.

The losers missed numerous opportunities to score and were not helped any by Benedict's brilliant performance in the Ottawa net. The win places the senators at the head of the race for the second season games, they having won both games played and these away from home.

RECORD PRICES FOR BOXING BOUTS Up to the time that Jess Willard steps into the ring to meet Jack Dempsey or some other man and collects \$100,000, win, lose or draw, Jack Johnson, the former heavyweight champion, holds the record price for a boxing bout.

His share of the \$101,000 purse offered for his battle with Jim Jeffries at Reno, Nev., on July 4, 1910, was \$60,000. In addition he received \$10,000 as a bonus for signing the articles and \$30,000 for his share of the moving picture privileges.

This brought his total earnings up to \$103,000, but his receipts from the bout proper was \$70,000. No moving picture privileges are mentioned in Willard's agreement with Rickard, but they may have a private understanding. There is no law against shipping boxer "movies" from one state to another.

The Jeffries-Johnson battle holds the record in total receipts up to this time at \$270,750. The Willard-Moran bout in Madison Square Garden in March, 1916, ranked second, with \$151,224, while third on the list comes the Gans-Nelson fight in 1916, when the total receipts were \$69,715. Tex. Rickard promoted all three bouts.

LOCAL BOWLING. On Black's alleys last evening the Panthers of the City League took all four counters from their opponents, the Pilots.

In the Commercial League the Western Union aggregation took the four points from the Ames-Holden-Panthers.

Following is the scores of last evening's games: CITY LEAGUE. Panthers. Maxwell... 85 118 101—304 101 1.3 Jordan... 107 88 71—266 88 2.3 Lemon... 107 92 114—312 104 Copp... 108 85 98—291 97 Melviken... 89 105 99—293 97.3 496 487 483 1466

BEATHEYS... 107 108 102—316 105 1.3 Smith... 87 85 94—266 88 2.3 Ramsey... 78 111 91—280 93 1.3 Cromwell... 92 80 103—275 91 2.3 Coughlan... 114 92 98—298 99 1.3 478 475 482 1435

NEWCASTLE CURLING. Newcastle, Jan. 28.—Last week's results in the curling ring are as follows: Jan. 20.— Skips: J. R. Lawlor... 7 D. S. Croughan. 7 Jan. 21.— Jos. Jardine... 13 A. H. MacKay 4 Edward Dalton... 16 F. W. Dalton. 13 Jan. 22.— R. W. Crocker... 18 C. Sargeant... 6 G. M. Burchill... 16 P. E. T. Linton 6 D. S. Croughan... 11 P. N. Brown... 10 Jan. 24.— J. H. Sargeant... 7 John Russell... 6

THE WEATHER. Washington, Jan. 28.—Northern New England—Partly cloudy Wednesday; Thursday fair, not much change in temperature; moderate variable, mostly west wind. Toronto, Ont., Jan. 28.—The weather today has been moderately cold in the Maritime Provinces, Quebec and Northern Ontario, but has continued cold in Southern Ontario. An unusually warm chinook wind is blowing in Alberta and Southern Saskatchewan.

Dawson... Min. Max. Victoria... 30 48 Vancouver... 42 46 Edmonton... 14 26 Calgary... 20 56 Battleford... 4 26 Prince Albert... 8 22 Toronto... 28 37 Kingston... 28 34 Montreal... 18 22 Ottawa... 16 24 Quebec... 8 13 St. John... 14 22 Halifax... 16 28 —Below Zero. Forecasts—Maritime—Northernly winds, moderately cold, and fair, followed by snow. Quinine That Does Not Affect Head Because of its tonic and laxative qualities LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. There is only one "Bromo Quinine" on the box. W. GROVES'S signature on the box. 30c.

MARRIED WOMEN NOT ELIGIBLE New Orders Issued Tuesday Cuts Them from Army Medical Corps Nursing Service. Ottawa, Ont., Jan. 28.—Married women will not, hereafter, be eligible for appointment to the Canadian army medical corps nursing service, it was learned at the military department today. It is further stated, in these orders, that married women, not being widows, who are now employed in the nursing service, will be relieved of duty except in the case of those whose husbands are still overseas. Such nursing sisters may be continued on duty, if so desired, but not after the return of their husbands from overseas. No nursing sister, married without permission during her service, will be retained on duty. Special cases may be considered, if the circumstances of the married nursing sister and her dependents appear to the authorities to warrant such submissions.

Your Blue Serge Suit

No man should be without a serge suit, but—mind what we say—and we repeat it—but unless the suit he buys is right in every way, it will be the most unsatisfactory of all suits.

Ours we commend with confidence, they're right and good, but—get the best. Get it soon. Your size is probably here now. It may not be later on. Most of the cloths cannot be bought now and the makers are asking our prices for suits of similar quality.

\$25, \$30, \$35, \$38, \$40 Gilmour's, 68 King St. Ten per cent. discount to soldiers off first civilian outfit.
