HAULTAIN'S LETTER CAUSES HOT DEBATE

Laurier Says That He and Northwest Premier Couldn't Agree on School Clause, and it Was Useless to Discuss it—Hints That Amendments May Be Made—Foster and Fitzpatrick Indulge in Some Heated Remarks.

Ottawa, March 15.—(Special)—There is considerable talk here about referring the educational clause of the Autonomy Bill to the judicial committee of the Imperial Privy Council, to ascertain if it is within the constitution, but nothing could be obtained on the subject...

Mr. Sifton, two years ago, said that the question of autonomy could not be taken up in the absence of Mr. Fielding, and Mr. Borden did not wait for either Sifton or Fielding, and notwithstanding all this...

Mr. Borden wanted to know why the leader of the government had not consulted the people of the west. He also wanted to know if there were to be any amendments to the bill, and if it were true that a reference to the educational clause was to be made to the Supreme Court...

question for a month or for a year there would have remained the same difference. We knew exactly the line of cleavage between us. We said to Mr. Haultain, we do not agree with you, perhaps you are right, perhaps wrong, but at any rate that is our way of thinking, and we will prepare the clause according to our view...

Mr. Haultain had nothing to complain of. "That is the position of the matter, and I leave it to the house to decide whether, under such circumstances, we have not given Mr. Haultain and Mr. Bulyea and the members representing the Northwest Territories every opportunity to be heard by us and to have their views presented and thoroughly considered."

Mr. Borden has pressed for information on other subjects; I do not think this occasion calls for more information than I have given on former occasions. It shall be the duty of the government as the house every day receives many petitions but they refer only to the school question.

Mr. Borden has found evidence of hasty preparation in the general scope of the bill. He does not agree with this. It is true that Mr. Haultain takes exception to almost every provision of the bill, but if I am to judge from the expressions of opinion which are coming in from all parts of the country, there is only one feature of the bill, and that is the school clause, which has caused any comment.

With regard to the number of provinces to be created, to the land question, to the financial question and to all the other proposals of the bill I have yet to learn that exception has been taken. The house every day receives many petitions but they refer only to the school question.

JUDGE OF THE SUPREME COURT Was Alarmingly Afflicted With La Grippe. Cured by Pe-ru-na.

HON. W. H. PARSONS.

W. H. Parsons is a State Senator and ex-Special Judge of the Supreme Court of Texas, also Brigadier-General in Confederate Army, and a recent letter from 325 H Street, N. W., Washington, D. C., this prominent gentleman says: "Upon the recommendation of personal friends and many strong testimonials as to the efficacy of Peruna in the treatment of the numerous symptoms of the grippe with which I have been afflicted for four months past, I have been induced to undergo a treatment with this truly curative formula. I feel a decided change for the better after using it only one week. It is especially good in toning up the stomach and has had a decided effect upon my appetite. I therefore feel much encouraged that I am on the road to complete restoration."

Pe-ru-na cures more cases of la grippe than all other remedies combined.

reaches the source of all diseases of the mucous membrane by its action on the mucous-membrane of the nose. Every person who has had la grippe during the last year should take a course of Peruna. No one need expect perfect recovery unless they do so. The grippe has produced catarrhal inflammation of the whole mucous membrane, and good health is impossible until those are restored to a normal condition. This Peruna will do. A great many remedies have been suggested for the condition from time to time, but Peruna appears to be the only remedy that has any substantial value in these cases. It has never failed to give satisfactory relief after years' experience and still occupies the unique position of being the leading (if not the only) specific remedy for the after-effects of la grippe.

A reward of \$10,000 has been deposited in the Market Exchange Bank, Columbus, Ohio, as a guarantee that the above testimonial is genuine; that we hold in our possession authentic letters certifying to the same. Every one of our testimonials are genuine and in the words of the one whose name is appended.

Catarrah Points To the Grave

The Stepping Stone to Consumption, a Vicious Robber of Health, an Enemy to all Mankind. The man with which has no chance. His blood is weak, his digestion is impaired, he complains of heaviness of head, the coughing he does makes his throat inflame, his face and makes consumption easy.

Catarrahone instantly relieves, and in a short time thoroughly cures. On this there can be no doubt. In the very early stages of the disease the following can be used with absolute certainty in using Catarrahone; it is unexcelled guaranteed for preparing the throat and nose. Catarrahone cured me of weak lungs and really saved me from consumption. I am recommending Catarrahone, knowing what great curative powers it possesses.

An American Disease

Indigestion is Responsible for More Sickness in America Than Any Other Disease. Some doctors go so far as to say that indigestion is the national disease of America. It attacks the stomach and causes the glands to secrete mucus instead of the juices of nature's digestion. Consequently the blood is poisoned. The entire system is weakened.

It is but one national remedy for indigestion, and that remedy is Dr. Hamilton's Pills, which enter deep by thousands into the human stomach. They strengthen the kidneys and cleanse and purify the blood, and add general tone to every organ of the body. Flesh and strength are fast restored and the patient can eat and digest any food he pleases.

WONDERFUL EFFECT OF SALT INFUSION

St. Louis, March 14.—After having been pronounced dead by two physicians and a provision merchant, has been restored by the infusion of a salt solution into her veins and is now believed to be recovering her health.

Five weeks ago Mrs. Sweet, suffering from gastritis, went to Hot Springs (Ark.) in the hope of recovery. On the night of Feb. 13 she seemed to be dying and her husband, a provision merchant, has been restored by the infusion of a salt solution into her veins and is now believed to be recovering her health.

We Will Buy

A 50c. Bottle of Liquezone And Give it to You to Try. We want you to know about Liquezone, and the product itself can tell you more than we. So we ask you to let us buy you a bottle—a full-size bottle—to try. Let it prove that it does what we say it can do. See what a tonic Liquezone is. Learn that it does kill germs. Then you will use it always, and we do not care how many of others do.

This offer itself should convince you that Liquezone does as we say it does. Give it to you if there is any doubt of results. You want those results; you want to be well and to keep well. And you can't do that—no, not a day—without Liquezone.

We Paid \$100,000 For the American rights to Liquezone. We did this after testing the product for two years, through physicians and chemists, through thousands of different cases of any germ disease. Liquezone has, for more than 20 years, been the constant subject of scientific and chemical research. It is not made by compounding drugs, nor with alcohol. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you.

50c. Bottle Free. If you need Liquezone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and we will pay the druggist ourselves for it. This is our free gift, made to convince you; to show you what Liquezone is, and what it can do. In justice to yourself, please, accept it to-day, for it places you under no obligation whatever. Liquezone costs 50c. and \$1. CUT OUT THIS COUPON for this offer. Do not mail it to The Liquezone Company, 535-54 Wabash Ave., Chicago. My disease is: I have never tried Liquezone, but if you will supply me a 50c. bottle free I will take it. Give full address—write plainly. Any physician or hospital not using Liquezone will be gladly supplied for a test.
