

CIVIC ELECTION CAMPAIGN OPENS RED HOT IN WINNIPEG

Mayor Gray Called Liar and Murderer.—Invited to Address Meeting,
But Given no Chance to Speak.

(Special to Record.)
Winnipeg, Nov. 6.—The first blows in the civic election campaign were struck on Wednesday evening. They were metaphorical, aimed at the mayor, who was present and an air of antagonism prevailed from the time of the Mayor's entry, when cries of "Book!" "Here's the gray Mayor!" met him until he left, with their boots following him into the corridors.
Mayor Gray shouted, "Let any man who says I am a liar come to the platform."
Toner, former officer of the police man's union and one of the biggest men, physically, in Winnipeg, walked from his seat half-way down the hall, but was restrained from attacking the Mayor.

LADIES INDUCE PACKERS TO TURN CASH INTO BONDS

Innocents Abroad Get Rid of
\$25,000.

Ottawa, Nov. 6.—A party of five innocent-looking packers who appeared before the Board of Commerce Wednesday were surrounded in the Chat-eau Laurier by a number of Ottawa ladies who had charge of the Victory Loan booth in the hotel. A few minutes' conversation resulted in the packers being induced to sign bonds for \$5,000 each, a total of \$25,000.
The ladies who proved their salesmanship and ability were Mrs. Arthur McLaughlin, wife of the Minister of the Interior; Mrs. Pierre Blondin, wife of the Postmaster General; Mrs. C. E. Mongenais, Mrs. Mayno Davies and Mrs. Redmond Quinlan. The gentlemen who succumbed to the charms and beguiling smiles of the ladies were E. C. Fox, of the Wm. Davies Co. Ltd., W. C. Waller, of Swift Canadian, J. S. McLaughlin, of the Harris Abattoir Co., R. J. Doherty, of the Canadian Packing and Brigs, Gen. J. A. Gunn, of Gunn's Ltd.
The amusing part of the whole proceedings was that Mrs. Davies, having some suspicions as to the seriousness of Mr. Waller, held his left hand while he signed his bond. Another feature of the matter is that General Gunn is chairman of the publicity committee for Toronto and will be forced upon himself with the citizens of the Queen City.

LOVED \$1,000,000 GIRL, ARRESTED FOR ABDUCTION

Regina, Nov. 6.—Frank Fick's "Love's young dream" was rudely interrupted by detective sergeant Killaway, and now Fick is awaiting preliminary hearing on a charge of abducting an heir-apparent of the age of eighteen years. A feat of the interruption was that the police officer made the arrest when Fick was dreaming on a pile of potatoes in a cellar at Yorkton, where he had taken refuge. The "Juliet" in the case is Emma Kendall, a sprightly lass of about sixteen summers, whose daddy is worth about \$1,000,000 and she is sure to get a good slice of this.

MUCH TIME WILL BE NEEDED FOR TRIAL OF STRIKE LEADERS

To Begin Within Ten Days.

(Special to Record.)
WINNIPEG, Nov. 6.—Sometime within the next ten days the actual trial of the eight strike leaders charged with sedition and conspiracy is expected to open. Before that time, however, some charges under which men are now held may be altered or enlarged. A. J. Andrews, K.C., special crown prosecutor, said today.
The presentation of the evidence before the Grand Jury will be the next step in the proceedings. The solicitors on both sides, however, look on this feature as something of a formality, but if the Grand Jury should not return a true bill, the case would be at an end and the men would go free. There is every promise of a long drawn out trial. The preliminary hearing at which only the prosecution put in its case, occupied 16 full court days.

ARRESTED ON MURDER CHARGE

Winnipeg, Nov. 6.—German Jacko, 28 years old, a Canadian, was arrested in Winnipeg on Wednesday by a Royal Northwest Mounted Police officer, in connection with the murder of Wasyly Rublyak at Kenora, Ont., nine weeks ago. After a chase, extended to Toronto, Jacko was arrested at the alien register office on Main street when he entered to register under alien enemy act. He will be charged with first degree murder. Constable J. Wood of Ontario will take him east for trial.

Two men were drowned two others, probably so, a boy was fatally shot while hunting, and a child burned to death over the week-end in Timiskaming district.

PRINCE DRIVES HIS OWN TRAIN

Rests Five Days in Ottawa Before
American Tour.

Montreal, Nov. 6.—At Flaville, twenty miles west of Trenton, the Prince of Wales boarded the locomotive of the C. P. R. train and personally drove the train into Trenton. He likewise shook hands with each individual of the C. P. R. train crew and staff.
The Prince reached Ottawa yesterday and will spend five days in recreation before going to the United States. None but social functions are awaiting him, the Canadian Club luncheon on Saturday excepted. The Prince starts his American tour in a U. S. Government train which will meet him at Ottawa.

WINNERS HAVE LESS VOTES THAN THEIR OPPONENTS

Many Elected Members Are Minority Candidates.

Toronto, Nov. 6.—The combined vote of twenty winners in the recent provincial elections is \$9,828 less than the combined vote of the losers who opposed them. This is the somewhat startling truth revealed by an analysis of the official returns received at Queens Park.
Sixty-one ridings have been reported and of these 27, three or more candidates. In only 7 of the 27 ridings where more than two candidates were in the field did the member-elect secure a majority of the votes polled.
So we have this result. Votes of 20 winners 92,912. Polled by opponents, 132,541. Of these minority candidates who gained seats in the house, seven were coalition supporters, seven were Liberals, one an independent Liberal, and five Conservatives.

15 NEW CASES OF SMALLPOX IN TORONTO

Total 56, Under Quarantine 159,
Many Cases Not Reported.

TORONTO, Nov. 5.—Fifteen new cases of smallpox were reported to the Department of Health during the last 24 hours, 13 of these are being quarantined in their homes. The total number of cases is now 56, while the persons under quarantine because of exposure number 159.
"It is clear," said Dr. Hastings, "that not all cases are being reported. The medical profession does not realize that the Public Health Act distinctly states that it is not necessary for them to be certain of the diagnosis, but if a physician has reason to suspect smallpox he is required to report to the Department of Health."

FEAR COMMUNIST RISING IN GERMANY

ESSEN, Germany, Nov. 6.—Investigators for the Deutsche Allgemeine Zeitung of Berlin claim to have discovered plans for a communist uprising to depose the present German government and to establish a new one modelled on the Russian plan which would be associated with the present Russian Soviet system.
The investigators assert the proposed revolution is to be assisted and officered by Russian Bolsheviks and that the outbreak is to have its beginning in the Russian coal district. This newspaper warning is so energetic that it is accepted in well-informed quarters as of more importance than the many rumors in circulation. Munich, Brunswick and other cities are claimed to be sub-centers for the movement.

Waitresses in the O. A. C. Guelph went on strike for higher wages.

DRURY VERY BUSY IN SECRET OFFICE

Waldron is Choice for Attorney-General.—Labor Will Help to Enforce O.T.A.

Toronto, Nov. 6.—Closeted in some secret place, Premier Drury is pegging away at his job of selecting a Cabinet. All possible avenues of information leading out from Mr. Drury's mysterious office are closed off and only a chosen few know of the hiding place.
One of the early guesses has come to be somewhat generally accepted as correct, namely that the next attorney-general will be Gordon Waldron. Mr. Waldron is a Liberal lawyer and has been closely in touch with the farmer movement from the first as legal adviser.
The U. F. O. members of the Legislature will have the support of the Labor group in the enforcement of the Ontario Temperance Act, as stated by Walter Rolfe M. P. for West Hamilton, leader of the Labor party and prospective Minister of Labor. He says that the principles of the I. L. P. required that the mandate of the people on the O. T. A. be carried out.

EIGHT-HOUR DAY AND 48-HOUR WEEK NOW THE PROPOSAL

(Special to Record.)
WASHINGTON, Nov. 6.—Chairman W. B. Wilson stated to your representative last evening that he would rule an amendment to include the eight-hour day limit in the proposed legislation in 1920. Unless his ruling is challenged, the workers' delegates have obtained the right to move an amendment to the present proposed bill to limit the working day to eight hours, as well as the week to 48 hours. This is what the fight has been for.

LATER RETURNS SHOW OHIO WET

Wets Leading in 59 Out of 88 Counties.

COLUMBUS, O., Nov. 6.—Later returns from Tuesday's prohibition vote in Ohio seemed to shatter the election night prediction that the dries had carried the four prohibition proposals. Fairly complete unofficial returns from 69 of the 88 counties gave the wets a lead of 14,000 on the repeal amendment, of 27,000 on the beer proposal, of 48,000 on ratification, and of 78,000 on the Crabbie bill.

TWO CUPS COFFEE LIKE 21 PINTS BEER

Investigation at St. Louis Shows
1½ Per Cent. Beer Non-Intoxicant.

(Special to Record.)
ST. LOUIS, Mo., Nov. 6.—An investigation into 2.75 percent beer and its effect on men and women, regular drinkers, occasional drinkers and total abstainers, shows that two cups of coffee have as much "kick" as twenty-one pints of 1½ percent beer. A stomach full of "2.75" is only enough for one quarter of a drink.
2½ percent of 1½ percent beer at a sitting is necessary for intoxication, but the human stomach will hold only one-seventeenth of that quantity.

DINNICK READY FOR S. R. M. PROBE

(Special to Record.)
TORONTO, Nov. 6.—Col. W. S. Dinnick, Vice-President of the Standard and Reliance Mortgage Corporation, arrived promptly at Osgoode Hall this morning a few minutes before the probe into the defunct company's affairs was resumed before the Master-in-Chambers, Mr. J. A. C. Cameron. Col. Dinnick's former absence, due to illness, necessitated two adjournments of the probe.
"I'm feeling fine," laughed Col. Dinnick. "Are you ready to go ahead?" Col. Dinnick was asked. "Certainly am. And I want the fullest possible investigation. It won't do if it ends with me. It wouldn't be fair. I have nothing to fear from it."

PROSPECTIVE ONTARIO LABOR MINISTER, HOME AND FAMILY—On the right of the picture is shown Mr. Walter Rolfe, Hamilton, Labor leader, slated for Minister of Labor in the Farmer-Labor Government. Next to him is his son, Gordon, aged 18, on the upper left-hand side of his house at 13 Pine street, Hamilton. In the right-hand corner below, is his daughter, Jeanne, aged 14, and on the right, Mrs. Walter Rolfe.

MAIL DELIVERY SYSTEM IN CITY KEPT TO EFFICIENCY

Two New Routes Are Added. Addition Goes Into Effect Tomorrow. Business Grows With the City.

ADDITION MADE WITHOUT INCREASING STAFF
Two new mail delivery routes will be added to the present number, which will bring the total up to 16. The addition goes into effect tomorrow.
The adding of more routes to the present number is of two-fold interest. Firstly, it means that the growth of the city continues and it has put more demands on the post office service. Secondly, it indicates that the local postal staff led by Postmaster E. H. Lindner who by the way, has been sworn in by Inspector Ross, are wide awake and are not allowing any grass to grow under their feet. Service is constantly growing with the city. In all departments is this the case. Of interest is a reference to the parcel post. Many packages are sent out and also many are received for local delivery. For example, consider a recent week. The highest number sent out for one day was 635. The lowest on any day was 380.
This growth in the business, the activity in and around the building and the congestion indicate that the city needs a new post office building.
The service throughout the whole city will be improved as a result. Particular sections, however, which will get a benefit, are the industrial section in the east end and the residential district on Courtland Heights.
The business at the local post office is constantly growing with the city. In all departments is this the case. Of interest is a reference to the parcel post. Many packages are sent out and also many are received for local delivery. For example, consider a recent week. The highest number sent out for one day was 635. The lowest on any day was 380.

CANADIAN SUGAR HELD AT NEW YORK

Ottawa, Nov. 6.—An interesting situation of an international character has arisen in connection with the raw sugar supply. The United States Federal Food Administrator has threatened to seize a large shipment of about thirteen million pounds of raw sugar now at New York and belonging to the St. Lawrence Sugar Refining Co. of Montreal, on the charge that it has been offered in the New York market at four cents above the legal price.

The Canadian Food commission here has wired that Canada expects to be protected against any delay in the forwarding of the sugar, as every pound now in transit is badly needed in Canada. The St. Lawrence refinery states that all the sugar was destined for the Canadian market.
They offered a small quantity of this raw sugar in New York, with the knowledge and consent of the United States Sugar Equalization Board. The sugar had been held up at New York for nearly two weeks, and is urgently needed here. There is some misunderstanding in the whole matter.

VACCINATION ORDER MODIFIED IN STRATFORD

(Special to Record.)
STRATFORD, Nov. 6.—The proclamation calling for compulsory vaccination of all residents of Stratford has been considerably modified as a result of an inspection of the local situation yesterday by Dr. McNally, district officer of health.
Dr. McNally inspected all of the cases and reported them of a very mild type. He felt that sufficient preventative would be taken, if compulsory vaccination was confined to school children and to any who have been exposed to contagion.
The city council meeting last night accepted Dr. McNally's version and a new proclamation was issued this morning. It, however, urges the citizens to be vaccinated.

W. Stokes, a member of the G. V. A., will run for alderman in St. Thomas.

SENATE AT WORK ON GRAND TRUNK BILL

Amendment to Postpone is Moved.—Borden Favors Purchase.

Ottawa, Nov. 6.—The Grand Trunk bill was debated at morning, afternoon, and evening sittings of the Senate today, the upper House remaining in session until midnight.
Only one amendment was formally moved. The sponsor for it was Senator Ross, of Nova Scotia, and it calls for postponement of consideration of the measure until next session.
Senator Lynch-Staunton gave notice of the following amendment:
"If the determined value of the preference and common stock in the aggregate exceeds \$7,414,700 sterling, the new guaranteed stock to be issued shall not exceed the face value of \$7,414,700."
Sir James Loughheed read a letter from Sir Robert Borden, in which the minister denied a report that he was not personally favorably disposed towards the measure.

A REDUCTION IN ASSESSMENT

Figures for Grand River Railway
\$9,000.

As the result of the conference in the offices of the assessment department yesterday afternoon the assessment on the Grand River Railway's property in the city has been fixed at \$9,000. The original figure was \$12,000.
The company had protested against the proposed figure and in order to have the matter cleared a conference between Assessment Commissioner M. Huebner, Manager M. Kirkwood of the G. R. Railway, Mr. Jeffrey, C.P.R. counsel, and Superintendent V. S. McIntyre of the city's street railway line, was held.
The company recently agreed to sell its line in the city to the municipality for \$5,000. This fact was played on by the company's representatives in their argument that \$12,000 is too high. The assessment of their power station on East King street, also was objected to, but as a similar point is before a Toronto court this matter was left in abeyance.
The law on the assessing of railway property is very complicated. Certain clauses in the general assessment act on the one hand and in amendments to it and several clauses on electric railway lines seem to be contradictory. "The Ontario Municipal Association is making determined efforts to have the statutes amended so that more property can be assessed and a fairer adjustment can be arrived at," Assessment Commissioner Huebner said.

CURRIE CALLED SECOND KAISER

Senate and Commons, Anxious to
Clean Up Business.

OTTAWA, Nov. 5.—Both Commons and Senate had morning sessions today in an effort to clean up the business and secure an early prorogation. The Senate discussed the Grand Trunk purchase bill. The Senate is in opposition to the bill as in its present form.
In the Commons the debate was continued on the amendment to the report of the Soldiers' Re-establishment Committee, and it developed into personalities.
Dr. Edwards (Frontenac) declared that Col. Currie had all the bumptiousness and assurance of Kaiser Wilhelm, with none of the latter's modesty.

ELECTION EXPENSE EXCEEDS MILLION

TORONTO, Nov. 6.—One of the first duties of the Provincial Treasurer, whoever he may be, in the Drury government, when it takes office at Queens Park, will be to make an entry on the debit side of his ledger. "Item one—general election and referendum vote \$1,260,000."

NEW HOME RULE PROPOSAL

LONDON, Nov. 6.—The new Home Rule solution provides for the creation of two Parliaments for Ireland, one for Ulster and the other for the remaining three provinces. There is to be a Council of Ireland, consisting of about 40 members, to be nominated in equal numbers by the two Parliaments.

TWO LIVES LOST IN HOTEL FIRE

J. Thompson of Chesley, Bruce
Co., One of the Victims.

(Special to Record.)
WINNIPEG, Nov. 6.—Joe Thompson's charred body and a few bones of a girl, two victims of the Belmont (Manitoba) fire which destroyed the Tanager hotel on Sunday morning, were found today. Thompson's body was on a wire spring mattress which still laid on a bedstead. A package of letters was also found near his head and some of these showed his address plainly. Evidently he was overcome by smoke. Joe Thompson was between 75 and 80 years of age, was a bachelor and his home was at Chesley, Ont., but he came west every fall to look after his large land holdings and always made his home at the Belmont Hotel on these trips.

ONE-ROUND BOUT FOR LAWMAKERS

OTTAWA, Nov. 6.—Civil war on a small scale developed in the lobbies of the Commons yesterday when Col. Currie, of Simcoe, and Dr. Cowan, M.P. for Regina, both Conservative Unionists, put on an exciting one-round bout.
In the afternoon when Mr. Calder spoke on the soldiers' bill, Col. Currie interpreted some remarks about the minister "dodging." The Cowan remarked that "that don't come well from a man who ran away from the trenches."

At night in the corridor Col. Currie accused Dr. Cowan of insulting him and accompanied the observations with slaps in the face, which peeled off some skin, whereupon the Regina man resorted with several whacks of his cane over the head of the member for Simcoe.
The language was very heated for awhile, but eventually cooled down. James Robb, chief Liberal whip, played the part of the blessed peacemaker.

U. S. GOV'T WILL NOT AGREE TO WITHDRAW INJUNCTION SUIT

WASHINGTON, Nov. 6.—The labor proposal for ending the coal strike through the withdrawal of the injunction proceedings against the officers of the United Mine Workers of America was bluntly rejected by the department of justice.
Assistant Attorney-General Ames declared the strike itself was a violation of law and as long as it continued the only place to fight it out was in court. Labor leaders, visibly disturbed by this refusal, state that this evening all hope of an immediate settlement of the strike.

3,000 SOLDIERS AT WINNIPEG

(Special to Record.)
WINNIPEG, Nov. 6.—Three thousand British soldiers will pass through Winnipeg on Monday on their way home from Siberia. The returned Soldiers' Association and auxiliaries have made complete preparations to entertain them. This is largest party which has yet come through the city, being the entire number carried by steamer "Mount Eagle."

REEVE OF GREENOCK SEIZED WITH STROKE

CARGILL, Nov. 6.—Reeve McNab, of Greenock Township, was seized with a paralytic stroke at 2 pm. at the King Edward Hotel, Choptow, on Tuesday night. He suffered a stroke of apoplexy in the spring of 1918, but fully recovered.
Mr. McNab at the last election defeated Denis Phalen, who had held the reeve's office for eight consecutive terms. There is much speculation as to who shall fill the reeve's chair until the end of the year. Two are named, ex-Reeve Phalen and Counsellor Geo. Gillespie.

Thirty-one farmers in Middlesex East subscribed \$30,400 to the Victory Loan.

SIGN TREATY NOV. 28.

PARIS, Nov. 6.—The treaty of Versailles and the peace settlement with Germany will most likely become effective on November 28. The signature of the protocol and the exchange of ratifications between Germany and such allied powers as have then ratified the treaty is to take place on that date.
