

## Completely Superior

You will never return to leather soles, once you have tried Neōlin. Neōlin Soles are completely superior in every way. They add comfort and smart style to your shoes. They cut shoe-costs by giving longer wear.
Neōlın's greater wear - Neōlin's saving in shoe-costs - is an established fact, established by men, women and children in a dozen walks of life. Many, many unsolicited letters come to us from grateful wearers of Neōlin. Many have stated that their Neōlin Soles have worn two and three times better than their leather soles. Some have written of a six times greater wear. And most enthusiastic are the letters of mothers whose shoe bills for kiddies have been cut in half.
Neōlın has surplus advantages. Neōlin Soles are better than leather soles not alone because they wear more dependably. They are better because more resilient, more sprıngy, more footeasy. Better because they are watertight as a leaf. Better because they are tread-sure and safe for young and elderly on sidewalks, marble or ice. And
better for men, as for women and children, because they confer a new foot-trimness in wet weather making clumsy rubbers unnecessary.
If Neōlin made no saving over leather, you would want it for these advantages. Add to them its undoubted economy, and $\mathrm{Ne} \bar{o}_{-}^{-}$ lin becomes the logical-the essential-sole for you.
Shoe merchants have many styles and prices of shoes with Neōlin soles. In their windows are Neolin price tıckets. Identifystores that sell Neölin-soled shoes by therm.
Neölin has been a great success. Because of distinct superiorities it is replacing leather for shoe-soles. Neölin's appearance can be imitated. But Neölin's qualities are the result of methods and materials known only to us.
Now there are other soles that look like Neōlin. But there is only one Neōlinand every pair is branded with the trademark below.
