QUEBEC.

RICHMOND CO. QUE.
DAKYLIN, Feb. 21.—We have had a heavy fall of snow, making good sleighing. The last few days have been very cold. Farmers are busy hauling logs, wood and ice. Pork has taken a rise to \$10.50, live weight; hay, \$10; eggs, 35c.; butter, 35c. Cattle are coming through the winter in pretty good condition. Every week carloads of cattle are shipped to the cities of Montreal and Quebec.—M.D.B.

ONTARIO.

DURHAM CO. ONT.
CAMPBELLTOWN, Feb. 21.—So far this month has been very cold—so below zero quite often. There is very little snow, which makes teaming difficult. Feed is fairly plentiful, except hay. Last season's big corn crop is helping the feed. The price of all kinds of grain seed is very high, which has a tendency to prevent farmers from sowing what they should or would. A large number of cattle have been shipped from here and

other points near by. The high price of hogs has caused farmers to put a number of unfinished animals on the market. Butter, 35c. to 36c.; eggs, 35c.; potatoes, \$1.50 a bush; beans, \$1 a bush; beef, \$11 by the quarter.—J. A. S. T.

PORT BURWELL, Feb. 21.—The weather is cold. Farmers are busy teaming grain to Port Burwell. Buckwheat is shipped at 75c. Sleighing is fairly good, which makes teaming easy. Potatoes, \$1.50; butter 45c.; eggs, 35c. Recruiting country and our best young men are leaving us for overseas service.—B.H.B.F.

WILLIAM CO. ONT.
BILLGHEBURG, Feb. 21.—The farmers are taking advantage of the good sleighing now to get their winter's work out of the way. The hay harvest is in full swing, owing to the present cold snap. Butter is 35c. to 36c.; eggs, 35c. to 36c.; beef, 11c. to 12c. dead weight; and 10c. to 11c. live weight; pork, 10c. to 11c. live; and 11c. to 12c. dressed; potatoes are scarce at \$1.50 a bush; hay, \$20 a ton.—G. W. C.

GREY CO. ONT.
THORNHURST, Feb. 21.—We have enough snow to make good sleighing. The weather has been very cold. A number of cattle and hogs have been shipped from Thornhurst during the last few weeks. Hogs were \$10 a cwt. Butter is

35c. in Thornhurst and eggs, 35c. On Collingwood market, prices are a few cents higher. A number of concerns have been held this winter in aid of Red Cross work. Some of the schools have been closed on account of measles, and there has been a great deal of sickness in the locality.—M.R. C. P.

QUAPPELLE, QASK.
PORT QUAPPELLE, Feb. 12.—We have had a very heavy snowfall with years and drifting every day through January. It has been extremely cold, 35.1 degrees below zero being lowest recorded. Feed getting rather scarce as everyone has been feeding since the first week in November. Snow is too deep for grazing of any account. Rail-roads are out of business on and mail in or out. Prospects are for a late spring and plenty of water on land.—R. H. C.

BRITISH COLUMBIA.

WESTMINSTER DISTRICT, B.C.
MATSOQU, Feb. 12.—After some weeks of almost continuous winter weather, we are having a little bit of Chinook winds. Feed prices are soaring. There is a surplus of hay, grain and potatoes still in farmers' hands. Twenty dollars a ton being offered for potatoes. Condition of potatoes in pits is quite uncertain. De-

mand for milk good at 22 to 23 cents a lb. butter fat. Vancouver delivery, and a 16-gallon can. Meat of all kinds is high. Horses are being bought for Alberta, but prices are low.—W. P. F.
CHILLIWACK, Feb. 17.—We have had about six weeks of cold weather, but the weather is beautiful now and the snow is almost gone. Feed, in many places, is very scarce, nine carloads of alfalfa hay have already come to Chilliwack and sold at \$20 a ton; timothy hay, loose, \$18; pork, 35c.; beef 15c. Cattle, on account of the shortage of fodder, are cheap, while milk and butter are high.—B.H.C.
