LIVE STOCK

LIVE STOCK

The total run of live stock at Toronto last week amounted to 22 ear, containing 44tl cattle, 245 sheep and lanks, 57 catves and 375 hogs. This is a fairly good run, considering that the farmers, owing to the mild weather, are busily engaged in their felds. The most surprising feature is the large number of hogs that are being tendency the start of the sta

markets.

In every section of Canada there is a marked exactly of good beef cattle. In winninge exporters are eagerly buying up all that come up at all to shipping qualitys, and the same is true of the older provinces. That this state of things is going to define for some time to come is very evidence for the community to keep pace with the requirements of the ever increasing consuming public.
