## The White-Allwork Kerosene Tractor

**Practical for every power job on the farm**

The White-Allwork Tractor is a wonder of simplicity, sturdiness and power. Well worth a place in "The First Quality Line." Use it for any field job, turning a three-plow furrow (four on some land), seeding or harrowing. Weighs only 4800 lbs. Will work on wet land without undue packing. Turns in a 12-foot radius. 28 H.P. at the belt and 14 H.P. on the drawbar—and plenty of extra power over these ratings, as hundreds of farmers have proved.

It will run a 16-inch ensilage cutter, or a 28-inch separator, grind feed, crush stone, saw wood, bale hay or straw—anything requiring power.

**Decide for yourself whether it will pay**

Let us tell you what the White-Allwork costs per acre for field work—What it will do on the blower. You can save money with a White-Allwork.
