

Among the Christmas Gifts

For the grown-ups or the nearly grown-ups, a Kodak for pictures of the post card size, $3\frac{1}{4} \times 5\frac{1}{2}$ inches. It is familiarly known to hundreds of thousands of enthusiasts as the "3A." It makes the largest picture available in "pocket photography." The 3A will really go into the side pocket of almost any coat. Frankly, however, it is more conveniently carried in an overcoat pocket—or slung over the shoulder in a case. The Junior model, with a fine Rapid Rectilinear lens, sells at \$26.43—and with the Kodak Anastigmat *f*.7.7 lens, at \$33.11. There are other more expensive models—all have the Kodak simplicity—and they all make good pictures.

A gift for the one who already has a larger Kodak—the Vest Pocket. You don't carry a Vest Pocket Kodak—you wear it, like a watch. It is always ready to picture the unexpected and the unusual. The price is \$11.21.

For the boy or girl in high school—the No. 1 Kodak Junior. There's always room for it in the pocket, and the Kodak story of the school days is one that not only gives fun in the making but in its album form becomes an permanent delight to the whole family. The price of the No. 1 Autographic Kodak Junior is \$17.89.

For the little folks—a No. 0 Brownie. These little cameras have good lenses and shutters and finders, and use the same film and make the same size pictures as the Vest Pocket Kodak. You will be astonished by the good work they do; you will be even more astonished at the intelligent way in which a youngster of seven or eight will go about picture-making with a No. 0 Brownie. The price is \$3.10.

This page gives only a hint of the Kodak and Brownie line—there are Brownies for pictures of every size that Kodaks make, and there are Kodaks with high speed shutters and rapid lenses—there are folding Brownies as well as box Brownies—but they all have one common characteristic—they make good pictures. And all Kodaks (except Stereo and Panoram) and all *folding* Brownies have something else in common—they are Autographic, and when used with Autographic film provide for the instant titling of every negative at the time it is made. And the Autographic costs no more than other film.
