

FAIRBANKS-MORSE

Improved Skidded and Portable Evaporator Tank

GASOLINE ENGINES

These engines are built along the same lines as our Fairbanks-Morse Standard Horizontal Engines, with the exception that our improved Cast Iron Evaporator Tank is cast on top of cylinder, as shown in illustration.

No cooling tank is required, thus overcoming the difficulty of carrying the usual great volume of water. The lubrication difficulties of Air Cooled Engines are overcome in the above, there is very little water in the tank to take off by drain in the cold weather, thus saving time and trouble, and there is no water pump to freeze up. We provide a shield to prevent water slashing out of the Hopper Jacket.

The skidded engine is a very desirable outfit where it is necessary to move the engine, providing a means whereby the engine can be drawn about on its iron-shod runners, or can be placed on a farm truck or a bob sled. The engine itself is Fairbanks-Morse in every respect, and ensures to the customers the best there is in Gasoline Engine construction.

Send for our FREE CATALOGUE G E 102, showing our full line of Fairbanks-Morse Vertical and Horizontal Gasoline Engines and Machinery for farm work. It means money saved for you. Write to-day.

The Canadian Fairbanks Company

THIS IS THE SHEET METAL AGE

Notice the beautiful design of this Galt "Classik" Ceiling—an exact replica in sheet metal of one of the artistic stucco ceilings of the Louis XIV. period. From this you can readily see why so many churches, schools, lodge rooms, theatres, stores, hotels, etc., etc., are installing Galt "Classik" Ceilings.

Nothing to equal them in beauty or permanency. Ceilings, walls and trimmings harmonize perfectly—the joints fit closely together and are invisible.

The most sanitary, fire-proof and lasting—and moreover so low in price you'll be surprised when you know how cheaply you may secure them.

Catalog "A" containing illustrations of Louis XIV. and Empire Classifications free on request.

THE GALT ART METAL CO., LIMITED, GALT, ONT.
