10 St. SACRAMENT STREET,
7-L-om Montreal.

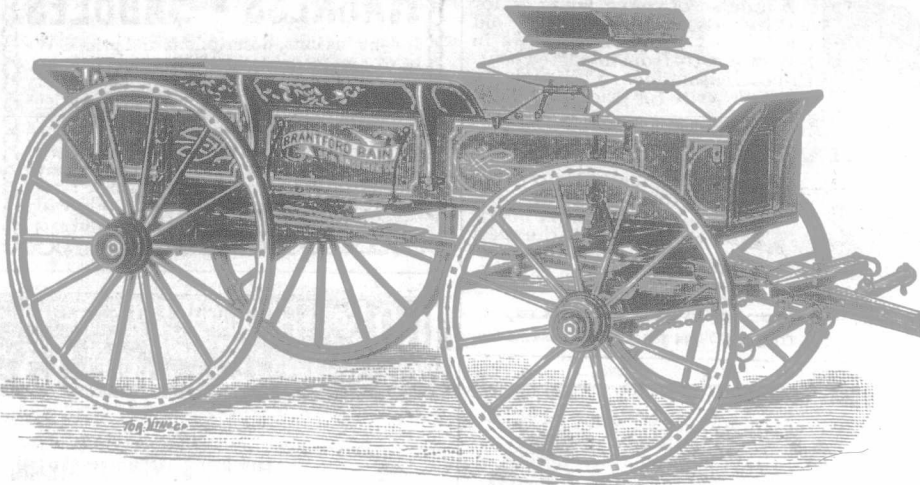

A NEW BROOM SWEEPS CLEAN!

Any kind of wire fence looks nicely when first put up, and it will usually turn stock when new and tight. Whether it will continue to look well and do good service for any length of time, depends almost wholly on its ELASTICITY. The Page is practically the only elastic fence on the market; the only MASTER of contraction and expansion; therefore, the safest to buy and use.
