

FARMERS OF WESTERN CANADA

¶ You cannot be sure of getting all you ought to realize out of your grain except by shipping it in carlots to Fort William or Port Arthur, and having it sold for your account by a first-class grain commission house, acting as your agent. ¶ We possess unsurpassed facilities for so handling Wheat, Oats, Barley and Flax for farmers who ship their grain themselves, because we are an old-established and reliable commission firm, well known over Western Canada as working solely on commission as agents for shippers, and we are prepared to handle to the best advantage for our customers all grain entrusted to us. We make liberal advances against railroad car shipping bills immediately we receive same and make prompt returns after sales have been made. We are not track buyers, and do not buy your grain on our own account, and we always give our customers the name and address of the party or firm to whom we sell their grain. ¶ Please write us regarding prices, market prospects and shipping instructions, and for our "Way of Doing Business," as you will be sure to gain advantage and satisfaction thereby.

As to which of the two discovered the Pole, that, of course, is immaterial. It is generally conceded that several Scandinavians came to America long before Columbus; that an Italian, and not Henry Hudson, discovered the river which bears the latter's name; that Fulton did not invent the steamboat. Probably the verdict of history will be that Swan Johnson, of Minneapolis, discovered the North Pole in 1914, while trying to find his way home from a Sons of Thor lodge meeting.

DIVIDING YEAR'S CROP

An interested reader in the East writes to find out what proportion of the crop should fall to him, provided he came to Saskatchewan to work a section of unbroken land without buildings, the owner of the land to provide implements and the newcomer to supply seed and labor and to put up necessary buildings. Perhaps some of our readers can furnish us with particulars as to what would be a reasonable division of the year's crop.

PURE-BRED CATTLE PRICES IN U.S.

At a combination sale of Aberdeen Angus cattle at Kansas City, 18 females averaged \$94.55; and 12 bulls \$146.05. At a sale of Herefords in the same city 17 females averaged \$131.15, and 32 bulls \$185.30. At a sale of Shorthorns in the same place, 31 females averaged \$246.65, and 12 bulls \$205. At a sale of Shorthorns at Belmont, Ind., 39 females averaged \$86.70, and 6 bulls \$93.35. At a sale of Shorthorns at Anamosa, Ind., 36 females averaged \$134.15, and 12 bulls \$106.45.

TWO IMPORTANT CLYDESDALE IMPORTATIONS

The liner Cassandra sailed from Glasgow, October 16, with over 100 head of Clydesdales, 87 for Canada, and the balance for the United States. The largest individual importer was John Graham, Carberry, Man. He had 16 stallions and 5 fillies. Geo. O'Brien, Calgary, Alta., was bringing over his first lot, 11 fillies and one yearling colt. Other Canadian buyers were: T. J. Berry, Hensall; A. F. McEwen, St. Thomas, and R. J. McMillan, Seaforth, all of Ontario. Of the shipment of John Graham, the most prominent individual, was the celebrated big prize horse Arnot's Heir (12004), got by Hiawatha (10067), out of the prize mare Elsie, by Master Robin (8040). Arnot's Heir has won many prizes. He was in the final for the Glasgow premium on several occasions, and is regarded by several Canadians as the best Clydesdale stallion for their trade seen in this country. Along with him is Lord Guthrie (12646), a son of the Cawdor Cup champion Marcellus (1110), out of a mare by the big horse Mains of Airies (10379), and a first prize winner at the Royal Northern Shows. A strong five-year-old stallion is by the famous prize horse Royal Edward (11495), while his dam was by the Highland and Agricultural Society champion horse King of the Roses (9927). Another of the same age, and a prize winner at Dublin and Belfast, is by Prince Patrick (12292), out of a mare by Baron's Pride (9122). Four three-year-old stallions are nearly all exceptionally well bred and breeding like. One is by Silver Plate (11936), out of a mare by the noted Lord Stewart (10084). Another is even better. He is by the champion Marcellus (1110), out of an own sister of the Cawdor Cup champion Baron Kitchener. Two are by the famous Baronson (10981), sire of Oyama, one being out of a mare by the Highland and Agricultural Society first prize horse Royalist (6242), and the other out of a mare by Hiawatha (10067). Among a well-balanced lot of two-year-old colts are a get of Dunure Favorite (11692), out of a mare by MacNeil (4566), which stood second to Cairnbrogie Stamp as a two-year-old; two are by Sir Hugo (10924), one of them being out of a mare by Sir Everard (5353), and one by the Cawdor Cup champion horse Hiawatha Godolphin. The Glasgow and Perthshire premium horse Sir Simon (10465), and the noted Gartly Cashier (11719) were laid under contribution in this age. There is a yearling colt by Chattan's Best (13407), and his full sister, a year older; also another yearling colt by that well-bred prize horse Baron's Charm (12441). Amongst the females is a four-year-old mare by that splendid breeding and prize horse Royal Baron (11161), the sire of noted winners. A yearling filly is by Tunic (13816), out of a mare by the renowned Baron's Pride (9122). Three-year-old mares are a pair of thick, well-bred animals, by Davy Jones (12935) and Rosador (13888). The dam of the last-named is by Hiawatha (10067).

Mr. Graham is holding a portion of his importation in Ontario until after the International Exposition at Chicago, at which he purposes making exhibits.

The consignment shipped by Geo. O'Brien, Calgary, consists of 11 fillies and one yearling colt. The yearling colt is by the noted prize horse Baron's Chief (10971), and was first at Rothesay Show. Among the fillies is a well-bred three-year-old, bred by Mr. S. Wallace, Clone, and second at Port-William Show this year. She is by Pride of Blacon (10837), winner of first prizes three years at the Highland and Agricultural Society's shows, and own brother to the Cawdor Cup champion mare Chester Princess. This capital young Clydesdale is in foal to the champion horse Everlasting (11331). A two-year-old black filly from Drummond was fourth at Port-William, and is also by Pride of Blacon (10837). A particularly good yearling filly is by the Edinburgh champion horse Baron Winsome (12475). She takes rank as one of the best of her age exported this year. Amongst the others are three-year-olds by Fashion Plate (10746), Elator Prince (12566), and Paymaster (12268). This last is out of a mare by the celebrated prize horse Cairnbrogie Stamp (4274). There are two-year-olds by the noted champion horse Labori (10791), the well-bred Best of All (12048), and three are by Pride of Blacon (10837), one of them out of a mare by the successful breeding horse Up to Time (10475). Mr. O'Brien was looking for animals to found a breeding stud of his own, and picked mares and fillies.
