## The HOBART MILL

The only straight road to larger coffee profits lies in grinding it yourself, fresh for every customer. But there is a broad distinction between mills that accomplish this only indifferently and those that perform it effectively and profitably. With the Hobart Mill you have the successful experiences of thousands of other grocers to back up your selection. Ask any user what he thinks of the Hobart and we feel sure he will tell you (as hundreds of others have told us) you could find no better economizer or profit-producer. Write to-day for full particulars and beautifully illustrated booklet without obligation.
