It has been reported recently that a majority of the Chil-eans favored abandoneans favored abandon-ment of the policy of strict neutrality. Amsterdam, July 24 .- The Sunday edition of the Weser Zeitung of Bremen, under the caption "Only patience!" places the net monthly loss through the submarine operations, after deducting new construction, at 700,000 to 750,000 gross tons. From this the newspaper comes to the conclusion theoretically that in forty-five months time the last merchantman will be sunk. It adds for its readers comfort, however, that England must give in much earlier, being al-ready obliged to withdraw tonnage from the navy for mercantile purposes.

Copenhagen, July 24 .- "The Kaiser Socialists" were taken sharply to task at a meeting of Socialist voters in a big electoral district of suburban Berlin yesterday for violating Socialist tenets by associating with the emperor at Dr. Karl Helfferich's garden party conference last week.
