## WIRELESS OUTFIT IN WALL ST. OFFICE

Powerful Enough. It Is Said, to Communicate With Germany

## TEUTON IN CONTROL Was Manager Before War Of Company Composed of Subjects of Kaiser.

New York, March 5.—Wireless apparatus sufficiently powerful to communicate with Germany, which was in the possession of Richard Pfund at one time manager of the German Telefunken plants at Sayville, N.Y., and Tuckerton, N.J., was seized yesterday by Federal officials. It was known to-day that the outfit was found in a room in the tower of the office building at 111 Broadway. While it was disconnected it could have been set up in half an hour, experts declared.

The raid was made by United States Marshal McCarthy, an army intelligence officer, and navy wireless expert, and other government agents. They were refused admission by Pfund who occupies the four floors of the tower as a laboratory. He took the stand that he was doing experimental work for the navy and that they had no right to interfere. He unlocked the door, however, when the officers threatened to break it down.

Does Work for Navy Pfund is said to have made an explanation concerning the presence of the apparatus in his laboratory, but the nature of it has not been disclosed. He was not taken into custody although it is understood the enquiry has not been completed. His assertion that he had been doing work for the navy was verified, but no announcement was made as to its nature. He is said to have shown the officers the model of a field wireless outfit for communication between points on the battle front.

Owners of the building said that prior to 1913 Pfund was manager of the German Wireless Company, and that the corporation was the tenant of the tower. It failed to renew the lease in 1913, however, and Pfund took over the four floors which he used as an experimental laboratory. They said he had wires strung on two structures of iron work on the roof, which he used as an antennae, presumably for testing wireless apparatus.

Questioning of the superintendent of the building to take possession of a photograph named Pfund sometimes went to the roof of the building to take pictures.

HOLLANDERS WORK HARD (Associated Press.) The Hague, Netherlands, March 4.—Many of neutral Holland's diplomatic representatives abroad are hard worked in temporarily looking after the interests of warring nations on both sides. The record is so far held by P. H. Hotz, Dutch consul-general at Beyrouth, Syria, who has in his care the affairs of ten nations beside those of his own, including those of the United States.

Two Dutch surgeons are charged with periodical inspections of the British prisoners of war in Germany.

RUGGIES, BICYCLES, HIGH (Associated Press.) Rome, March 4.—Baby carriages and boys' bicycles are now selling second hand at nearly double the price of a new article before the war. While the average price of a second-hand man's bicycle is \$30 to \$40, an old boys' bicycle easily brings \$50, and at that few are offered for sale. Fastidious that before the war turned out baby carriages and bicycles are now working day and night on war materials.

NOVA SCOTIA STEEL CO. (Associated Press.) Montreal, March 4.—Directors of the Nova Scotia Steel and Coal Co. will be in session here to pass on the financial statement of the company for 1917. It is hoped some concrete

## OLD FOLKS NEED "CASCARETS" FOR LIVER, BOWELS

Salt, calomel, pills act on bowels like pepper, acts in nostrils. Enjoy life. Don't stay bilious, sick, headachy and constipated.

Get a 10-cent box now. Most old people must give to the bowels some regular help, else they suffer from constipation. The diet is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are weaker.

So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels move in regular activity. This is important at all ages, but never so much as at fifty. Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lax can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only 10 cents per box at any drug store. They work while you sleep.

## COULD NOT STOP THE HEADACHES

Until She Tried "Fruit-a-tives"—Made From Fruit Juices

112 CONSUM ST., ST. JOHN, N.B.  
"I feel I must tell you of the great benefit I have received from your wonderful medicine, 'Fruit-a-tives'. I have been a sufferer for many years from violent headaches, and could get no permanent relief. A friend advised me to take 'Fruit-a-tives' and I did so with great success; and now I am entirely free of headaches, thanks to your splendid medicine."  
MRS. ALEXANDER SHAW, 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent on receipt of price, postpaid, by Fruit-a-tives Limited, Ottawa.

proposal to the Dominion interests may result from the meeting, but the talk of merger with the Dominion Steel Corporation will not likely come up at this meeting.

## BRITISH AIR CHIEF INURED

Brig-Gen. Hoare, Formerly at Toronto, in Accident At Fort Worth

Fort Worth, Texas, March 4.—Brigadier-General Hoare, Commander of the entire British Royal Flying Corps in Canada and the United States, has been injured severely in an airplane crash at Hicks Field, Camp Taliaferro, Fort Worth, Texas.

Brigadier-General C. G. Hoare came to Canada in January, 1917, when he was then Col. Hoare, as head of the Royal Flying Corps, which then decided to extend its recruiting field extensively here. General Hoare served first in the army with the Central India Horse, and later joined the flying branch, being in that part of the service in France before coming to Canada. He is about 35 years of age.

R. F. G. officials here state that General Hoare was only in a slight accident, and is not at all seriously hurt.

## ROOSEVELT DEAF IN THE LEFT EAR

Teddy Also Subject to Other Ailments As Result of Operation

By Courier Leased Wire. New York, March 4.—Colonel Theodore Roosevelt has recovered sufficiently to warrant his leaving the hospital this afternoon. A statement issued by the Roosevelt's physicians asserted that as a result of the operations performed for abscesses in his ears, Colonel Roosevelt had lost, probably permanently, the hearing in his left ear. The hearing has been temporarily impaired in his right ear, according to the physicians.

It was further said at the hospital that for months to come the Colonel would be subjected to dizziness at any quick motion, due to the temporary loss of control of equilibrium which has been caused by the operations on the internal ear on the left side.

The physicians insist that with rest the patient may recover speedily from the effects of the severe operations he has undergone.

The abscess, his physicians say, was due to the malarial fever which the Colonel contracted in South America in 1914. It had developed into a fistula which the operation completely cured.

## RAIDING PARTIES ACTIVE IN WEST

Australian Troops Brought Back Prisoners From Fox Lines

By Courier Leased Wire. London, March 4.—"A number of successful raids were carried out by us last night on different parts of the front," says to-day's war office report.

"Australian troops entered German trenches near Warneton and after killing at least fifty of the enemy and destroying several dugouts brought back eleven prisoners and a machine gun."

"Other successful raids were carried out by Australian troops in the neighborhood of Gapauch, east of Messines and south of Hollebecq. Prisoners were taken by us in each case and another machine gun was captured. North Middlesex troops raided the enemy's positions north of Passendale and captured several prisoners."

"Our casualties in these raids were light. Our troops also entered the German lines at several other points, in each case reaching the objectives, but without securing prisoners, as the enemy's garrisons had withdrawn."

"A raid attempted by the enemy south of St. Quentin was repulsed, leaving a few prisoners in our hands."

## Music and Drama

### "PEG O' MY HEART"

There is a subtle magic in "Peg O' My Heart," which can be explained by one word—genius. It has a spontaneity of careless laughter and a sweetness and calm so often lacking in popular comedies. For "There is nothing half so sweet in life as love's young dream," says Peg, and J. Hartley Manners has suffused his comedy with the sweetness expressed in the title. "Peg O' My Heart" comes to the Grand Opera House on Saturday, March 9th, matinee and night, and tells the story of a little Irish girl who is taken into her aunt's family in England to be reared under the peculiar provisions of an uncle's will. She is as natural as April weather and almost as wayward. She has a big heart, natural ways, and what her aunt calls "impossible manners." In the course of the drama the charm of her character grows constantly more luminous and the characters of her relatives cast deeper and deeper shadows. Manager Whittaker having seen this production in Hamilton, wishes to personally recommend it to the patrons of the Grand.

### "THE WHITE FEATHER"

At the Grand Opera House next Tuesday, March 6th, Albert Brown will begin an engagement in "The White Feather," the British War Office secret service drama by Lechmere Worral and J. E. Harold Terry. This is the play, which under the title of "The Man Who Stayed at Home," has been running for more than three years in England, and which Mr. Brown has produced and Canada for fourteen months. The play has been styled a melodramatic comedy and is said to contain numerous thrills and almost endless laughter. Its story deals with the exposure and subsequent capture of a quartet of German spies who to further their scheme have purchased and are operating an English seaside hotel. The guests include an M.P., his daughter, Molly, a recruit and a supposedly foolish young Englishman, who would not enlist, and his mysterious woman acquaintance. This foolish young fellow is "Kit" Brent, who is in love with Molly Preston, but whose suit is discouraged by her father, because of Brent's failure to have enlisted. Brent is in the Secret Service and is endeavoring to discover the Kaiser's source of information, has struck a trail that leads him to the German's nest, and then things happen with a rapidity that is startling. Brent uncovers the wireless apparatus that the Germans have hidden in the fireplace. In quick succession sketches of English fortifications are lost, found, stolen, recovered, copied and destroyed and all this is accomplished by the foolish young Englishman. It is only in the nature of things that Brent should be even suspected of being in the service of the Kaiser and this suspicion is even shared by his sweetheart, but in the end when he has accomplished the task assigned him he is, of course, rewarded with the love of Molly. Mr. Brown has surrounded himself with a most capable company of English players.

## WOMEN SOLDIERS FREED FROM JAIL

Members of Russ Battalion of Death Liberated in Halifax

By Courier Leased Wire

Halifax, March 5.—Three young Russian women, two of whom are honorably discharged members of the famous battalion of death of the Kerensky regime, have been released from jail here. They arrived at this port over a month ago on a steamer from Archangel, and decided to land here as they had heard so much of the good wages in Canada. The captain of the ship on which they were serving as waitresses, permitted them to land, but did not furnish them with passports. Soon after they came ashore and secured employment at a local restaurant. They were apprehended by the local authorities for not having complied with the immigration laws. They were detained for over a month, but intervention on their behalf by prominent citizens resulted in their release, and they are now at work once more.

One of the women was a private in the battalion of death and another was a nursing sister in the same unit.

Crown Syrup in "Perfect Seal" Quart Jars. Holds 3 lbs. syrup. When empty use for preserves.
