KU KLUX CLAN MAKES APPEARANCE AGAIN
Activities of Secret Organization in South on Side of Loyalty

According to an article in the New York Times by Mr. Littell McClung, the dread "Invisible Empire" is again abroad in many districts of the South. The activities of the secret organization are all on the side of loyalty, fortunately; and, as in the seventies, public sentiment is said to be strongly behind it. The most notable instances of recent interference occurred at Mobile, Ala., when a threatened strike of seafarers and washerwomen was pre-

Lemon Juice For Freckles

Grief! Make beauty lotion at home for a few cents. Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

vented by the intervention of the Klan. The agitator who was fomenting the trouble received repeated warnings that he was in danger, and in order to protect him the police put him under arrest. While on the way to the police station in the patrol wagon, they were stopped by an automobile squad, each car bearing the insignia of the Invisible Empire—the fiery cross of Scotland, the occupants also being clad in the weird garments of the Ku Klux Klan. The policemen were

threatened with revolvers and the prisoner removed from the wagon. What became of him after this is not recounted, but the strike was averted and war work proceeded as usual.

At Birmingham, Ala., a strike leader was planning for a big walk-out of workers at some mills in the suburbs. The strike, however, never materialized, and the man has never been heard of since. The Klan professes to be on the look-out for alien enemies, for the disloyal and for strike agitators. If there are no labor troubles, the Klan goes after slackers and idlers. A preliminary warning is given, which, if not heeded, is followed by more drastic action. In Montgomery, the Klan has warned off all immoral women from Camp Sheridan.

The members of the secret so-called Klan are said to be drawn from the best men in the community, and the long white robe, covering both body and face, is worn as in the old days. Horses and automobiles are similarly covered. By this terrifying costume it is the object of the Klansmen to strike fear into their victims as to obviate further drastic action; if this should fail of its intended effect, however, the members are all sworn to carry out their purposes without fear of the consequences.

The re-creation of this formidable body, after an inactivity of fifty years, is one of the most extraordinary outcomes of the war. All who have seen the Birth of a Nation picture can readily conceive what an immense power for good or ill is possessed by a secret association such as this. It is a matter for profound

Catarhal Deafness Cannot Be Cured
by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarhal Deafness, and that is by a constitutional remedy. **HALL'S CATARRH MEDICINE** acts through the Blood on the Mucous Surfaces of the System. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrh, which is an inflamed condition of the Mucous Surfaces. **ONE HUNDRED DOLLARS** for any case of Catarrhal Deafness that cannot be cured by **HALL'S CATARRH MEDICINE**. TO every home there comes a time when every thought, every hope, every prayer for the future centres on the recovery of one loved one. In that hour of anguish, every means to recovery is sought—the highest medical skill, trained nurses, costly treatment. Does the price matter?

★ ★ ★ ★

It may be so great as to stagger the imagination—a sum beyond the possible.

But does anyone ask, "Can we do it?" Money or no money, they do it. And somehow they pay.

It may mean doing without things they think they need. It may mean privations, sacrifices, hardships. They make unbelievable savings, they achieve the impossible, but they get the money to pay.

★ ★ ★ ★

To-day in this critical period of our nationhood, there is imperative need for **MONEY**—vast sums of money. Only one way now remains to obtain it.

The nation must save, every community, every family, every individual Canadian must save.

If anyone says "I cannot save" let him consider to what extent he would pinch himself to relieve the sufferings of a loved one at home; and surely he would not pinch less for our fighting brothers in France.

Without suffering actual privations, nearly every family in Canada can reduce its standard of living, can practice reasonable thrift, can make cheerful sacrifice to enrich the life-blood of the nation.

You who read this, get out pencil and paper NOW. Set down the items of your living expense. Surely you will find some items there you can do without.

Determine to do without them.

Start TO-DAY. Save your money so that you may be in a position to lend it to your country in its time of need.
