NEWS FROM OTTAWA

Saturday Was a Very Busy Day for the Premier.

TWO VERY IMPORTANT MATTERS

Which Occupied the Attention of Mr. Laurier—The Settlement of the School Question and the Instructions to the Pacific Cable Representatives—Other Items.

Ottawa, Nov. 8.—(Special.)—Yesterday was an exceptionally busy day for the Premier. He was, so to speak, between two fires. The Manitoba Cabinet was considering the settlement of the school question, while the cable commissioners, who are to meet representatives from sister colonies, and the Mother Country in London to-morrow were receiving their instructions.

It is given out here that there will be no official announcement of the terms of the school settlement before Wednesday. This is to give time to permit of the draft agreement, as modified by the Greenway Government yesterday, to reach here by mail, so that the Federal Cabinet may have an opportunity of carefully scrutinizing its provisions and judging of the effect of the modifications. These, it is claimed, are only of a minor character. The general basis of agreement is as announced some time ago: Half an hour daily for religious exercises, certificated Catholic teachers in school sections where 2 families reside, and provincial control over the schools.

A good deal of interest attaches to the course the Government is likely to pursue on the Pacific cable question. The late Government were prepared to commit Canada to defraying one-third the cost of building the line, but it is said the commissioners appointed by the Laurier Ministry are not authorized to pledge the Dominion to any specific line of policy, but only to hear what the other Governments are prepared to do, and report to Ottawa.

Justice Taschereau of the Supreme Court, who is now in India for the benefit of his health, has been granted an extended leave of absence by the Government. It is not likely that Judge Taschereau will return to Canada until after the winter months are over.

The Government yesterday forwarded a batch of orders-in-council to Lord Aberdeen in British Columbia for His Excellency's approval. They were principally duplicates of those consumed by the burning of the Governor-General's office.

Major McGillivray, M. P., arrived in Ottawa on Friday night from the east. He had been lobbying a bill through the State Legislature of Vermont on behalf of the Independent Order of Foresters, who are doing business in Vermont, but not incorporated under the State laws, or invested with the right to sue for liabilities against the I. O. F.

Sir Mackenzie Bowell, K. C. M. G., publisher; John W. London, Charles Bowell, John Wills, Mackenzie Jamieson, all of Belleville, Ont., who are to be the provisional directors, have applied for incorporation as "The Intelligencer Printing and Publishing House." The company will carry on The Daily Intelligencer and Weekly Intelligencer.

The Dominion Statistician is compiling figures in regard to the pork packing industry of Canada, which were desired by the Pork Packers' Association at Toronto.

From advices received at the Agriculture Department, the hog cholera in Essex County has spread to Walpole Island and Kent County, adjacent to the localities where the epidemic broke out. An officer has been sent up to make full enquiry.

New regulations are published in yesterday's Gazette from the Inland Revenue Department regarding the bottling of spirits in bond. They are calculated to make the bottling much more strict than it has been and provide for the payment of $50 per month to the department for supervision. Duty will be collected on any deficiency between the quantity entered and that bottled. No quantity less than twelve cases shall be entered by one entry, and the bottles are to be labelled and stamped.

Mme. Laurier has returned to the city from Arthabasmaville.

The well-known Ottawa legal firm of Chrysler & Lewis have dissolved partnership.

ALMOST SANK ANOTHER.

The Steamer Tiber Was Within Twenty Feet of Cutting Down a Second Fishing Schooner.

St. John's, Nfld., Nov. 7.—The steamer Tiber, which sank the three-masted schooner Maggie off this harbor last night, drowning thirteen people, nearly sank another schooner at midnight last night near Cape Spear, three miles from the scene of the sinking of the Maggie. The crew of the schooner experienced the greatest difficulty in attracting the attention of those on board the steamer to her presence. They burned flares, shouted lustily and resorted to every device possible to make the presence of the schooner known, but without avail. Finally, as a last resort, the mainsail was let go and allowed to drop with a crash. The noise made by this procedure must have attracted those on board the Tiber, for she immediately altered her course. She passed within 20 feet of the schooner.

Inquiring Into It.

St. John's, Nfld., Nov. 7.—A magisterial inquiry into the Tiber collision is progressing to-day. It is reported that warrants have been issued for the arrest of the Tiber's captain, mate and lookout man when they arrive at Sydney. No bodies have been recovered from the schooner Maggie, the vessel that was run into and sunk by the Tiber.

SHOT HIS CHUM.

Boys Went Shooting Sunday Afternoon and One is Now in the Hospital With His Lungs Pierced.

Brockville, Nov. 8.—A serious shooting accident occurred here about 5 o'clock this afternoon. While three young men named Thomas Mallon, Harry Songer and John Davis were shooting in the bush about a mile west of the town, a 36-calibre revolver in the hands of Songer went off, the bullet piercing both lungs of Mallon, who now lies in the St. Vincent de Paul Hospital in a very critical condition. The poor boy Songer is near crazed with grief, and immediately on his return to town gave himself up to the police, who are holding him pending investigation.

Train Robbed of Specie.

Colon, Colombia, Nov. 7.—A considerable amount of specie has been stolen from a railroad train while in transit across the Isthmus. The specie was intended for shipment by one of the mail steamers to Europe. The amount secured by the thieves is estimated at from $5000 to $15,000.

They Sang at McKinley.

Canton, Ohio, Nov. 7.—Major McKinley had many callers to-day. Among them were two little old women attired in black. Their faces were pale and they looked nervous, but there was a purposeful gleam in their eye. They advanced side by side to Major McKinley, and extending their hands in turn sang four lines of congratulation in rhymes. This is the first experience Maj. McKinley has had with poets since his election, and the first congratulation he has had in song from the lips of composers.

A WAVE OF PROSPERITY.

Fifteen Clothing Factories at Egg Harbor, N. J., Start Up After Being Idle All Summer

Egg Harbor, N. J Nov 7—Egg Harbor City has been struck by a wave of prosperity. Fifteen of the 38 clothing factories have resumed operations, after being idle all summer The knife handle factory has received orders for one year ahead, and the national parchment paper factory has enough orders on hand to employ thirty men all winter. A franchise for the erection of an electric light plant was also awarded by the city council last night.

No Grounds for a Boom.

San Francisco, Nov. 7.—Thomas Lloyd, the editor of The London Statist, descants upon the result of Tuesday's election in a cablegram to his paper in part as follows:

"The outcome of the election was a surprise to both parties. McKinley's majority is a decisive proof that the people are resolved to fulfil their obligations to the letter. The spirit of confidence has been strengthened, trade will now gradually improve and prosperity will return, but there are no grounds for a boom. It remains to be seen whether Republican leaders will prove equal to the occasion. The good reason for judicious speculation now, as properties are cheap. Investment is safe if care is exercised. The best of Americans hope for a slow recovery other than a boom."

Boom at Hartford.

Hartford, Conn., Nov. 7.—The New Departure Bell Company works at Bristol Commons begin this week to run six days a week.

The spoon department of the Bristol Glass and Clock Company is running full time and may be working overtime within a few weeks. All the manufacturers in Bristol report an improved feeling in business and feel confident that an era of prosperity is at hand. Two firms are arranging for the enlargement of their plants.

Findlay Industries Booming.

Findlay, Ohio, Nov. 7.—The Dalzell, Gilmore & Creighton glass globe and window glass works, Findlay Clay Pottery Works and the Findlay Table Factory have started up on full time and with an increased number of hands to fill orders which were received contingent upon McKinley's election.

Preparing to Start Up.

Dayton, Ohio, Nov. 7.—Interviews with manufacturers show that nearly 50 concerns are preparing to start factories with a full force on full time within the next ten days.

Put on 100 More Men.

Shelby, Ohio, Nov. 7.—The Shelby Steel Tube Works, which has employed only 300 men all summer, has hired 100 more since the election. The Shelby Cycle Works is increasing its force.

Silk Mills to Start.

Hartford, Conn., Nov. 7.—Cheney Bros. will start up their silk mills at South Chester on full time next week. They have been running on short time for several months.

ROBBED HIS BEDFELLOW.

A Chance Acquaintance, Who Was Not Square—Drowning Case.

Kingston, Nov. 8.—Friday afternoon Nicholas Palmater came over from Cape Vincent. On the boat he met a man named, N. McCormack, and the pair became quite friendly. On reaching Kingston they put up for the night, rooming together. At about 2 o'clock Saturday morning McCormack got out of bed and disappeared. At 3 o'clock Palmater discovered that $20 had been taken out of his trousers pocket, and the matter was reported to the police. P.C. McCullagh and Palmater started in pursuit of the suspect. He was run down at Napanee and brought back here for trial.

W. L. Hodgson of Sunbury, while temporarily insane, is supposed to have drowned himself in Rideau Canal. His hat was found among driftwood. He was a young and prosperous farmer. His body has not been recovered.

BOSTON SUFFERS FROM FIRE.

The Works of the Boston Bridge Company Gone Up in Smoke.

Boston, Nov. 7.—The large four-storey works of the Boston Bridge Company on Sixth street, Cambridgeport, were burned to-night. Shortly after the fire started a number of terrific explosions occurred, greatly alarming the thousands of people who had been attracted by the fire. The explosions were caused by the oil used for heating rivets and other pieces of iron. Burning oil scattered the flames to every portion of the building. D. H. Andrews of Newton, owner of the bridge works, places the loss at about $160,000, of which $35,000 is on building and $125,000 on machinery, with a total insurance of $125,000.

Troup is After Those Students.

New Haven, Conn., Nov. 7.—Alexander Troup, Connecticut member of the Democratic National Committee made a formal demand to Yale faculty that the leaders of the Yale students who interrupted the speech of William J. Bryan when he spoke on the Green a month ago be summarily punished. The letter declares that the ringleaders are well known and that if they are not punished by the Yale faculty they will be brought into court and sentenced.

TORONTO MARKETS.

Flour—The market is firmer in sympathy with wheat. Straight rollers are quoted at $4 to $4.10.

Bran—Trade quiet and prices firmer; dealers asking $8, west. Shorts $9 to $9.50 west.

Wheat—The market is firm, but there is very little trading owing to the high prices asked. Red and white are quoted outside at 82c and holders of No. 1 hard are asking 95c, Toronto freight, but buyers hold off.

Buckwheat—The market is quiet, with sales at 31c outside.

Barley—Trade quiet, with No. 1 quoted at 38c to 39c, No. 2 at 31c to 32c and No. 3 extra 27c to 28c outside.

Oats—Offerings moderate and prices steady. White is quoted outside at 20½c to 21c and mixed at 19½c to 20c west.

Peas—Trade quiet and prices are steady at 43c to 43½c west.

Rye—Trade quiet, with sales outside at 35c to 36c.

Corn—Market dull, with prices at 27c to 28c at outside points.

Oatmeal—The market is unchanged, with car lots quoted at $3.15 to $3.25.

BRITISH MARKETS.

Liverpool, Nov. 7.—Spring wheat, 6s 11d to 7s 0d; No. 1 Cal., 7s 6d to 7s 7d; corn, 3s 3½d; peas, 4s 11½d; pork, 50s; lard, 23s 9d; bacon, l.c., heavy, 30s 6d; do., light, 29s 6d; do., s.c. heavy, 25s; tallow, 20s 6d; cheese, white and colored, 51s.

Liverpool—Close—Spot wheat firm; futures firm at 6s 10½d for Nov. and Dec. and 6s 10¼d for Jan., Feb. and March. Maize quiet at 3s 3¼d for Nov. and Dec. and 3s 2½d for Jan., Feb. and March. Flour 23s 6d.

London—Wheat off coast firm, on passage strong. Maize on passage firmer. Wheat cargoes 6d to 1s higher.

HARVEY GOT OFF LIGHTLY.

The Ex-Treasurer of Guelph Pleaded Guilty and Was Sentenced to Only Three Months.

Guelph, Nov. 7.—(Special.)—At 10.30 this morning the celebrated Harvey case was called. All the seating room in the court house was taken up, many having to stand. The people were doomed to disappointment again, as Mr. B. B. Osler, Q. C., failed to connect and was unable to attend in the morning, and Mr. Johnston, having no desire to appear disobliging in the matter, consented to an adjournment till 3 p.m. The legal talent, witnesses, etc., were sharp on time and there was a crowded court room at the hour set for the resumption of the trial. The feeling was rather tense, recalling the other trials of wide public interest.

Mr. Osler arrived in the court room at 3.10, accompanied by Mr. Macdonald. Counsel for the Crown were in their places at the hour set, prepared to proceed with the charge investigated at the police court, wherein Harvey was committed for trial for omitting to enter a sum of $500 received by him for the corporation from H. O'Hara & Co.

At 3.30 County Crown Attorney Peterson told the sheriff to announce to Judge Chadwick that they were ready to proceed.

The prisoner Harvey was then ushered into court by High Constable Merewether and given a seat at the table beside his counsel. The prisoner was apparently as cool as ever.

Mr. E. F. B. Johnston rose, and, addressing the judge, said that there were a number of indictments in the case and in some the facts were necessarily the same, but the offence was charged in a different way. They had arranged the order of the indictments and the Crown were prepared with witnesses, books, etc. There were seven charges altogether the other four being practically duplicates.

The judge asked which charge they proposed going on with and Mr. Johnston replied: "In the order in which you have them."

Mr. Osler said he was ready to go on with the case.

The judge told him that he had already pleaded guilty.

Mr. Osler said: "We propose in the seven indictments to withdraw the plea of not guilty and to plead guilty to each and all of these indictments. There were eleven charges, but four of them were duplicates. The disposal of the seven really disposes of the whole eleven, and," he reiterated, "we withdraw the plea of not guilty and plead guilty to the seven indictments as they are charged."

Mr. Johnston: The facts are practically the same in all of these except that they were different transactions and the evidence we have is simply of the payments of the money and the entries in the books. The seven charges set out the different transactions.

Mr. Peterson: The Crown proposes to offer no evidence on the four which are duplicates.

The judge: It is proposed that I should pass sentence on these seven indictments now, then.

Mr. Peterson: Yes.

The judge: I would be glad to hear what the counsel have to say in the case. I am not particularly well informed as to what reason there is for any particular sentence. I thought I would hear what you have to say before I pronounce sentence, which, if I can see my way clear, I will do now; for instance, if restitution had been made.

Mr. Osler: I will have something to say as soon as the Crown moves for the passing of sentence.

Mr. Peterson: I move that the sentence of this court be passed on the prisoner.

Mr. Osler commenced to address the court on behalf of his client, stating that, in his opinion, restitution had been made satisfactory to the city. "My client has, acting under the advice of myself and my associate, Mr. Macdonald, decided to plead guilty. The lapse, as lapse it is, from the path of right which he has made is a lapse deeply regretted by any client, and the punishment that he has already had is punishment of a lifetime. He who has climbed the ladder above his fellows when he falls rarely recovers himself. He has spent two months in jail and with great difficulty, by impoverishing himself and his relatives, made restitution which is satisfactory to the city. He loses his office, his place in society, his whole position in life. Without one hour of imprisonment from now on he has been grievously punished for his wrong. I submit that this be taken into consideration in the sentence which is to be passed by Your Honor."

Mr. Johnston spoke briefly on behalf of the Crown. He dealt with the principal points of the charges and left the case in the hands of the judge.

His Honor then proceeded to pass sentence, recounting alleged extenuating circumstances in the case. Restitution had been made satisfactory to the city. The prisoner had lost his position in society and had already suffered much by his imprisonment. He would impose what many would, no doubt, consider a light sentence, but one which he and the Crown officers considered would meet the ends of justice. He then sentenced Harvey to three months' imprisonment on each of the charges, the sentences to run concurrently.

When the sentence was pronounced the crowd signified its disapproval with lond and long-protracted "Oh's," which were squelched by the sheriff.

It is said $10,000 was paid to the city.

That Missing Nova Scotia Schooner.

New Haven, Conn., Nov. 7.—No word has yet been received from the missing schooner Iona, from Apple River, N.S., for this port, and grave fears for her safety are entertained in shipping circles She carries a cargo of grindstones. She sailed from Apple River October 11th and with ordinary weather she should have arrived several days ago. The Iona is a ninety-ton schooner, commanded by Capt. Henry E. Hummelman of Lunenburg, N.S.

Died From Heart Disease.

New York, Nov. 7.—Louis Boas, a retired merchant and one of the founders of the Hamburg-American line of steamers, died suddenly to-day from heart disease at the home of his son, Emil L. Boas, New York agent of the Hamburg-American line. The deceased arrived from Europe this morning on the steamer Phoenicia. He appeared to be in the best of health and spirits. He was driven to his son's house, where he expired.

The schooner Maggie was cut in two by the steamer Tiber near St. John's, Nfld., and thirteen persons drowned.

Thomas Mallon of Brockville was shot through both lungs by a companion named Harry Songer while hunting.

Archie Gilles of Teeswater was wounded by a boy friend who pointed a revolver at him, not knowing it was cocked.

The schooner Senora was wrecked in Lake Erie and five of the crew drowned. Amongst them was Malcolm McLeod of Toronto.

Ethel, the six-year-old daughter of Mr. J. L. Brown of Owen Sound, died from injuries received from a sawlog falling on her.

The body of Thomas Bradley of Thorold was found in the canal. He was riding a bicycle along the bank three weeks ago, and is supposed to have fallen in.

The schooner Waukesha was wrecked in Lake Huron owing to the conduct of a drunken captain and crew, and of the seven persons on board only one was saved.

Messrs. W. Anderson and E. Burrows, fishermen of Port Bruce, while trying to make the harbor of Port Burwell in the gale, were drowned by the capsizing of their boat.

A boiler explosion Saturday morning blew the Paterson Roofing Manufacturing Company's premises, on Front street east, Toronto, to ruins, and injured three employes, who at present are in the hospital progressing favorably.

A MOST SOLEMN HOUR.

Archbishop Langevin of St. Boniface Discourses on the School Question in Winnipeg.

Winnipeg, Nov. 8.—(Special.)—Archbishop Langevin of St. Boniface spoke on the school question at the ceremonies attending the reopening of St. Mary's Church, this city, to-night. He congratulated the congregation on their zeal in improving that church and said:

"If we did not hope in the future of this country; if we did not hope for a restoration of the liberties secured to us by the constitution, we would not increase our churches. I would not have given such permission in this case. Our hopes, it is true, have not always been realized, but surely we are now on the point of securing forever that most sacred right by which Catholic parents can have their children educated in the teaching of their religion. We need a church to come and pray for our schools. We need to do this because the hour is a most solemn one. It is to me, to know what they mean to do with us and what they have done. If our rights are to be secured; if we are to have what is most certainly given us by the constitution, the sacred right of educating our children according to our faith, it is all right. We will accept; but if things have been settled on other lines, and if our rights have been sacrificed, it is no political question, it is a question of justice, it is a question of the constitution, it is a question of the Catholic conscience, and each one of you, no matter who you are, must in the matter consult his Catholic conscience, directed by his Church, and also consult the constitution. Your children belong to you by nature; they belong to the Church, to me, by grace, and consequently we are both bound to see that their rights to a Catholic education in this country are safeguarded. Caesar must protect the right of the people; Caesar must uphold the constitution; Caesar must provide the means to see and insist upon every child receiving a first-class secular education. This is the right of Caesar and we recognize he has that right; but there are also the rights of Christian parents, and who is the man with authority to dispose of them and barter them away? Your children must not only have a mere smattering of religious teaching; there must be no question of bringing Christ into the school of a certain hour, but He must reign in that school as He should reign over the whole earth. When you have satisfied the statesby giving proper secular education, the state has nothing to do with the rest, that is our business. I feel quite satisfied that the honest people of Manitoba, if properly consulted, would be quite willing to give us what we ask—to declare that if we were not in the hands of politicians who act for their own interests, and if we could leave it to the honest common people of the country, who would look only to what is right and just, the question would immediately be settled according to equity, justice and the constitution." His Grace concluded by asking his hearers to pray that the time might be near when they should enjoy the rights they were entitled to as free men and as British subjects.

MORE WHEEL RECORDS.

Little Michael Rides Five Miles in 9.123-5 on a Quarter Mile Track—Notes of the Wheel.

New Orleans, La., Nov. 7.—With a strong wind on the back stretch and a slight mist falling at the close under the most discouraging conditions altogether, Little Michael, the Welshman, regained the four and the five-mile world's records made by himself in his ride of October 14 and lost to Tom Linton at Crystal Palace track October 19 in London.

Michael and the Lintons are fellow-townsmen and bear much friendly feeling toward one another, together with the natural rivalry. Michael broke Linton's mark of 9.17 3-5, doing 9.17 3-5 October 14. Linton did 9.16 on October 19, and now Michael has placed the mark at 9.12 3-5, a substantial cut. He took the same large slice off the four-mile mark, and now holds the two-mile at 3.55, the three-mile at 5.29 4-5, which mark he missed by but two-fifths of a second to-day; the four-mile at 7.21, breaking 7.24 2-5, and the five-mile at 9.12 3-5.

His first mile to-day was ridden in 1.45 2-5, and was paced by the sext, the second mile paced by T. Jaltus in 1.53, the third mile paced by the Phillips triplet in 1.54 4-5, the fourth mile by the Weinig quad in 1.59 4-5, and the fifth mile by the seat and T. Jaltus in 1.54 3-5. The little wonder was calling for faster pace continually, and is capable of doing under eight minutes for the mark on a favorable kind of a day. The performance occurred at to-day's pace meet at the quarter mile cement track, a half thousand spectators being present and cheering the many beautiful pick-ups by the pace making team.

MICHAEL CUTS ANOTHER.

New Orleans, Nov. 7.—James Michael broke the world's record for five miles here to-day. He rode the distance in nine minutes and 12 seconds. He was paced by a triplet, two quads and a sextet

SOUTHERN HOCKEY ASSOCIATION.

Annual Meeting Held at Hamilton—Practically No Change in Districts.

Hamilton, Nov. 8.—(Special.)—The annual meeting of the Southern Hockey Association was held in the St. Nicholas Hotel on Saturday night. Among the delegates present were: C. W. Lawton and J. K. Martin, Paris; W. L. Gibson, Brantford; P. A. Kerr and R. L. Innes, Simcoe; F. P. Wald and P. E. Bee, Niagara-on-the-Lake; F. C. McBurney and H. P. Stephens, Niagara Falls; A. L. Hamilton and A. N. Dunnville; Norman Clark, Woodstock; Windsam and E. J. Leith, Hamilton Victorias.

The members of the latter club are strenuously objecting to the grouping of the clubs, and demand classification with the Western district clubs, otherwise they threaten to withdraw from the association. The chief objection the Victorias have to the Eastern district appears to be the twelve-mile drive from St. Catharines to Niagara-on-the-Lake.

After a prolonged discussion it was decided to make practically no change in the districts, Hamilton, Niagara Falls, Niagara-on-the-Lake and Dunnville being placed in the Eastern district, and Paris, Woodstock, Simcoe and Brantford in the Western district. It was decided to reduce the annual club dues to $5, with an initiation fee of $2. The election of officers for the ensuing year resulted as follows:

President, William Wyndham, Hamilton; Vice-Presidents, Eastern, P. E. Best, Niagara-on-the-Lake; Western, J. S. Armitage, Paris; Secretary-Treasurer, H. P. Stephens, Niagara Falls; Executive Committee, Harvey Powell, Woodstock; W. L. Gibson, Brantford; R. L. Innes, Simcoe, and A. N. Myer, Dunnville.

PURELY PERSONAL.

The Duke and Duchess of York are arranging to visit Toronto in the autumn of next year.

The marriage will shortly take place of Sir Albert Kaye Rollit and the Dowager Duchess of Sutherland.

It is reported at Paris that Emperor William paid a secret visit to that city during the reception of the Czar.

Sir Charles and Lady Tupper left for England on board the steamship Numidian, which sailed from Quebec on Saturday night.

Mr. Edward John Poynter has been elected President of the Royal Academy as the successor of the late Sir John Millais, who died in August last.

The Whole Story.

Of the great sales attained and the great cures accomplished by Hood's Sarsaparilla is quickly told. It purifies and enriches the blood, tones the stomach and gives it strength and vigor. Disease cannot exist where the system fortified by this rich, red blood which comes by taking Hood's Sarsaparilla.

Hood's Pills cure nausea, sick headache, indigestion, biliousness. All druggists. 25c.
