OTHER TOWNS AND CITIES SHOW PROGRESS IN 1907

Remainder of The Restigouche
Graphic From Public Works Dept.
Officials Are Presented To-day

MANY IMPROVEMENTS MADE

The Graphic presents this morning the remainder of the reports received by it on the progress of Eastern Canadian towns. The same story of substantial growth and prosperity is told today as was told in Tuesday's issue.

HALIFAX

(By Mayor McIlreath.)
The citizens of Halifax during the past year have shared in the general progress and prosperity of Canada and the spirit of confidence for the future which our people feel is reflected in our civic life by the marked improvement of this old city.

LINDSAY, ONT.

(By Town Clerk Knowlton.)
The town of Lindsay during the past year has shown fairly steady advancement, adding two small manufacturing industries to its manufacturing list. The Madison Williams Foundry and Machine Co., employing fifty or sixty adult hands, and the Dominion Wheel Company, employing about twenty hands. About eighteen miles of cement sidewalk and seven or eight miles of sewerage were completed this year. The town is situated in the midst of a fine agricultural country, and has excellent railway and water facilities. Both the Grand Trunk and the Canadian Pacific, with branch lines, pass through the town, and the town is on the waters of the Trent Valley Canal. The population is about 8,000. Assessment about \$2,500,000.

PETERBOROUGH

(By Mayor McWilliams.)
Some of our largest manufacturing industries were enlarged during the year including those of the Canadian General Electric Company, the Quaker

Oats Co., the George Matthews Fork Packing Co., G. Walter Green, machinery, and the Peterborough Cereal Co. Several new factories were established, including a rapid tool factory, Excelsior Cleaning Co., a coconutting factory and an electric iron factory. Buildings permits to the amount of \$781,271 were issued during the year. Among the permits issued were for an armory, a collegiate institute building, a Provincial Normal school, a public school, a new church and an addition to an hospital. The population increased from 14,962 to 16,900. The value of the industrial products per head is \$723, the highest in the Dominion, and the value of the products increased from \$3,789,164 in 1900 to \$11,566,805 in 1907. Eight miles of concrete sidewalks, three miles of sewers and several miles of water mains were laid during 1907.

HAMILTON

(By J. P. Macleod.)
The city of Hamilton is situated on a land-locked harbor at the western extremity of Lake Ontario. Its population is 64,097; increase, 1907, 2,624. Total assessment, \$37,350,972; increase of 1907, \$2,642,804. Value of new buildings, \$3,030,249; increase, 1907, \$905,425. It is the leading manufacturing city of Canada and the electrical center of Canada. It has more branches of American manufacturing concerns than any other city of Canada.

ST. THOMAS

(By Mayor Laurence.)
St. Thomas is the railway city of Ontario. It has a population of over fourteen thousand; is situated on the following railroads:—Michigan Central, Canadian Pacific, Grand Trunk, Wabash, and Pere Marquette, and is the divisional point for most of them.

It has the nicest and finest public buildings and the best streets of any of the smaller cities of the province. It owns and operates its public utilities including waterworks, gas plant, electric light works and street railway, and is the most promising centre in Western Ontario for all kinds of industries.

SUSSEX

(By Mayor Murray.)
During the year 1907 Sussex has maintained its claim to rank as one of the most progressive and rapidly growing towns in Eastern Canada. With a population of something less than 7000, it has faced problems not easy to solve by a much larger number of people. Its public utilities have been improved and extended, its manufacturing plants enlarged, their plants, new industries have come to life. At the present time a new school building, probably the most modern in many respects of any in the province, is nearing completion at a cost of \$50,000. Sussex has faith in itself and looks forward to the future with confidence.

GLACE BAY MAN IS MADE CHIEF

Daniel Nicholson is to Succeed Gray as Police Head.

A special meeting of the Town Council was held Tuesday evening. In the absence of Mayor Murray, deputy Mayor Doherty occupied the chair. The only business transacted was the appointment of Daniel Nicholson as Town Marshal. Mr. Nicholson is at present on duty at Glace Bay and has been highly recommended for the position. He is a young man of considerable experience and the police committee are to be congratulated on securing his services.

ANOTHER ST. JOHN VICTIM OF SUICIDE

Mrs. Famote Reads of W. S. Barker's Death, Then Shoots Herself.

ST. JOHN, N. B., Tuesday.—Mrs. Eliza Famote of New York who had been visiting her sister Mrs. Lebaron Flewelling of the Mahogany road for the past six weeks shot herself last night. She had been melancholy for some time, the financial stringency in New York having made business dull, in the dress-making lines in which she was engaged being in the employ of a large firm in that city. Mrs. Famote read and re-read the stories of suicide of W. S. Barker, and seemed to be quite cheerful when she went to bed last night. This morning, however, when she did not rise as usual, her sister entered the room and was horrified to find her dead with a bullet hole in her temple. Two shots had been fired from the revolver, one hole being found in the wall. She had evidently tested the weapon before firing the fatal shot. Mrs. Famote was a daughter of the late Wm. Olive of Carleton and was a woman of handsome appearance.

State of Ohio, City of Toledo, Lucas County.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that the said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

Sworn to before me and subscribed in my presence this 6th day of December, A. D. 1886.

F. J. CHENEY, Toledo, O.
Notary Public.
Halls Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials free.

the Customs revenue of the Dominion shows for this month a decrease. The decrease for December, as compared with December last year is only a small one, \$91,887, but contrasted with large increases of preceding months it is indicative of the way in which the merchants of Canada and others are temporarily restricting their purchases from abroad consequent upon the prevailing financial stringency. For the month the total customs revenue has been \$4,083,858, an increase of \$6,883,803 as compared with the corresponding period last year.

Minard's Liniment Cures Garget in Cows.

FOR THE FIRST TIME IN YEARS

OTTAWA, Jan. 1.—For the first time in years the monthly return of

The Destroyer of HIGH PRICES.
