English News Notes

THE COURT MOURNING.

The orders for the Court mourning, which changes on April 9th and ends on April 16th, will in no way affect the season in London, which commences on April 21st, by which date their Majesties will observe only personal mourning, which does not interfere with State fixtures. Ireland is again unfortunate, as it will be remembered that the coal strike prevented the King last year from carrying out the plans for his visit there.

ENGLAND'S POPULATION.

In spite of the heavy emigration, the population of England and Wales increased in the ten years from 1901 to 1911, by a larger amount than in the whole of the eighteenth century, and is even now increasing by more than 100,000 a year.

FAIR EAST ENTENTE.

The visit of Dr. Sun-Yat-Sen to Japan, is likely to have far-reaching effects on both the commercial and political situation in the Far East. The constitutional crisis in Japan has disclosed a democratic spirit in the nation, which would welcome a rapprochement with the world's latest democracy. China and Japan have mutual interests and to a certain extent are dependent on each other.

WOMAN SUFFRAGE.

This question will occupy the attention of Churchmen at the Church Congress, to be held this year at Southampton.

THE ALL-INDIAN MOSLEM LEAGUE.

The meeting of this League at Lucknow, is an event of more than usual importance on account of the intense feeling excited among Indian Mohammedans by the defeat of the Turks. In India religion takes precedence of nationality. The true believer cares far more for the faith he has inherited than for the country in which he was born. Seeing the downfall of the Turks, it is painful to them to feel that the Power they owe allegiance to (England), is unwilling or unable to help them, and it is only the common sense of the leaders of the Moslem community in India that has prevented the bitterness being expressed. The League recommended self-government for India.

CINEMA EXHIBITION.

The International Cinematograph Exhibition at the Olympia last month, sought to prove what that machine can do for Education, Science, Hygiene, Patriotism, Colonization and Religious instruction. The competition of the photo play aspirants proved highly amusing.

RAINBOW FASHIONS.

Notwithstanding climatic drawbacks the Easter Sunday fashion parade at Hyde Park, brought many new color schemes. Not for many a season has there been such a wealth of color. The most notable colors in the crowd included the following: Lime and absinthe green; bright, flame and absinthe green; bright flame-colored orange—wallflowers and safe on moonlight, and sapphire blues.

The Washing Machine.

BY H. L. RANN.

hungry husbands to sit down to something besides the cold baked bean.

There are several thousand varieties of washing machines, all of which will consume a large family washing in nine minutes if enough help is employed. The simplest variety is the 48-cent vacuum prod. This is operated by the human hand on the principle of a suction pump, and when applied with sufficient energy will leave the clothes looking as if they had just been washed.

Another favorite device is the family washer, which seizes the clothing in its teeth, and shakes the dirt loose with a brisk rotary action. It works with a crank, and it requires only a few revolutions to restore the blush of youth to the faded cheek of a discouraged bodyspread. This machine will also handle lace curtains with so much enthusiasm that they have to be hung in the hired girl's room.

Beyond a doubt the market is the electric complement, which can be hooked into a 16-candle socket and turned loose without having to wait to get up steam. This device is always operated by refined society women in evening dress who stand by its side reading a serial story. Women who have one of these washing machines look forward to wash day with eager anticipation, as there is nothing to do except lay out the clothes, boil a tub of water, shave a few bars of soap, attach the wringer, rinse whatever clothes the washer failed to chew up and string clotheslines from the kitchen to the parlor bed room.

Stafford's Liniment!

RHEUMATISM, LUMBAGO, NEURALGIA and all aches and pains can be cured by using STAFFORD'S LINIMENT.

STAFFORD'S LINIMENT was first placed on the market about 18 years ago, and on account of the large demand for it at the present time it has proven all that any Liniment could possibly do.

It is one of the strongest and most penetrating Liniments that was ever manufactured.

For a cough or cold, mix equal parts of Stafford's Liniment and sweet oil in a saucer, warm slightly, and apply to chest rubbing it in thoroughly, cover with flannel allowing to remain for about 2 or 3 hours. Relief is obtained at once.

For Rheumatism, Neuralgia and all aches and pains. Bathe the parts affected in warm water for 5 or 10 minutes, dry well and apply Stafford's Liniment.

Stafford's Liniment can be used internally as well as externally. Dose from 10 to 30 drops in either syrup, milk or molasses.

Stafford's Liniment largely advertised and well established. It is in good demand and bound to carry with it enquiries for their other 2 specialties, namely Stafford's Prescription and Stafford's Castor Oil.

To-day there is not an outpost in Newfoundland where Stafford's Three Specialties are well known to everyone.
