Annual Meeting

Of Baseball League To-Night.

To-night the annual meeting of the General Committee of the Baseball League will take place to make arrangements for this season's schedule of games and to elect officers. Two new teams, it is understood, will enter the League this year, making altogether six teams. There is an increase among the "ball fans" and a most successful season is being looked forward to.

KOHLER PIANOS are known and are sold the world over. See us about one. Our new cash system gives you 25 p.c. cheaper than the old plan. CHESLEY WOODS, Sole Agent.—Feb. 21.

BY CABLE

Special to the Evening Telegram.
EL PASO, Texas, March 18.
Mexican refugees, belonging to President Huerta's political following, last night claimed that General Villa had been decisively defeated at Escalon.

COLOGNE, March 18.
For calling a woman school Principal, a suffragette, the wife of a physician in a neighboring village was to-day convicted and fined on a charge of slander, according to the Cologne Gazette.

LONDON, March 18.
It is estimated that Lipton's Shamrock IV. will be launched at the end of April. She will draw 13 feet 9 inches. Her centre board will drop 10 feet, giving a total draught of nearly 24 feet. Her mast will be of wood, and will be hollow.

BERLIN, March 18.
Emperor William to-day ordered a general school holiday in Berlin, in celebration of the birth of his sixth grandson at Brunswick, this morning. The young Duchess of Brunswick is his only daughter. Mother and son are reported as doing well.

HALIFAX, March 19.
Two stevedores, named Burns and Snow, of this place, were drowned last evening by the upsetting of a dory, while engaged salving cargo from the wrecked City of Sydney. Outside of deck fittings, practically nothing has been saved from the ship. She will likely go to pieces to-night, as a heavy storm with rain is raging.

PARIS, March 18.
Mme. Caillaux's act in killing Calmette, appears to have been dictated by other motives than her desire to shield her husband's political reputation. Besides being one of the ablest financiers in Europe, Caillaux enjoys the reputation in Paris drawing rooms of irresistible gallantry. A great beauty is said to have stood between Caillaux and Calmette, and this is said to have accounted for the relentless attacks of the Figaro on the Finance Minister. Calmette's avowed purpose, it is said, was to stop at nothing in his campaign against his rival. This is given as the secret of the most startling political tragedy in France since Charlotte Corday killed Marat.

HEALTHY AND UNHEALTHY LIGHTING

Gas, it may be said, vitiates the atmosphere. True. But it also helps to purify it. Its purifying power is greater than its vitiating power. Electricity does not vitiate, nor does it purify. Hear what three eminent men have said:

Much evidence has lately been adduced to show that gas is more useful than the electric light in promoting efficient ventilation of air. It is for this amongst other reasons that gas is being frequently substituted for the electric light. The latest example is, perhaps, the Society of Medical Officers of Health, which has recently installed gas on its premises, after experience with the electric light.—Dr. Jamieson B. Hurry.

He would merely add that no member who had experience of their meeting room under the old conditions could deny the improvement that had taken place since gas had been substituted for the electric light and the new system of heating and ventilation had been installed.—Dr. Reginald Duffield, before the Society of Medical Officers of Health.

I have in my mind's eye, at the moment, a hall which, in the old days was lighted by gas, and in which a large audience could, with comfort, sit through an hour's lecture, or with pleasure through a three hours' dinner, but which, with the march of civilization, had its illumination changed from gas to electricity, the latter being applied with all the latest refinements to effect the lighting under the best conditions, with the result that any large gathering within its walls leads to a state little short of asphyxiation.—Vivian B. Lewis, Professor of Chemistry at the Royal Naval College, Greenwich.—Nov. 8.

Marine Docks Annual.

Yesterday afternoon the annual meeting of the Harbour Grace Marine Dock Company took place and the following officers for this year were elected:

President, Hon. J. J. Murphy; Vice-President and Managing Director, J. Tapp; Secretary-Treasurer, E. Simmonds; Directors, J. S. Munn, R. S. Munn, J. McGee, R. Duff, F. R. Goodson, A. Goodridge, C. A. Jerritt, Hon. Jas. Ryan.

Fishery Hampered

BY ICE CONDITIONS.

The accompanying report of the fishery on the Western Banks was received yesterday by the Board of Trade:

"The total catch of codfish is 6,330 qtls. and for last week, 25. Seventy-two dories and skiffs with nine boats and forty-six bankers are fishing. Prospects are poor this week. Frozen herring forms the bait supply. E. N. E. winds prevail with fine weather, and up to Wednesday the coast was packed with drift ice. The boats were out on Thursday and Friday and found the fishing grounds practically clean. Several of them did not get one fish, and others got only from 19 to 20. The cod evidently took a sheer off on account of the ice going over the grounds, but how the ice has gone out of sight. All the men are hopeful of the return of the fish in a few days' time."

C. L. I.

The members of the Institute and their friends (ladies and gentlemen), will be given a rare treat to-night when Mr. Solomon Whiteway, of the Methodist College staff, will lecture on "Other points in the teachers' tour including the Channel Islands." It is hoped that every member will be present with a lady friend, as Mr. Whiteway stands in the front rank as a speaker, and a most interesting evening is assured.

Oporto Stocks

	Fast Week	Previous Week

Mr. L. Woolston, who received injuries to his eye at Knowling's central stores, just before Christmas, left by the s.s. Digby yesterday for England, where he will consult a specialist and have the optic treated.

McMurdo's Store News.

THURSDAY, March 19, 1914.

A good disinfectant is an essential in every household, keeping away as it does infectious diseases. Cook's Cofectant is one of the best disinfectants and will be found of great value in the household. It is non-poisonous, but yet it has a very high coefficient as a germ destroyer, and absolutely cleanses everything it comes in contact with. We can recommend it to the full, and we need merely mention that Cook's Cofectant has the endorsement of the Public Health Department. In odor it is not unpleasant, and solutions of Cofectant do not burn or stain. Price 35 cents a tin, which makes 20 gallons of strong disinfecting fluid.

Pleasing Entertainment.

A very enjoyable and successful party and concert was held at the Victoria Hall on March 17th, under the management of the Jubilee Lodge, L.O.B.A. of this city. A most appealing request was spread and all present did ample justice to the choice assortment of edibles presented before them, while every one was pleased with the gracious manner of those whose duty it was to attend at the tables. A pleasing and entertaining concert was held after tea, Mrs. A. Bastow in the chair. The recitations and singing were thoroughly enjoyed, those taking part being Misses Pryn, Burridge, Cook, Noseworthy, Heator; Mrs. Coughlan, Mr. E. Chislett, Mr. Chafe and Master Ellis and others. A speech by the Worthy Mistress, Mrs. Bastow, was also well received.

They Helped Her Wonderfully.

WHAT MRS. H. BEST SAYS OF DODD'S KIDNEY PILLS.

Alberta Woman Yields the Sentiment of the Women of the West That Dodd's Kidney Pills are Woman's Best Friend.

Retlaw, Alta., March 18. (Special).—"Dodd's Kidney Pills helped me wonderfully." So says Mrs. H. Best, a highly respected lady living here. And Mrs. Best expresses the sentiment of thousands of women in Alberta. Like most women Mrs. Best does not care to talk about her troubles, but she does wish other who have suffered as she has to know that they can find relief in Dodd's Kidney Pills. "I found them entirely satisfactory," she says, "and I give you my full permission to tell the public what they have done for me."

Women who suffer in silence can be cured just as silently. The keynote of woman's health is the kidneys. If they are kept strong and healthy, they keep the blood pure, and pure blood means good health all over the body. Dodd's Kidney Pills cure Kidney Disease. Dodd's Kidney Pills make healthy kidneys and good blood. That's why they are known as woman's best friend.

From the Manger To The Cross.

This marvelous Biblical story will be presented at the Casino Theatre on Monday evening next. It is already creating great interest and all classes and creeds are anxious to see it. The most prominent clerics, Catholic and Protestant of Canada and the United States have spoken favorably of it, and all have agreed that it is the greatest picture ever produced in any part of the world. Dr. Charles H. Parkhurst speaks of it as follows: "I yielded myself unreservedly to the influence of the occasion and came away from the representation with the feeling that the transactions in our Lord's life had been brought nearer to me."

A Famous Picture.

COMING TO THE CRESCENT.

"The Heart of a Jewess"—a grand two-reel drama—will be the big attraction at the Crescent Picture Palace next week, and none should miss it. The great mid-week bill now on exhibition drew large audiences last night and the same will be repeated to-night. On to-morrow a big programme is arranged, and on Saturday afternoon the special matinee for ladies and children.

BILLIARD TOURNEY.—In the B. I. S. billiard tournament Messrs. V. O'Neill and J. Evans contested last night, the former (spot) winning by 77 points.

Published By Authority.

His Majesty the King, by Warrant and Royal Sign Manual, has been pleased to appoint the following gentlemen to be Members of the Legislative Council of this Colony: Sydney Dara Blandford, Esquire, and Richard Anderson Squires, Esquire.

His Excellency the Governor has been pleased to appoint Richard Anderson Squires, Esq., LL.B., to be a King's Counsel.

His Excellency the Governor has been pleased to appoint Hon. Sydney Dara Blandford, to be Minister of Agriculture and Mines; Hon. Richard Anderson Squires, K.C., to be Minister of Justice and Attorney General; Mr. W. J. Carew, to be Secretary in the Department of the Prime Minister; Mr. Charles White (Twillingate), to be Commissioner of Wrecked Property for Twillingate and vicinity, in place of Mr. William Baird, deceased; Mr. Isaac Clarke (St. Philip's, District of St. John's West), to be a Surveyor of Lumber; Messrs. John W. Dunn, John T. Maloney, Henry Lash, Thos. Norris and Benjamin Carew, to be the Road Board for Wiggs Bay, District of Ferryland; Messrs. Alexander J. Stone, Piny Stone, Robert Stickland, Stephen Bateman and Jacob Farrell, to be the Road Board for West Point, LaPoile, District of Burgeo and LaPoile; Messrs. E. H. Renzie, Joseph Carter, John Young and John Tapp, jr., to be the Road Board for Cape Ray, District of Burgeo and LaPoile.

Department of the Colonial Secretary, March 18th, 1914.

E. W. Linn
Norwegian Ship

Chartered to Temporary Run Red Cross Service in Place of ill-fated "Sydney."

Messrs. Harvey and Company, the Red Cross Line Agents here, have received word from New York intimating that the Norwegian steamer Tallman has been chartered by the Red Cross Company to run the service with the Morwena, replacing the ill-fated City of Sydney. The Tallman is a large freight boat and her carrying capacity is about equivalent to the Stephano. She will leave New York on Thursday next, March 26th, for Halifax and this port, bringing a full general cargo. It is not yet definitely known how many trips she will make, but in all probability she will be engaged until the Stephano and Florizel are ready to resume the route, after finishing up with the sealing voyage.

A New Business.

Messrs. Lago Bros., of Spain, who arrived here by the S. S. Digby on Tuesday last are negotiating for the establishment of a wholesale salt business in this city.

Mr. Jacinto Lago is sole agent for Salinera Espanola with salt works at Torrevieja and Ibez. The product of these places is said to be especially adapted for the cure of cod fish. The salt of Torrevieja is particularly noted for its purity, and is said to contain over 99 per cent of chloride of sodium and is entirely free from all noxious matters.

Rebel Officer Charged With Benton Murder.

Juarez, Mexico, March 13.—The reported arrest at Chihuahua yesterday of Major Rodolfo Fierro, Pancho Villa's chief lieutenant, constitutionalists here is the first step towards giving Great Britain satisfaction for the death of Benton.

Evidence has been given to the Carranza Commission, appointed to investigate Benton's death, that Benton was killed in Villa's office by Fierro and the commissioners have insisted that he at least be kept under surveillance until their inquiry be completed.

The United States Government will be informed of these facts by its agents here and also that Villa was so angry at Fierro's action that for two days after the killing, he kept the officer in a prison cell.
