remain.

In this letter is told once more the story which comes from many thousands of women. It is the story of exhausted nerves, of a run-down system and of all the accompanying misery of sleeplessness, headaches and loss of energy and vigor.

But there is a silver lining to this cloud. There is the light of new hope and courage which comes with the use of Dr. Chase's Nerve Food.

This letter is so representative of the kind we are daily receiving that you can judge from it what you might expect from this treatment under similar circumstances.

sleep or eat. Could scarcely count the nights that I passed without sleep, and if I did eat, had sick headaches and vomiting spells. My limbs would swell so badly that it hurt me to walk. I would jump up in bed,

morning, is there?" A sneer curled her lip. The miser able wretch was afraid.

"There is no danger." she answered 'Is that the carriage?" Countess of Basingwel

"That's it. Give me your hand. Ol ou are in. Keep that horse still, you let him go? Are you up? Fare the well, Sir Lionel!" he cried, so that his silent companion could hear and enjoy his jest.

CHAPTER XXXII.

France was in a ferment. The hat flying armies of France, and Paris was locked the doors and set about changing her dress and making a package Of course it would soon be all change ed; but the very audacity of the thing! The Germans to suppose the French people would permit such a thing! ring given to her by Lionel, and bought, as he had told her, when he

Lord Gree did not speak French Lady Flora-she called herself co, the idea of continuing their journey took up the little bag that held what into the capital. For no sooner were she had gathered together, muttered they in France than he began to realize that there actually was a war goto the servants' door through which ing on.

"Will there not be danger in Paris. she had once before gone to meet the Flora?" he asked. "I see so many turning back-so many that seem to be flying from the direction of Paris." "You have come at last," he said. "I think there will be no danger." and she fancied she could hear his teeth chatter, though it was not yet she calmly answered; "but I will ask.

if you wish."

"Please do." ed if there were any danger in going

to Paris. He shrugged his shoulders.

"There are different opinions," he said. "I think I would go to England

Lord Gree. "He says it is foolish to think of danger, and that the capital was nev-

er so full of gayety. That was as far possible from the truth; but she told herself that sh had told many lies because of him serve her purpose. Even yet he was not reconciled to it; but, besides that he did not know how to thwart her; there was the other consideration that England, which was the only available spot, he would be very likely to

She had guessed right when she aid the shells were dropping in their vicinity, and the cowardly soul of the wretch who could do so much base plotting could not endure the agony of listening to the booming noise, follownes by sudden wild vells of nain. He had cast one evil look at life to dupe and dishonor him, and then had fled.

(To be Continued.)

Your Boys and Girls.

The very first duty a parent owes child is to give that child confidence in itself. Such confidence is not ego-tism. It can accompany modesty and the closing may be finished. The ful tism. It can accompany motosty and humility of spirit if properly developed. Every crude effort should be praised so that your boy will grow up with a belief in his talents, which will yards of 36 inch material for a Me go a long way toward making him successful in those talents.

Praise and encouragement from arents are the foundation of success. Believe in your children and teach them to believe in themselves. It is better than giving them an inheritance of land and houses. Children can be educated in the finer things of life and give high standards without knowing they are being taught, if the parents possess tact and forethought.
