

Increased Dividends To Policy-holders.

That is remarkable in view of the heavy burdens that have fallen upon Life Insurance Companies during the past four years. It is possible only where investments are non-speculative, the management is economical and the practice is to make full provision for emergencies such as epidemics.

The LONDON LIFE INSURANCE CO'Y.

DISEASED GUMS AND TEETH.

Of all the poisons taken into the blood, the germs and pus contributed by the diseased gums and teeth are the most destructive to the human system. If every red blood cell is forced to fight against numbers of germs to the cell, the blood cannot attend to the building up of the body, and it allowed to continue the system is bound to break down and eventually you are an invalid. Kidney, stomach, heart trouble, rheumatism and many other diseases are brought on by diseased gums and teeth.
