Mrs. S. Kahn of the Queen Esthur Chapter of Montreal Organiser Mrs. S. Kahn of Montreal, who is Mr. and Mrs. P. Goldblatt; is to be congratulated on the pluck and ability she has shown in organizing a He-dassah Chapter here in spite of all the obstacles that were in her way.

On Sunday evening, Aug. 28th at 8,30 o'clock, in answer to invitations issued by Mrs. Kahn, practically all the ladies of the Jewish community of the lagies of the Jewish community St. John's were assembled at the hom of Mrs. P. Goldblatt, 376 Water S Mrs. Kahn took the chair, and being personally acquainted with all present, a formal introduction was un-

In her opening remarks, Mrs. Kahn expressed both surprise and regret at not finding a Jewish organization of any description in our community She dwelt at length on the important part that women have played throughout the ages all over the world in fostering Jewish ideals, and appealed strongly to the women here to or ganize themselves into a body that will rouse the Jewish consciousness of the community.

She then introduced the Hadassi Movement, explaining its aims and principles in detail and successful in thoroughly convincing even the most skeptical that it is a movement that any Jewess must take great pride in

At the conclusion of her able ad dress, it was unanimously decided that a Hadassah Chapter be formed here Mrs. Kahn was asked to retain the chair and proceed with the election of officers, which resulted as follows:-President-Mrs. S. L. Levitz.

1st Vice-Pres.-Mrs. Chas. Levitz. 2nd Vice-Pres.-Mrs. S. Shefman. Secretary.-Miss B. Goldstone. Treasurer.-Mrs. A. Sidel. Chairman Rec. Com.-Miss.

Sewing .- Mrs. P. Goldblatt. Assist. Chairman-Mrs. I. Levitz. Treas. Keren Hayesod .- Mrs.

After the election, fees were paid by all the members present. A light repast was served after which the meet B. GOLDSTONE, Sec.

Motor Car Driven by Radio Control.

Capt. H. E. Vaughn, of the United States Signal Corps, recently drove a motor car down the main street of Dayton, Ohio, U.S.A., controlling it from another car, in which he rode, and upon which was mounted a radio apparatus. The car thus controlled ad a receiving set concealed in the nterior of the body. It preceded the interior of the body. It preceded the car in which Captain Vaughn rode by about fifty feet, and drove down the busiest street of the city, occasionally blowing its horn and strictly observing all traffic regulations. The sight of a motor car driving apparently of its own volition, and without passengers, caused a great sensation in Dayton.

With reference to the above, a re-ont issue of Punch says: "An Am-rican inventor has produced a radio-outrolled motor car that speers itself ind sounds its own horn at pedes-rians. He is believed to be experi-menting with an attachment that will permit it to appear in a police court, and lie like a chauffeur."

Anarchy increasing.

LONDON, Sept. 1.

Anarchy has been increasing in the western part, of Spanish zone of Norocco during the past ten days, says a Tangier despatch to the London Rimes. Official assurances that tranguility exists in this region are contradicted by the despatch which declares that attacks upon Spanish posts and convoys have been of daily occurrence, and that fighting has entailed much loss of life and material.
