OTTAWA, March 28. "I am not in favour of prohibition in anything, but I do favour temperance in everything," said Hon. W. L. Mackenzie King, Prime Minister, at a large delegation of the Canadian Temperance Alliance, which met him

REPLIES TO MURKIN.
DUBLIN, March 28. The Committee elected at Sunday's Convention of members of the Republican Army have issued an order denying that Richard Mulcahy, Minister of Defence of Dail Eireann, controls the Army, and that Mulcahy has pursued a course calculated to subvert the Republic. This Council orders members of the Army enlisted in the Free State Army to return to their Republic.

CRAIG REPLIES.
BELFAST, March 28. Premier Craig, replying to the charge of Michael Collins, the Southern Premier, that he had not kept his word to reinstate expelled Catholics in shipyards, said loyalists workers had admitted the principle, but there were 67,000 unemployed in Belfast. Craig added the whole aspect had been changed since the revelation of predatory attacks on Ulster territory. Sir James repudiated the charges that Belfast Protestants were conducting a program against Catholics as Catholics. Craig reiterated that the South of Ireland was sending men with bombs to create unrest in the North. Ulstermen were, he said, not up against Catholics, but against rebels, murderers, Bolsheviks, and enemies of the Empire.

Pentecostal Notes.

MARK'S BEACH, MARCH 25, 1922.
This town is just now passing through one of the greatest spiritual awakenings that of recent years have been known. For some time now the members of the Bethesda Pentecostal Assembly, 193 New Gower Street, have been conducting meetings in the Union Hall and scores have renounced their evil ways and come to the Mercy Seat. Whole families who have never known what a change have meant have yielded to God; many more who were old and indifferent have been quickened, and many who felt satisfied before the sought the Baptism of the Spirit and have found it the same as at the beginning with the Sign following as recorded in Acts 2:4; also Acts 10:44-47. All over Newfoundland there is a cry for some one to lead the people back to the old paths, and we understand that this year promises to be (under the direction of the Holy Spirit) a year, when there will be a shaking among the dry bones. Bethesda Pentecostal Assembly have for the past 12 years stood for the deep truths of God's Word; and to-day as we look out on Canada, U.S.A., and the whole civilized world we find that whole churches are being transformed and men who fought these greater truths are taking up the cry: "Back to the power of Pentecost, with Faith in the Saviour's Name," and Newfoundland is seeking her inheritance. The Pentecostal people stand for God's word and hundreds of people have been healed as in Bible days. Gifts are being opened up to them in different parts and a forward movement is now being made.

Memorial Billiards.

MASONS MAINTAIN LEAD—INTERESTING GAMES.

The Masons maintained their lead in the Memorial Billiard Tournament last night, winning the game easily. So far they have not lost a game for the series. The other two games were close and aroused great interest. In the first game Angel (Guards) and Pearce (C.E.I.) kept together until near the end. When the former was 233, Pearce jumped ahead and reached 349. Angel then gave a miss in ball (inadvertently) and his opponent received the one point he needed to win. The game between McFarlane (Saints) and Newbury (Guards) was also very interesting. When McFarlane had reached 292, he was leading by 58 points. Then Newbury pulled up and brought his score, to only one behind his opponent. The latter, however, got control of the balls and won by 25 points. In the final game, Rabbitts (Masonic) defeated McLoughlan (City) by 75 points. Both played well. Six games will be played to-day, three in the afternoon and three to-night.

"Food for Scandal."

WANDA HAWLEY AT THE NICKEL TO-DAY.

Wanda Hawley, the dainty little Realart star will be seen at the Nickel Theatre to-day in "Food for Scandal," a filmization of Paul Kester's play, a picture of rare delight. Sylvia Figueroa is the daughter of an American heiress and a Spanish cattle baron. Her parents are dead when the story opens and the ranch where she lives with her old aunt is falling into decay. The fortune of the Figueroas having been spent, Sylvia loves Watt Dinwiddle, a struggling young lawyer who has gone to San Francisco to establish a practice. After Watt's departure Sylvia hears from him irregularly and then not at all. So she is dumfounded to hear the Padre, upon his return from a visit to the city, tell her aunt that Watt is making a great success of his law practice. Sylvia resolves to go to the city herself and earn her living as a choir singer. She is finally forced to accept a position as chorus girl; and afterwards encounters many adventures.
