

step which Mr. O'Connor is about to take, and expressing his affection and affection for him, and wishing him an auspicious voyage and safe return to Guelph.

Mr. Edward O'Connor said that the incident which marks the proceedings of this evening, is one which afforded him a great deal of pleasure, and, at the same time, a great deal of regret. He said, it is pleasing to me, inasmuch as I participate to a certain extent in the honor which attaches to the presentation which has just been made; and it is for me an occasion of regret, inasmuch as it is significant of an approaching separation which will deprive me for a time, at least, of one towards whom you and he can well understand the nature of my feelings. I would much rather you would understand than ask me to describe them. I could more freely speak them, did not the relationship of brotherhood exist between me and the recipient of your handsome gift. While I rejoice to witness the honor you have done him, and to know that he is about to set out on a holy mission, yet when I reflect that in our humble household, there will soon be a vacant chair, my feelings of pleasure are commingled with those of sorrow and regret. I cannot do more on this occasion than to thank you all, gentlemen, for the great honor you have conferred upon my brother, and through him upon me; and I will conclude by wishing him a hearty God-speed, and an abundance of spiritual and corporal graces and health on the voyage which he has in contemplation.

**Asylum Presentation.**—The Trustees of the R. C. S. School, with a few other gentlemen, repaired on Tuesday evening to the residence of Mr. William O'Connor, and presented that gentleman with a handsome gold watch, as a small token of their appreciation of his services in taking charge of the school. Mr. McMillan made the presentation, which he accompanied with a few appropriate remarks, expressing the gratitude of the trustees towards him, and wishing him a safe voyage and speedy return to Guelph. Mr. O'Connor replied, thanking them for their handsome present. A pleasant evening was spent.

**Base Ball Notes.**

The Mutuals beat the Athletics on Saturday, in New York, by a score of 8 to 5.

**Eramosa Council.**

The Council met on the 11th inst. at the Centre Inn—all the members present. After the minutes were read and confirmed, the Council was constituted a Court of Revision. \$100 was taken off Matthew Barber's assessment. Lots 23, 29 and 113 in Main street, Everton, were transferred from the assessment of Robt. Morrison and charged to their real owners Jonathan Torvell and Peter Stewart.

The real estate assessed to Matthew French was ordered to be charged to Hermon Clark, who has purchased the property. James Aitken to be assessed instead of Martha Rea for north half of lot 32, in the 3rd con. The Court heard a complaint of John Ramsey against omissions which he considered should have been charged against certain parties. The Court then adjourned until next meeting of Council, and Mr. Ramsey to lodge his appeal with the Clerk in terms of the statute, previous to next meeting. The Council then proceeded to business. An account of \$2 from J. Hacking for printing was ordered to be paid. Moved by Mr. Harris, seconded by Mr. Duffield, that the road division under Jos. Lister extend to the top of Harris' Hill; that Wm. Torrance's division commence at the top of said hill and extend to Henry Strang's bridge and along the side road to the centre of the 5th con. Also that Henry Strang's division extend along the said road to the centre of the 4th con. Leave was given to Andrew Griffith to keep his fence on the road allowance between lots 30 and 31, in the 1st con., until the 1st day of Oct. next. A by-law to reduce and regulate statute labor was passed after the usual number of readings. Another by-law to separate lots 19, 20, all the seven concessions of the township from the 2d or centre Parliamentary Electoral Division, and to attach them to the third or North Parliamentary Division, was next passed after three readings. Messrs. Harris and Duffield were appointed a Committee to examine and report upon all roads below the Guelph and Erin road, for the improvement of which petitions have been presented, and that Messrs. Rea, Dunbar and the Reeve be a similar Committee for the roads above said Guelph and Erin road. Some other minor business was transacted, and on motion the Council adjourned, to meet again at the Centre Inn on Friday, the 29th inst., as a Court of Revision.

J. A. DAVIDSON, Tp. Clerk.

**Elora Correspondence.**

There is very little to write about this week. Since the last fair the village has been very quiet, owing in great measure to the farmers being very busy putting in their seed. This morning there was a good attendance at the New Market for several hours of parties with butter and eggs, which were soon disposed of.

Work was commenced on the new English Church last week.

This evening "Life Boat" Temple, L. O. of G. T., open their new hall with a public temperance meeting. The hall is tastefully decorated for the occasion. There will be speaking, singing, &c., and a good time is expected. The hall was built by Mr. G. Muldoon, and is a comfortable looking building, and will be much more convenient than the old hall.

The public school is going to be enlarged, tenders being advertised for.

Rev. Mr. Mullan, of St. Andrew's, Fergus, exchanged pulpits with the Rev. A. D. Macdonald, of Knox Church, Elora, for last Sabbath evening.

The Grand River is higher now here than it has been since the snow went away, and has risen considerably since Sunday, showing that there must have been considerable ice and snow somewhere up the river until this week.

Elora, May 12, 1874.

**ENGLAND'S NEEDS.**—Last year, owing to an unusually bad harvest, England imported for the consumption of her own people, upwards of twelve and a half million tons of wheat, and fifty million tons of potatoes, valued over five million pounds sterling. In addition, she imported \$20,000,000 worth of foreign animal food and live animals. Yet strange to say, after paying these vast sums for these immense quantities of food in a single year, the nation was found so prosperous that there was a surplus of over \$30,000,000 in the public treasury, and all branches of trade are reported in a most flourishing condition.

It was stated in the House on Monday that the Government intend to withdraw the twenty cent silver coins as fast as they are presented at the banks. The sooner we get rid of them the better, for one can scarcely tell them from the twenty-five cent pieces.
