## ST. JOHN IS TO HAVE A MILLION DOLLAR HOTEL

Grand Trunk Pacific Terminals: Another Pulp Mill; Good Building Year

Anticipate Revival of Tradel With Completion of Panama, Concerning Natural Gas

St. John. Aug. 28 .- T. L. Morrissey, of Montreal, arrived in St. John last week accompanied by an architect and en gineer, with plans of a hotel to cost sineer, with plans of a hotel to cost \$1,000,000, to be erected on Prince Wilslam street, opposite the Customs House, and extending through to Canterbury street. Mr. Morrissey some time ago purchased the property on which it is proposed to build the hotel. The structure would cover a space of 150 x 140 ft., and would be six stories high, with a roof garden. It would be equipped in the most modern style, having three electric elevators, and every convenience for the accommodation of spests. It is proposed to begin expay
EVANGELINE BOOTH, daughter of the late William Rooth, commander of the Salvation army in the United States, formerly commissioner in Candam She is said to be seriously III,

ing three electric elevators, and every convenience for the accommodation of guests. It is proposed to begin excavation work this fall, and the construction of the building next spring, having it ready for occupancy by the list of April, 1914. Mr. Morrissey is one of the outside investors who has an abiding faith in the future of St. John.

The Grand Trunk Pacific.

While in Montreal recently, Hon. William Pugsley interviewed Mr. Smithers of Lendon, chairman of the Grand Trunk Pacific beard, and Mr. Chamberlia, the president. They informed him that it was their intention at an early date to begin work on the portion of the terminals which are to be erected for the Grand Trunk Pacific at St. John. They further said that they favored making a connection between their line and the St. John Valley Railway in the western part of the province, so that freight might be brought direct to St. John instead of going around by way of Moneton.

Another Pulp Mill

An American firm who several years age, anytholes and anytholes and anything accommodation of the stationary of Manitoba, Alberta and Saskatchewan.

States, formerly commissioner in Canadas. She is said to be seriously ill, following the news of her father's teath.

To EMPEROR OF GERMAN

Because He Has Been Head of Great Army for 25 Years and Has Not Used It with the will have twice as much space as before, and will enlarge the factory to the full developed the full enlarge the factory

Another Pulp Mill

An American firm who geveral years ago purchased a valuable fumber property at Pokiok above Fredericton have lately added considerably to their holdings, and the Fredericton Gleaner is informed that they contemplate the erection of ground pulp mill at Pokiok Falls. This makes at least four dif-Fails. This makes at least four dif-ferent pulp and paper propositions now receiving attention in New Bruns-wick. One newspaper has it that the International Paper Co. is interested in the \$5,000,000 pulp and paper proposi-tion at Grand Falls.

A Good Building Year. During the month of July building permits were issued in St. John to the value of \$376,450 compared with \$240,000 in July of last year. This is a gain of about 56.9 per cent. Last week the contract was awarded for driving 1000 pieces of piling for the foundation of the new automobile factory and the contract for the erection of the 3 large buildings has also been awarded. It is expected that the walls of the 3 large buildings has siso been awarded. It is expected that the walls will be completed and the roof placed on the big new armory this fail, so that work on the interior can be continued in the winter. The foundation work for the big theatre on King Square is about completed, and its walls will soon be rising. Quite a number of new buildings are nearing completion at East St. John, and in the city proper new houses are being erected proper new houses are being erected and much improvement work is in pro-gress. There is an active demand fol-labor, and the number of young met going west on the harvest excursion. from New Brunswick was much small

St. John and the Canal. Senator King is convinced that St. John manufacturing industries will enjoy a period of expansion as a resul-of the opening of the Panama Canal if Canadian trade is given a fair show He says that goods manufactured in this city can be shipped to the Pacific Coast by way of the Canal much cheaper than they can be shipped from Ontario, and that therefore the number of factories at St. John will grow as a result of the opening up of this trade.

Concerning Natural Gas. A St. John paper points out that natural gas is piped from Bow Island wells in Alberta 170 miles to the city wells in Alberta 170 miles to the city of Calgary, and asks why the natural gas from the 'Albert County, walls which have greater pressure than those of Alberta cannot be piped less than half that distance to St. John. In the city of Moncton 500 houses have thus far taken the natural gas service, and the company is rushed to the limit to meet the demand, so much cheaper is the natural gas than the artificial product. It is only a question of time when St. John will have a natural gas supply.

Enlarging a Factory.

J. M. Humphrey & Co., who several years ago established a boot and shot factory on a small scale in St. John

# SUES HATTERS' UNION FOR

Alleged Conspiracy Labor Unions to Injure Plaintiff's Business

Heads of American Federation of Labor Are Called to Philadelphia to Testify

Hartford, Conn., Aug. 28 .- President Samuel Gompers of the American Federation of Labor arrived today to testify in the suit against members of the United Hatters of North America, brought by D: E. Loew and others in which damages of \$80,000 are asked because of an alleged conspiracy by labor unions to injure the business of the plaintiffs. Thus far all the witnesses in the case have been summoned by

was not stated today. Mr. Morrison will go on the stand tomorrow morning and it was said tonight that he will be immediately followed by Samuel Gompers. Attorneys tonight agreed to let Mr

Gompers and Mr. Morrison go on the stand tomorrow as witnesses for the defendants although they have been subpoenaed by the plaintiffs. This is to allow them to return to Washington at once instead of waiting to be called in rebuttal.

Insurance Company Absorbed Winnipeg, Aug. 28 .- A deal was completed today whereby the Winnipeg Fire Insurance company with a capital of over \$100,000 was absorbed by the Nova Scotia Fire Insurance company a premium being paid for stock and utstanding contracts being guaranteed by the maritime concern. More capital will be introduced in the local company which will be operated as a separate concern under dominion chaver. At the annual meeting of the Winnipeg Fire Insurance company the president, R. L. Richardson, and other dis-

After regretting the strained Anglo-German relations, he said that it was not territory but protection against arbitrary interference with the progress German development which had aused the growth of the kaiser's navy.

# 2,000 HARVESTERS LEAVE FOR THE WEST

Toronto, Aug. 28.—A large num ber of harvesters were sent west today by both the C. P. R. and G. T. R. on the regular trains, the C. P. R. running a special. Since the last excursion many harvesters have left nightly on the regular

Today between 1,500 and 2,000 left for the harvest fields. On account of the urgent appeal from the west for additional farm laborers, the Grand Trunk railway has decided to run two more farm laborers' excursions on September 4th and 6th from all stations in eastern Canada.

## SHORT VISITS TO COUNTR FOR THEIR MAJESTIES

London, Aug. 27.—It is stated that the King and Queen intend to pay several country-house visits between their return from Balmoral and the opening of the London season in February. As a rule, these will not exceed three days, and in every instance shooting expeditions will be planned for the King, while the Queen will follow her favorwhile the Queen will follow her favorite relaxation of visiting places of interest in the neighborhood, in company
with her hostess. The area embraced
by these plans will be considerable, owing to the greater range of travel
which has been brought within the ach of this generation by the devel-ment of motoring.

JOHN DUNCAN IS KILLED. Edmonton, Aug. 28.—John Duncan, foreman of the soaffolding crew on the new parliament buildings, was instantly killed shortly after noon today, when he tripped on a nail on the soaffolding on which he was working and fell to the ground, a distance of 15 feet, strik-

Hair Dressing, and Manicuring Parlors. Experts in attendance. Phone appointments 6312

# SMART CLOTHES
