"When my boy was about three months which may be was about three months young man, who intended going shooting, was standing in the kitchen door, when his gun was accidentally discharged. The contents entered his body and he died in a few minutes. and then to his entire body. He got so bad that he came near dying. The rash would itch so that he would scratch till the blood ran, and a thin yellowish stuff would be all over his pillow in the morning. I had to put mittens on his hands to prevent him tearing his skin. He was so weak and run down that he took fainting spells as if he were dying. He was almost a skeleton and his little hands were thin like claws.

"He was bad about eight months when we tried Cuticura Remedies. I had net laid him down in his cradie in the daytime for a long while. I washed him with Cuticura Gong and put on one application of Cuticura Ointment and he was so soothed that he could sleep. You don't know how glad I was he felt better. It took one box of Cuticura Ointment and pretty near one cake of Cuticura Soap to cure him. I think our boy would have died but for the Cuticura Remedies and I shall always remain a firm friend of them. He was cured more than twenty years ago, and there has been no return of the trouble. I shall be glad to have you publish this true statement of his cure." (Signed) Mrs. M. C. Matitand, Jasper, Ontario, May 27, 1910.

For more than a generation mothers have found a speedy, agreeable and economical treatment for their skin-tortured little ones in Cuticura Soap and Ointment.
