# Cooking is a pleasure when you have a "McClary" Gas Range in

You wouldn't think of lighting the furnace during the intense heat of summer. Why persist in cooking on a coal range during the hot weather? GAS is a much cheaper fuel than coal-far more convenient and easier on the cook in the summer time. Any McClary gas range pays for itself very quickly in the actual money it saves. The Model shown in

the cut is "McClary's" latest production and therefore the greatest range value there is. The first glance con-

the designers and builders of this range. It is quite apparent that you can cook a big dinner on this range without being crowded. The big roomy Oven is placed high. The Broiler is also elevated. There is no "stooping or bending" over this range.

Like other "McClary" ranges, this model has the white enamelled broiler and drip pans. Also Anti-Rust linings which add to the life of the range. The body is finished in bright, black enamel, and is
