LIFE'S STRUGGLE WITH ILLNESS

Mrs. Stewart Tells How She Suffered from 16 to 45 years old-How Finally Cured.

Euphemia, Ohio .- "Because of total Ignorance of how to care for myself when verging into womanhood, and from taking cold when going to school, I suffered from a displacement, and each month I had severe pains and nausea which always meant a lay-off from work for two to four days from the time I was 16 years old.

"I went to Kansas to live with my sister and while there a doctor told me of the Pinkham remedies but I did not use them then as my faith in patent medicines was limited. After my sister died I came home to Ohio to live and that has been my home for the last 18 years. "The Change of Life came when I was 47 years old and about this time I saw my physical condition plainly described in one of your advertisements. Then I began using Lydia E. Pinkham's Vegetable Compound and I cannot tell you or any one the relief it gave me in the first three months. It put me right where I need not lay off every month and during the last 18 years I have not paid out two dollars to a doctor, and have been blest with excellent health for a wowoman of my age and I can thank Lydia

E. Pinkham's Vegetable Compound for it. "Since the Change of Life is over I have been a maternity nurse and being wholly self-supporting I cannot over estimate the value of good health. I have now earned a comfortable little home just by sewing and nursing since I was 52 years old. I have recommended the Compound to many with good reand after childbirth."-Miss EVELYN

ADELIA STEWART, Euphemia, Ohio. If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a weman and held in strict conil once.

USE ICE ONLY FOR COOLING PURPOSE EXPERT'S ADVICE

GRAVES' | Provincial Analyst Reports Finding Chlorine in the Pends.

> Local Public Health Institute Says Ice Supply Is Satisfactory.

According to the local Institute of Public Health, the city's ice supply is fairly satisfactory. According to the provincial board of health's analysis it is all wrong. Dr. Hill's reports on the analysis of water from which the ice was taken were marked "O. K."

Dr. Amyot's (provincial analyst) re-Dr. Amyot's (provincial analyst) re-ports show chlorine in excess in three of the ponds from which ice was taken -namely, the syndicate pond, the north branch pond, and the Warwick pond on Adelaide street. The north branch and Walker's pond show bac-teria of intestinal origin, and the pro-vincial analyst declares that it must have been only by accident that the sample taken from Walker's pond on Adelaide street did not show these impurities, as it should have done on acount of its surroundings. Water from where the cove ice is taken also show. ed infection with bateria or intestinal

On the motion of Mr. W. Abbott at the board of health on Tuesday the ce-men will be notified to take out li-enses, but the people will be advised use ice only for cooling purposes, allowing it to come into direct con-

deputation of Empress avenue complained that unpleasant odors float across the river when the wind blows across Carling's. They blamed Hyman's tannery ut the board explained that there was drainage from the tannery into the reek. However, the grievance will be vestigated

continued in the year 1912, which is covered by these reports.

This order confines its business entirely to the Dominion of Canada, and is, therefore, peculiarly a Canadian organization. In all its departments the result of the business of 1912 shows it to have been the best year in the order's experience. The crease in the insurance funds of the order amounted to \$380,727.15. This fund standing at the end of the year, after payment of 506 death claims would be erected and the power turned jubilee fund, as a thank-offering for 50 amounting to \$508,951.19, at \$3,989,early in the spring, but that very years of diocesan service completed by 976.21, the amount at the present time being \$4,108,799.58. The revenue now Rev. E. Appleyard, M.A., will move derived from the investments of the order constitute a very substantial amount of the annual income. Last insurance funds amounted to \$167,-

In respect to the matter of invest-
