BRANTFORD, Aug. 26.-The Brants roke even in the two-day series with London, when they took the second fixture by a score of 10 to 7. The game was an exceptionally free-hitting affair, the two teams collecting a total of 38 hits. Herman went the full route for the locals, but Herbst had to be relieved by Carmen, off whom the Brants col-lected four runs in the eighth. The score: London.

### Raise Pennant Today; Has "1921" Woven On

The pennant, won last year by London, but bearing "1921," will be raised today at Tecumseh Park. President Michael Sexton of the National Association of Profesional Baseball Leagues will be a guest of President Heard and will handle the rope that pulls the pennant up to the breeze, unless something unforeseen happens him en route from Port Huron, where he is visiting President Watkins.

President Sexton will also be a guest at a luncheon to be given the London players at the Tecumseh House tonight.

game was not in until 2 o'clock.

The matches were so closely fought in most instances, however, that the big gallery that assembled with the start of the games, stuck it out to the end.

Oliver Gidley's Elmwoods, of the three London rinks which were plus, had the highest margin, the final score being 24-13. Jimmie McDougall's London Rowing Club quartet were seven up on H. McCall's Britishers, doing most of their damage half way through the piece. A. A. Langford's Thistle outfit had a slightly closer engagement against the four skipped by J. Sandflands, being only one up on the 20th. They lay three on the last end, however, and packed up with a plus of four.

Charlie Speiran was unlucky in drawing George Wright.

with a plus of four.

Charlie Speiran was unlucky in drawing George Wright as opposing skip and was down 31-14. On the 13th and 21st ends the Britishers had five shots nestling close in each case. Bill Hynds' Rowing Club four faced Capt. Jagger. A four on the 3rd, five in the next three ends, and a six on the 8th, was the way the British admiral's total piled up. C. K. Bluett and his Thistles fared little better against G. Walker the Irish skip, registering ten in the last six ends Totals

FLINT, Aug. 26.—Flint gave Saginaw a sound beating today in the closing game of the series and pulled the Aces further down the championship ladder. The score was 11 to 5. While both teams played listless ball, the Vehics hit hard. They slammed Schwartje's offerings for thirteen hits, including a brace of doubles by Shortstop Emmer and home runs by Roseberry and Tesch. Roseberry's homer, a drive to centre field, scored three runs and started Flint on the road to victory. The score: ACES TROUNCED.

HURONS BLANKED.

SARNIA, Aug. 26.—"Red" Collins was going right this adjernoon and bested McMillan in a beautiful pitching duel in Port Huron, the Wolves ending their stay with a fifty-fifty split on the series. The Wolves carried off the contest, 3 to 0. Collins allowing the Hurons but three widely-scattered hits, the Hurons passing up the only two scoring opportunities they had through poor generalship with men on bases. McMillan pitched beautiful ball, holding the Wolves to four hits which were bunched in two innings, doing all the damage. Cuyler and Whaley, Eay City outer gardeners, made several sensational catches and helped a whole lot in keeping Collins in the game. Barring two innings. McMillan pitched superb ball, the game he turned in being good enough to win nine out of any ten ordinary ball games. The score:

LAST NIGHT FOR CHATHAM

(BY SEE S. GEE)

The British bowlers left the city last night, and if they were not a bit fatigued it wasn't the fault of the program arranged for them, because it was well loaded with bowling engagements and stuffed with banquets. How they managed to keep away from staleness on top of it all is perhaps more of a mystery than their bowling continued to be throughout the strenuous week. Inter-Club League a Cup To Be Presented Tomorrow. WEEK OF MATCHES

A cup which will be on exhibition at the game this afternoon between Alerts and Orients, who are playing off for the Inter-Club League championship at Queen's Park, has been put up by the Martin-Lyons Fuel Company.

The Alerts won the last game, 4 to 3, in ten-innings of close baseball, and another close game is looked for today. There are only the breaks between these two teams. If Alerts win again today another game won't be necessary. The amateurs out at Queen's Park are drawing crowds these days that would gladden the hearts of lots of pro-

would gladden the hearts of lots of pro-fessional baseball clubs within easy telephoning distance of Queen's Park, and it's a following that likes amateur ball a little better than the professional kind, and that makes for hot fanning. The Inter-Club League, besides its own following, has created a new bunch of fanse for this series, which is a fore-runner of a still bigger series when the city championship is played for.

Judge Landis, noted for his legal short-cuts, his ability to read human nature rather than Biackstone, would probably have taken half an hour to read between the lines at the Bay City meeting, and we personally lean to the view that his summary would have hear entry affecting to the resulting from the that his summary would have been quite different to that resulting from the DEFEATS ONEIDATOWN London's lacrosse team journeyed to Oneidatown yesterday afternoon, and played the Oneida Indian team a return exhibition game, winning by five goals to three. "Russel" and "Shimmy," the Jap Davis cup pair, had the Aussies scratching yesterday, and it is freely predicted they will enter against the American defenders. It will be hard shaking this pair off. While President Maines may have been preening himself yesterday on the results of the Bay City meeting, he may yet lose some of his feathers. President Heard will take steps today to appeal President Maines fine of \$500 for London not playing Kitchener.
