DODGE BROTHERS MOTOR CAR

A constant unremitting process of betterment has been Dodge Brothers policy from the first.

Consistent with that policy, the body lines of the car have recently undergone a new and distinctive revision in design.

The new radiator is singularly smart and graceful. The cowl is higher, and more vividly expressive of the car's roominess and abundant power.

Further improvements in the vital mechanism have notably increased the excess margin of strength which has always characterized the car in every rugged detail of its structure.
