HAWAII'S REVOLUTION.

Latest News Received by the Consul Here—American Protectorate Established.

Delegates From the Queen—Action of the U. S. Minister Discussed in Congress.

Mr. B. P. Rithet, Hawaiian consul in this city, received the following private telegram from San Francisco yesterday on the arrival there of the steamer Australia from Honolulu.

The Provisional Government has been maintained without disturbance anywhere. At the request of the Advisory Council on February 1, the American minister, in the name of the United States, assumed a protectorate pending negotiations at Washington.

San Francisco, Feb. 9.—The most important news brought by the steamer Australia is that Minister Stevens has established a protectorate over the Islands. At 9 o'clock on the morning of the 1st inst., the stars and stripes were raised over Aliouali hall, and the minister issued the following proclamation: "To the Hawaiian people—the request of the Provisional Government of the Hawaiian Islands, I hereby, in the name of the United States of America, assume protection of the Hawaiian Islands for the preservation of life and property, and the occupation of public buildings and Hawaiian soil as may be necessary for the purpose specified, but not interfering with the administration of public affairs by the Provisional Government. This action is taken pending and subject to negotiations at Washington."

Envoys extraordinary and minister plenipotentiary of the United States, Feb. 1, 1893. Approved and executed by C. C. Wilkes, Captain U. S. N. commanding the United States ship Boston.

The Advertiser says: At 9:30 a.m. on the 1st, the Boston's battalion was landed and set up to the Government building, where detachments from three volunteer companies of the Provisional Government were also drawn up. Lieut. Rush read the Hawaiian proclamation and the U. S. flag was saluted by the troops, marines and the guns of the Boston. The action was principally due, it is stated, to the incessant agitation on the part of certain whites, who, the Advertiser says, have always been the curse of the country, coupled with English and native newspapers, efforts to discredit and balk the new government.

Public confidence in the ability of the Provisional Government to keep order is manifest everywhere, as well as the disposition of citizens to co-operate in every possible way. President Sanford, Esq., on Jan. 26th issued a proclamation announcing that all powers, duties, etc., required of the Hawaiian Islands shall hereafter be void, and be performed by the Provisional Government, and that the Executive Council would perform the duties of the Cabinet.

The proclamation announced that if any person, recruit, soldier or sailor without Hawaiian Islands engage in armed hostility against the Government, or acted in any treasonable manner, he shall be punished by fine and imprisonment for not more than six months or more than six years. The proclamation also demanded that all persons in the employ of the Government should take the oath of allegiance within twenty days. The total damage done by the flood is estimated to approximate \$100,000,000.

SAN FRANCISCO, Feb. 10.—The correspondent of the Call at Honolulu sends the following in regard to the visit to the country of Paul Newman and Prince Kawananakoa, commissioners of ex-Queen Liliuokalani, who arrived here on the steamer Australia yesterday morning.

The facts relating to the object of the visit of the ex-Queen's commission to Washington City have been obtained from the very best authority and are hereby set forth: "A royal power of attorney, if it may be so called, or authority, has been prepared and signed in triplicate, in which the ex-Queen Liliuokalani, her husband and children, together with any claims she believes she still has in the proprietary ownership of Hawaii, lawyer, approved her commission to prevail upon the United States government to give her such relief and valuable consideration for such relinquishment. This document has been drawn up by one of the best lawyers in Honolulu, who is at the same time a staunch supporter of the provisional government. It is further understood that the document has been signed by the ex-Queen and her husband and children, and is in the possession of the United States government. QUEENSLAND FLOODS.

Brisbane, Feb. 9.—The floods have receded from most of the city districts, which are now covered with mud and slime. The water is horrible, and unless the city be cleared within a few days will undoubtedly become an epidemic.

The gunboats were left in shoal water by the sudden receding of the water, and now rest high and dry in the Botanical Gardens on the banks of the river. Early Monday morning a two-story frame house disappeared with all its inmates and has not since been seen.

Special constables have been sworn in to prevent the spread of great misery in the poor districts. The total damage done by the flood is estimated to approximate \$100,000,000.

WASHINGTON, Feb. 9.—Representative Blount, Chairman of the Foreign Affairs committee, is understood to be inclined against annexation of a protectorate, but would not say much.

Representative Harmer, of Pennsylvania, a representative member of the Foreign Affairs committee, said: "I think Minister Stevens' act was a prudent thing to do. I have approved of all that the representative of the Government have done in the Hawaiian Islands. I think American interests require that, and we cannot allow any government to step in. If it is necessary to annex the islands in order to exclude other governments, I am for annexation, and do not believe that I would object to it under any circumstances."

The discussion was continued by other members. Henry Irving appeared in London on Monday night in Tennyson's drama of "Becket." His acting was superb, and Ellen Terry, as Rosamond, was magnificent.
