# PROTECTION IN BRITAIN.

Mr. Lowther, in a long speech, stated that there is a rapidly increasing sentiment in Great Britain that the nation's financial policy is radically wrong. The Sultan of Turkey, he added, is the only ruler under heaven who has adopted the principles of the Cobden club. Continuing, Mr. Lowther remarked that within a year the two greatest republics of the world had gone through remarkable changes. The speaker then referred to the high character and great ability of President-elect McKinley, saying: would never have occupied his prominent position had not his name been associated with the most radical protective tariff ever framed in the United States. and the same can be said of M.
