his seat and his political future. What Popular opinion will have time to ton more can be asked of any one? But down before he is set at liberty. this proof was not to be given in the s this proof was not to be given in the course of his speech. It was to legal proof, under oath, by competent witness-e cs; before an impartial tribunal. About creats. Try them.

We submit it to be the duty servative party if this is not the fearless anguage of an honest and sincere man. Will any one say that a man who made such a statement as this in his place in has arisen. There are enough men of parliament did not believe in the case he independent and progressive views in was presenting, and was not honest in the house to form a government which

of the crown.

presenting it? No words of qualification doubtless the French government knows will command the confidence of the coun- are used. A partial failure to make good Frenchmen well enough to be the best his indictment would be a forfeiture of judge of the course that should be taken.
