## Vinol

The son says: "My father and mother owe their present strength and good health to Vinol. During the last two winters neither of them had a cold, and were able to walk farther and do more than for years. I think Vinol is perfectly wonderful. It certainly is the greatest blood-making, strengthening tonic for old people I ever heard of."

We want every feeble old person in this town to try Vinol. We will return their money without question if it does not accomplish all we claim for it.

## AN IMPORTANT MEASURE

It was mentioned in the despatches a few weeks ago that the legislature of New South Wales had enacted a law by which employers and employees could be punished for causing a lock-out or strike. The legislature was driven by this action to pass a law that disastrous results are following a strike of coal miners. Sydney was deprived of a portion of its gas supply at one time. Three hundred steamships are now lying idle in Sydney harbor. Under the new law the government took action this week, prosecuting fourteen delegates of the Board of the Miners' Federation, and securing their conviction, with a fine of \$500 each, or two months' imprisonment, for inciting the coal miners to strike. The colonies at the antipodes have been supposed to be the paradise of the workman. Laws in New South Wales have provided compulsory arbitration and also a minimum wage scale. But industrial peace does not follow. The decisions of Conciliation Boards have been rejected, and the courts have been frequently appealed to. Now there is a big strike, with most serious consequences for the country at large. The lesson seems to be that unless men—employers and employees—are reasonable and willing to give and take in settling differences, laws will make no difference. Canada has a labor law, but there have been some extensive strikes within the year—

—this.

Be sure and write 1910.

Let us all join in an endeavor to make 1910 Campbellton's banner year.

The lumber trade of this province last year turned out better than many had expected.

Australia has named her capital Yassandra. It sounds like a cross between a potent medicine and a breakfast food.

If a feline tells you Campbellton is dead, ask him what excuse he has for staying above ground or loitering near among the tombs.

The only trouble about boasting the servants girls to come out to Canada is that they won't stay servant girls long after they get out here.

Owing to the fact that the natives of the Congo will be busy gathering rubber, under compulsion, they will be unable to wear crapes for the late King Leopold.

A very effective way to boom Campbellton would be for the citizens to patronize Campbellton industries whenever it is possible. That is not done to the extent it should be in any line of business.

Sunday School Teacher—William, can you tell me who was the meekest man?

William—Yes, ma'am, Moses. Sunday—88-000! Teacher—That's right. Now, Tommy, can you tell me the name of the meekest woman?

Tommy—No, ma'am, there never was no meekest woman.

By special arrangements with the publisher the Graphic is enabled to present to each new subscriber paying in advance or to those subscribers now on our list who pay up all arrears and one year in advance, a handsome art picture.

We have three very handsome pictures to choose from:

A Faithful Friend. St. Cecilia. Homeward Bound.

Either of these are worthy of a place in any home and have only to be seen to be appreciated.

Below we present a rough black and white illustration of 'A Faithful Friend.' This picture has been a general favorite wherever shown and no doubt the demand will be heavy. The supply of pictures is limited and orders for them will be filled in rotation as received, until the entire lot is disposed of, so we would advise our friends to remit at once.

## Could Not Sleep In The Dark.

Doctor Said Heart and Nerves Were Responsible.

There is many a man and woman tossing night after night upon a sleepless bed. Their eyes do not close in the sweet and refreshing repose that comes to those whose heart and nerves are right. Some constitutional disturbance, worry or disease has so debilitated and irritated the nervous system, that it cannot be quieted.

Mrs. Calvin Stark, Rosemont, Ont., writes:—About two years ago I began to be troubled with a troubling sensation at night, when I would lie down. I got so bad I could not sleep in the dark, and would have to sit up and rub my eyes. They would become so sore. We doctor and my heart and nerves were so weak. I saw Milton's Heart and Nerve Pills advertised and got a box to try them. I took three boxes and can now sleep and sleep without the light, and can rest well. I can recommend them highly to all nervous and run down women.

Price 50 cents per box or 3 for \$1.25 at all dealers, or mailed direct on receipt of price, by the F. M. M. Co., Limited, Toronto, Ont.
