His Old Age Made Free From Suffering

BY GIN PILLS

ANNAPOLIS, N.S.
"I am over 80 years of age and have been suffering with Kidney and Bladder trouble for fifteen years. I took doctors' medicine but got no help. I want to thank you for sending me the sample box of GIN PILLS.
I have taken six boxes of GIN PILLS altogether but got relief before I had taken near that amount. I had to get up some nights every fifteen minutes and had to use an instrument before I could urinate.
Now, I can lie in bed four or five hours without getting up. I can say that GIN PILLS have nearly cured me and I shall always keep a box in the house."
W. H. PERCE.
Do as Mr. Perce did—write us for free sample box of GIN PILLS and see for yourself just how much they will do for you.—through the regular size boxes at your dealer's—50c, or 6 for \$2.50. Canadian Who Lost Sight in South Africa to Marry Daughter of Seattle Millionaire.

Ottawa, Feb. 25.—A marriage of much interest to Canadians generally will be consummated in the Methodist church at Waddington, N. Y., on Friday, March 3, when Trooper L. W. R. Mulloy, the blind hero of the South African campaign, will lead to the altar Miss Jean Munro, daughter of a Seattle millionaire, and herself the possessor of half a million in her own right.

Mulloy will be in the novel position of having never seen his bride, as the romance which culminated in the present engagement only began some years after he received the terrible injuries in the war, which resulted in his complete loss of sight, he having met her in London, England about six years ago.

Do you know that of all the minor ailments cold sore by far the most dangerous is not the cold itself that you need to fear, but the serious diseases these are known as germ diseases. Pneumonia and consumption are among them. Why not take Chamberlain's Cough Remedy and cure your cold while you can? For sale by all dealers.

NEW COINAGE

Ottawa, Feb. 24.—The first of the new George V. coinage to be turned out in Canada, was struck off at the Ottawa branch of the royal mint today. They are of English sovereigns for which the dies were received from England a few days ago.

If you have trouble in getting rid of your cold you may know that you are not treating it properly. There is a reason why a cold should hang on for weeks and it will not if you take Chamberlain's Cough Remedy. For sale by all dealers.

INCREASED LUMBER CUT

Henry D. Morris, of the Miramichi Lumber Company, has returned from the scene of the company's operations at Boistown and reports that the cut this season will be slightly in excess of that of last year and that conditions are excellent for getting the logs out, there being about three feet of snow in the woods in that district.

For Your Hair

Here are Facts We Want You to Prove at Our Risk.

When the roots of the hair are entirely dead and the pores of the scalp are glazed over, we do not believe that anything can restore hair growth.

Recall "48" Hair Tonic acts scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed and will not gum nor permanently stain the hair. We want you to get a bottle of Recall "48" Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out and promote an increased growth of hair and in every way give entire satisfaction, simply come back and tell us and without question or formality we will hand back to you every penny you paid us for it.

We lend our endorsement to Recall "48" Hair Tonic and sell it on this guarantee, because we believe it is the best hair tonic ever discovered. It comes in two sizes, prices 50 cents and \$1.00. Remember you can obtain it only at our store.—The Recall Store, Thos. Wran.

A MIGHTY DRAFT.

The Great Drink That Saved the Town of Rothenburg.

Whitsuntide of each year witnesses in the historic town of Rothenburg, on the Tauber, the acting of a drama which recalls a day in the Thirty Years' war, when the victories of Gustavus Adolphus had endangered the Catholic League.

Tilly came to besiege Rothenburg, which was in league with the Swedes. The town was at that time wealthy and well fortified, standing upon steep cliffs above the Tauber and having massive tower crowned walls.

Against this town came Tilly with great guns that soon put the place in his hands. The defenders of the place, however, contested every inch of ground. Not until the powder tower exploded, through a mistake of the enemy, did the Swedish garrison and citizens reluctantly hang out the white flag after a fight of thirty hours.

Tilly would hear nothing of terms of capitulation. The Swedes might withdraw, but unconditional surrender was demanded of the town.

When he had taken possession of the beautiful Rathaus he sent for the senate, with Burgomaster Bezel and his council, and announced their condemnation to death for their obstinate resistance and their disobedience to the imperial command.

In vain did the women and children crowd into the market place, throwing themselves at the feet of the victor and begging for mercy. Tilly had already summoned the executioner when some of the wives succeeded in penetrating into the council hall.

The conqueror at last allowed himself to be softened, but he coupled clemency with a clause that utterly made it of no avail. The prisoners should be spared if one of number could empty at a draft a loving cup of Tauber wine.

As the case seemed, the men were fulfilled by ex-Burgomaster Nuss, who thus saved his own, and the lives of his colleagues, which is of glass and held three quarters is to this day a possession of one of the lineal descendants of the mighty drink.

Of Christian Nations. The man of bearing the white form of has too often taken the form of the white man's pocket. If you wonder that the behavior of who are nominally Christians has been so atrocious, if not heinous, in the spread of Christ, the missionary comes preaching a gospel of justice and love and peace when the natives see how men who profess the religion will the missionary preaches the gospel of the white man.

African chieftains have described the contact of civilized men as the people in these words, "The white man, then, army, then trader, then missionary, then settler, then farmer, then politician, then capitalist, then monopolist, then robber, then thief, then murderer, then devil."

What, then, duty as citizens of Christian nations who desire to see the light of the gospel illumine the world? The force of the native opinion ought to be supported by those who try to exploit the native by getting hold of his land or by trading with him. It is not the power of a superior race, but the power of a superior race, that those who have been the sale of liquor or who, as times have passed, believe in to natives.

It ought to be our duty to keep a strict watch upon those who try to exploit the native by getting hold of his land or by trading with him. It is not the power of a superior race, but the power of a superior race, that those who have been the sale of liquor or who, as times have passed, believe in to natives.

JOSEPH. And You Know Always, Just the Signature of J. H. H. H.

Now—and Then

YEARS ago when none of us knew better we took our wheat to the village mill and our good friend the miller ground it for us the best he could.

It wasn't his fault if our wheat was mostly grits or if it was frosted or smutty. He did the best he could with the materials we gave him and the facilities he had for grinding.

The making of flour to-day is not a mere grinding process. The great Ogilvie Flour Mills of to-day are a vast commercial enterprise extending from ocean to ocean.

Royal Household Flour

is a world product. It is well known in Africa as well as in Canada. It is as much appreciated in the poorest household at home as it is in the Royal Household abroad. To make Royal Household Flour the product it is, involves vast capital and resources. Every advanced process, every modern device that can in any way improve the quality of Royal Household Flour is immediately adopted regardless of expense.

If the production of ROYAL HOUSEHOLD FLOUR was purely a milling process it would not be better than any good flour. But it is not the milling alone that makes it the finest flour in the world. It is the all embracing system of care and watchfulness and scientific knowledge that surround it at every stage from wheat field to kitchen.

Canadians may well be proud of Royal Household Flour. It is no small thing to have it to say that the world's most perfect flour is made in Canada from Canadian wheat and has become a world-wide factor through Canadian skill and capital.

"Royal Household" is head and shoulders above ordinary flour in quality. The best flour for Bread and Pastry is "ROYAL HOUSEHOLD". To try it is to prove it.

If you send in your name and address, also the name of your dealer, Ogilvie's Best for a 40c. containing 125 pages of excellent Recipes will be sent free of charge.

"Beaver" Flour

The growing child needs more good food at frequent intervals than the adult. Nothing is better and safer between meals than a slice of the good home-made bread. Formerly graham or whole wheat bread was favored; but Dr. Woods Hutchinson, the prominent hygienic writer, and other experts, have pointed out that the coarser flours are really less easily assimilated and are inferior in food value to the best white flour.

product uniting the merits of the coarser flours with the delicate, te, appetizing qualities appreciated by children and grown people. It is not a crude mixture, but an exactly proportioned scientific of Manitoba Spring Wheat and Ontario Fall Wheat. The famous itoba No. 1 Hard contains the gluten and proteids which build bone sinew, and we balance this with the right proportion of the best rio wheat, softer, whiter and richer in carbohydrates, to make a ct food. For bread, cake and pastry, use BEAVER FLOUR.
