Publishing a weekly newspaper at our subscribers to pay their fair price of \$1.00 per year is a losing game. While portion of the increased cost. There is this price was sufficient five years ago, for on and after July 1st, 1916, the prices of raw material, labor, equipment, etc., have advanced to such an extent that publishers are selling their product at a loss. This loss has had to be made up by increasing advertising rates, and from profits from the job printing department.

The war has further increased the cost of production and publishers are face to face with a heavy deficit in their subscription departments. It is not possible, even if fair, to further shoulder the increased cost upon the advertiser, so we have decided to ask

PROFESSIONAL

Will Brim First Kill Next Week.—A Needed Industry

The new brick making plant installed at the old brick yard at Mill Creek by the Maritime Automobile Co. is now running fairly satisfactorily, with temporary power, as the engine ordered has not yet arrived and two gasolene engines are being utilized in the meantime.

The capacity of the plant is 25,000 bricks per day, when working up to full capacity, and the company plans to manufacture a million brick each season.

This quantity of brick should be disposed of in this district, as Campbellton and vicinity use about 500,000 yearly.

The company plan to install a plant for pressed brick and drain tile at a later date.

About fifteen men and boys are given employment.

The first brick will be burned next week, after which all customers can be supplied as the demands arise.

LETTER OF CONDOLENCE

Mrs. Frank Gendron of Eel River Crossing has received the following letter from the members of B Company, 58th Battalion, of which her son, John Gendron, who was killed in action, was a member.

June 27th, 1916 Somewhere in France. Dear Mrs. Frank Gendron:

The boys of No. 6 Platoon, B Coy., 58th Battalion, send you this letter to sympathize on account of the great loss in which you have sustained in the death of your dear son John, who died in one of the hardest battles of the war. It is very sad to see one of our dear comrades go, but in this unhappy land where you see whole cities, towns and villages ruined and even cathedrals destroyed, it is a great comfort for us to know that our dear comrade fought for British fair play and righteousness. It will please you to know that while your boy was drafted out of the 58th Battalion to the 58th Battalion, he was not altogether among strangers, as half of B Coy. to which he belonged, was his old comrades in 58th, and the original 58th all treated him like one of their best friends, and speaking for myself and the rest of his old comrades, there never was a better soldier that left the 58th, and during his training I never knew him to shirk a duty, and he was always cheerful. In a cemetery not far from the scene of battle, your dear boy was laid to rest. It is a beautiful place surrounded by nice trees, and where the little birds sing so sweet, and on his grave is erected a cross with his name in full on it. And now dear Mrs. Gendron, we pray that our loving Father will comfort you in your great loss, and that time and heaven alone will be balm for your sadness.

Yours sincerely, Written by ALBERT LECLAIR, No. 445465, On behalf of No. 6 Platoon, B Coy., 58th Batt.

"FRUIT-A-TIVES" Brought The Joy Of Health After Two Years' Suffering

MADAM LAPLANTE

85 St. Rose St., Montreal, April 4th. "For over two years I was sick and miserable. I suffered from constant Headaches, and had Palpitation of the Heart so badly that I feared I would die. There seemed to be a lump in my stomach and the Constipation was dreadful. I suffered from Pain in the Back and Kidney Disease.

I was treated by a physician for a year and a half and he did me no good at all. I tried "Fruit-a-tives" as a last resort. After using three boxes, I was greatly improved and twelve boxes made me well. Now I can work all day and there are no Headaches, no Palpitation, no Heart Trouble, no Constipation, no Pain or Kidney Trouble and I feel like a new being—and it was "Fruit-a-tives" that gave me back my health.

MADAM LAPLANTE, 85 St. Rose St., Montreal, P. Q. Do a box for \$2.50, trial size, 25c. At all druggists or sent postpaid by Fruit-a-tives Limited, Ottawa.

SUNDAY MORNING EARTHQUAKE

Chatham, among other reasonable luxuries, indulged in an earthquake last Sunday morning. It came at 5 o'clock, before most of the people had risen for early prayers. Beds were shaken and dishes rattled. The shock was distinctly felt by people who were awake at the time, and many persons were awakened by it. A large meteor, a ball of fire, was seen to rush through space at the same time, apparently not far above the earth.—World.

Local Druggist Repairs What Famous Surgeons Cannot Touch

Shattered nerves are beyond the reach of the Surgeon's knife. What will repair them? Dozens of people right here in your home town will bear testimony to this fact that Zoetic—the health tonic—has set them on their feet again. This famous combination of glycer-phosphates—the actual element of the human body—Cod Liver Oil and delicious tonic wine, supply the very elements that worn out nerves require. In a quiet way the action of Zoetic is truly marvellous. Without a trace of narcotic it induces sound sleep. And following that, better and better digestion. And following that a final and complete rebuilding of the nervous system drained of vitality. Two weeks' faithful use of it will convince you. Because you have been so often misled, expecting much and receiving little, we offer outright to refund the purchase price of Zoetic if at the end of two weeks you cannot report real progress toward better health. Start trying it to-day. Sold by Thomas Wran, Distributing Agent.
