emselves a good deal of work for the next few weeks. They have in hand a carnival on the 26th inst., the annual ball on a date To the Editor of the Maritime Farmer:

Sir,—In the issue of the Farmer of 4th
Nov., 1885, I denied a slanderous charge
made against me in Prince William, by
Samuel Scott of Pokiok Settlement, he giving Hon. James Mitchell as his author. So
that there may be no misunderstanding as
to the wording of the charge, I took it from
Mr. Scott verbatim, as follows:—"That
I, Leverett Estabrooks, had asked the Blair
Government for a seat in the Legislative
Council, and that if appointed I would become a supporter of that Government." And
in asid article I also said. "I now challenge the Editor of the Maritime Farmer yet to be named, matches with the St. Andrews and Thistle Clubs at St. John on Thursday Feb. 4th, with the Truro Club at Truro the following day, and a match with the Newcastle Club here some time in February. The rinks selected to play the Thistle, St. Andrews and Truro matches are as follows:—(1) J. D. Macpherson, T. C. Al-Government for a seat in the Legislative Council, and that if appointed I would become a supporter of that Government." And in said article I also said, "I now challenge their assertion, giving the name of the individual to whom they say I applied, also the time and place."

Two months had nearly elapsed when in the Gleaner of Dec. 30th, over the signature of Samuel Scott, he is made to say. "I am informed by the Hon. F. P. Thompson, that Tribleties CASH. 1873. GRIP! 1885. Canada's Comic Journal.

THE aim of "GRIP" is to set forth, in an impartial and independent manner, the passing events of Canadian political and social life.

Its cartoons speak more definitely and more pleasingly than whole columns of editorial. In this pungent, easily appreciable, and artistic style of presenting a subject, the whole situation is revealed at a glance. The success of Grip shows how well this fact is appreciated—its Cantons on the passing political events of the contry being even more eagerly sought after than the chaste and humorous letterings of the paper,—though the latter is equal to that of any similar publication on the continent.

The publishers of Grip are making extensive improvements for 1886. The old cover is to be discarded, and the journal will hereafter comprise 12 pages, and be printed on heavy toned and calendered paper,—every number being so artistically executed as to compare favorably with the best papers of the kind on the continent. The advix will be compressed and more systematically arranged; while similar improvements will be made as to the letter-press, a new and handsome design will adorn the title-page; while the Cartoons will certainly not suffer from extensive improvements in the artistic department.

The price of (Grip will hereafter be \$3 a year,

The price of (77p will hereafter be \$3 a year, which is lower dann that of any paper of the Rind in America;—most of them selling for \$6. Single number of Grp will be 16bents.

Twice a year, at Midsummer and Christmas, a beautiful shecial number will be issued, the number of pages being increased, and pleasing teatures introduced,—particulars of which will be given in preeding issues. These numbers will be presented to subscribers without extra charge. GRIP'S PLATFORM;
