The Wonderful Progress and Increase of Population Enables it to Claim the Title of a Town-Numerous Fine Build-ings in Course of Erection-Prosperous Business Men. # Roudi t. Barels Carlelton Place, in the county of Lanark, Carlelton Place, in the county of Lanark, has of late years progressed so vigorously, that it seems destined to dispute first place with Parth and Smith's Falls before, many years have passed over. Its progress has not been spasmodic, but gradual and ap-parently permanent. This year the assess-ment roll shows a total assessment of \$705,-635, and a population of \$164. It has remained a village up to the present but we understand the requise steps are being taken to exact it

the requiste steps are being taken to erect it into a town. This season, though complaints of depression are common in many towns, buildings can be seen in course of erection in every part of the town, indicating vitality and matenal prosperity. and material prosperity. The town is situated on the Mississippi about half a mile below a beautiful lake of the

same name, and 20 miles north of Perth, the county seat. The first settler, who was named Edmund Morphy came in 1818. Two years lifter a Mr. Coleman erected what way the after a Mr. Coleman created what way the only grist mill for many years between Perth and Bytown. In 1890 the name was changed from Morphy's Falls to Carsiton Piace. It was incorporated, as a village in 1870, and as the chief dates and by ciphers and are con-sequently divisable by decades it will be a "own in 1890, and probably a city in-but we will leave this to the local press. Its substan-nal growth can be seen as also increase of population, the official census in 1871 being 1205, in 1880, 1990, and the present year 4164. There are few provincial towns which have experienced such a rabid growth within the came period of time. The Mississippi is about 300. fest wide at this point, with a fall of about 20 feet within the corporation, and furnishes almost unlimited water power. To this, combined with the stablishments of various importantandustries, and its becoming various important and useries, and its becoming a centre for the sailroads leading to all parts Se Contral Canada, its rapid progress is chiefly to be attributed. Another factor in its prosperify however is the spirit of industry ise on the part of the cit themselves.
