STARVED NERVES

The Cause of Neuralgia—It Must be Treated Through the Blood.

Neuralgia is the cry of the nerves for more and better blood. It literally means that the nerves are being starved. Like every other part of the body, the nerves receive their nourishment through the blood. There is therefore no doubt that Dr. Williams' Pink Pills will cure the worst cases of neuralgia. They actually make new, rich blood, carrying to the starved nerves the elements they need, thus driving away the sharp, torturing pains which nearly drive the sufferer wild. So many cases of neuralgia have yielded to treatment through Dr. Williams' Pink Pills that every sufferer from this dreaded trouble should lose no time in giving the Pills a fair trial. Mrs. Sophia H. Johnson, Mozan, Sask., says: "For upwards of ten years I was a periodical sufferer from neuralgia. It located in the side of my face and in the jaw, which would actually click every time I opened or closed my mouth. At times the pains would almost be unendurable, and as time went on, my whole nervous system seemed to be affected. I was constantly doctoring, but the doctor did not seem to be able to give me permanent relief, and at last I decided to try Dr. Williams' Pink Pills. I got half a dozen boxes, and before they were half gone I felt much better, and by the time I had used them all every symptom of the trouble had gone, and I was enjoying a comfort I had not known for years. I have since remained in the best of health, and can only say I owe the joy of living without pain to Dr. Williams' Pink Pills."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

THE STANDARD BANK OF CANADA

Every Department Is fully Equipped to ensure Prompt and Efficient Service.

Savings Bank at all Branches

There being no appeals from the Assessment roll a court was not required, and the assessment was confirmed. Council adjourned to meet June 24th at 10 a.m. to again consider the Williamson drain, report and general business.

His Honor D. F. Macwatt has reduced Stewart's assessment \$163.85. It was \$377.50 therefore it stands at \$213.75. This \$163.85 His Honor adds to the Assessment of the Township making it \$374.75 but as the \$50 damages paid, Stewart in 1910 and the \$25 costs there with were charged to the Township, the Township's Assessment is actually \$649.75. His Honor makes a proviso if this is not satisfactory he will call another Court and hear evidence where this \$163.85 should be placed.

COMMUNICATIONS.

[We do not hold ourselves responsible for opinions expressed by correspondents.]

To Whom It May Concern.

TO THE EDITOR OF THE GUIDE:

May I use a small space in your valuable paper to give the citizens of our town a slight idea of the arrangement in general of the new street lighting contract?

Being in a position to know the details of the contract I feel it a duty to the citizens to give them an idea of what the council purpose doing in the matter of street lighting for the next five years to come.

I am of the firm impression that the public in general and the merchants in particular will be much disappointed with the new lights on Main St.

Although our Main St. is fairly well lighted now, it is by no means overdone. What then will it look like with less than half the light? The new contract for five years says half the light must do our main business street. On the whole arrangement (not Main St. alone, but on the entire system) the corporation will effect a saving of simply \$140.00. How does it look to you? Less than half the light in our town to save \$140.00.

If the new arrangement would effect the operating expenses of the town and lower your taxes and mine to the extent of a dish of ice cream or a glass of lemonade, it wouldn't be so bad. I do not wish to convey the idea to any one that I am registering a "kick" or in any way finding fault with the good efforts of the present council, but Mr. Edloor, thanking you for your kindness in the matter, I can't but think the new arrangement for Main St. is somewhat of an error.

The Little White Tent.

EDITOR GUIDE-ADVOCATE:

On the grounds of Lambton's House of Refuge stands a little white tent. Beside it basking in the sunshine is John McPherson breathing the air of freedom and God's own fresh air. This is as it should be.

The mills have been grinding. What think you, Fossie? Reeve Stapleford brought this matter (referred to in previous issues of the Guide) to the attention of the County Council at its recent session. He put forth a manly plea for humanities' sake and had our County Fathers support him almost to a man. One County Father said he had not lived in Warwick for 19 years.

Oh! William! William! Dr. Bruce Smith, Inspector of Charities, appeared on the scene and ordered that this one of Lambton's wards should be removed from jail and kindly treated at the Refuge, remarking that it was evident that the officials wished to "hand pick" the inmates.

All honors to the Reeve of Watford! It is refreshing to know that we have arrived at such a stage of civilization that the community at large will not tolerate such treatment as has been handed out to this unfortunate man.

GEO. SUTHERLAND, Clerk.

From Old Subscribers.

Albert Clark, Allan, Sask.: "Enclosed please find renewal subscription. Am a little late but will do better next time. Had a good spring. Crops look good, and have had plenty of rain."

F. Burton Kenward, D.D.S., of San Francisco, Cal., writes—"I am sending my subscription, with many apologies for delay. The paper is read with pleasure, not only by ourselves, but by Mrs. Kenward's grandmother, who is 92 years old. I must say that I notice an improvement in paper lately and think the merchants ought to back up a paper that stands by them as your paper has been doing lately. I notice you have been having some real hot weather back there already. It has been quite a cool spring here, no real warm weather yet."

While working in his planing mill Thursday afternoon, W. J. Travis, lumber dealer, Wyoming, aged about 65 years, met with a painful accident. While engaged in sawing a board, his right hand came in contact with the buzzsaw, severing the index finger and lacerating the second finger. The wound was dressed by Drs. Reid and Kidd, and Travis is doing as well as can be expected, although weak from loss of blood.
