

An Exhibition of Power Spraying in an Oxford County Orchard.

The power spraying conducted during the past summer under the direction of the Dominion Fruit Division, Ottawa, in a number of orchards near Ingersoll, has resulted in a marked increase in the yield of fruit. A permit was granted to the Dominion Fruit Division to visit a number of the orchards that had been sprayed to compare them with others that had not been sprayed. The spraying was done by Mr. W. H. Haggerty, secretary of the Fruit Growers' Association, and a Canadian Fruit Culturist, who was in the company of the Dominion Fruit Division. Mr. Haggerty was holding the nozzle in the right hand, and Mr. Haggerty was holding the nozzle in the left. At the foot of the
