

of them belong to Christian mothers, and all three attend our Church Sunday School, so we will still have a care over them.

The English Bible classes with the young men have been kept up, and have been very interesting. One young man, a normal student, who is in Miss Wigle's class, has asked for baptism, and two in my class are almost decided.

The social side of the work has claimed considerable of our time. Over two hundred and thirty-four visitors have been received in our home.

I have visited at all the homes of the kindergarten children, and at a good many of the homes of the school girls. The way is opening up, and we see many more opportunities than we are able to take up.

Asking for an interest in your prayers that the Father may continue to use us in His service here,

EVANGELISTIC WORK.

Report for the Quarter Ending March 31st, 1900.

TOKYO.

We are glad to be able to report an addition to our number of workers. Mrs. Kataoka, who has had six years of experience as a Bible-woman in the South, has been put in charge of the Ushigome District.

Kubo San is failing fast, still she works when she can. She is much loved and respected by all who know her, and will be greatly missed when her work is done.

A former pupil of our Azabu School, who is living in the Atagoshita District, has of late used her influence with success in getting a number of the neighbors to come to her home for a mothers' meeting. We trust it will be the means of much good.

The unusual severity of the cold this winter, the frequent snow storms, and the wide-spread prevalence of influenza, brought the attendance at the women's meetings during January and February down to two or three, a few times one only, so that the quarter's average is very small. I suppose the same reasons account for the smaller attendance at our Sunday children's meetings.

A few weeks ago Mrs. Hayashi succeeded in getting a children's meeting started in a part of the city where no Christian work is being done. There were twenty-six children and a
